BEQUESTS

The Minister is ordered from time to time, to advise the People, whilst they are in health, to make Wills arranging for the disposal of their temporal goods, and, when of ability, to leave Bequests for religious and charitable uses. (Prayer Book, page 320.)

Bequests in our wills make it possible for us to continue our interest and support of the Church's work, and give to the Church more power and stability to do what our Lord commands us to do. Bequests for mission churches are administered by the Diocesan Council and the Council will also gladly administer funds left to parish churches or other diocesan institutions.

Your lawyer will help you in making your will. He will want to know that the following form of bequest is the appropriate one. You may want to add any special purposes for which you wish your bequest to be used, or some particular parish or mission church you want the help to go to. The Council, of course, is bound to abide by your decision.

FORM OF BEQUEST

I hereby give, devise and bequeath unto the DIOCESE OF OLYMPIA, INC., a corporation organized and existing under and by virtue of the laws of the State of Washington, for religious, educational, and charitable uses, the sum of \$.....

Canon 17

STATED OFFERINGS

It is hereby made the duty of each minister in charge of a Parish or Mission in the Diocese, and, in the absence of any such minister, the duty of the Vestry or Bishop's Committee, to take the following offerings at the time and for the purposes hereinafter stated:

(a) The Church School Advent Offering, for special Diocesan purposes designated by Diocesan Council. This offering is independent of the assessment, and is not to be considered a part of this.

(b) The Church School Lenten Offering for special missionary purpose designated by the National Council.

(c) An offering on Thanksgiving Day or the Sunday previous to or following, for the Diocesan Emergency Fund or for such other purposes as the Convention or Council may determine.

(d) An offering for the Bishop's Discretionary Fund on the day of the canonical visitation of the Bishop.

Resolution—May 23, 1955

The annual offering now raised in our churches to further the work of education for the ministry of the Church, on a day known as Theological Education Sunday, to be divided equally, one-half to the Church Divinity School of the Pacific, and one-half at the discretion of the clergyman in charge, to the seminary or seminaries represented on the staff of the church in which the offering is taken. In the event of a vacancy in a parish or mission the entire amount of the offering is to be given to the Church Divinity School of the Pacific.

BE IT RESOLVED that in order to meet the opportunities for Christian service and mission in the Hilltop area at Tacoma, and in order to provide a more flexible and responsive ecclesiastical structure to meet said opportunities,

BE IT RESOLVED that the petition of the Church of the Holy Communion to be a

mission of the Diocese of Olympia be granted, and that said congregation be declared a mission of the Diocese forthwith.

Canon McNeil said that the Committee had considered this request with the bishop and the chancellor. The chancellor had confirmed that in order to meet canonical requirements, the change in status must be approved by the Church of the Holy Communion, given at a stated regular meeting of the Parish, called for this particular purpose.

The Committee recommends that this resolution be passed subject to the said approval of the requesting Parish of the Church of the Holy Communion; but that on the request of the Bishop and the Chancellor, Canon McNeil asked that the vote on this Resolution be deferred until the following day.

REPORT OF THE TREASURER OF THE DIOCESE—The Report was submitted by
The Report was submitted by title.

REPORT OF THE VICE-PRESIDENT OF THE DIOCESE

Dr. Hodges reported that the Diocesan Investment Fund has passed the million dollar mark. He pointed out the importance of the Nevius Fund, which is moving toward \$600,000. Dr. Hodges said, "The building program and the real estate operation has remained my responsibility, and I commend the parishes and missions on the manner in which they have handled their mortgage payments; This has also been noted by the bankers downtown". He then asked for a hand of praise to the congregation of St. Martin's, Rockport for their faithful completion of their commitment to the Nevius Fund.

Dr. Hodges spoke on the plans of the Diocese in the urban renewal program and emphasized the importance of this program. Special mention was given to the Hilltop program which is going forward in the Tacoma area. He said, "The Tacoma project will not be a mission as we know it—we hope it will be a Church service center for the area. We have interim funds available through the Diocese and the strength for financing downtown".

Personal comment: "It is difficult to face up to change. The Church has to involve itself where the people are. The state of Washington has the highest rate of urban living, 29% in the suburbs, 32% in the country. We have to put our money where the action is. Now is the time to act. Holy Communion is a step in the right direction."

REPORT OF THE REGISTRAR AND HISTORIOGRAPHER

The Report was submitted by title.

REPORT OF COMMITTEE ON BISHOP'S ADDRESS

The Rev. Charles B. Atcheson presented the report of the Committee on the Bishop's Address:

The Committee on the Bishop's Address notes the Bishop's call to the Convention and people of the Diocese for a new obedience and commitment to the whole ministry of Christ in the world of today. The Bishop has pointed out how we as a Diocese have begun to respond to that full ministry with such programs as Bishop Lewis House, the Rumor Center, the Pastoral Institute, the Ecumenical Metropolitan Ministry, and inner-city day care.

The Committee urges the Convention to recognize that even to pass an imaginative Diocesan program is not enough. The specific charge of the Bishop is that we must break out of the Church and take this ministry IN PERSON to the world as Christ did.

We further note the Bishop's gracious acknowledgement of the work of his staff and co-workers.

The Report was moved by the chairman for acceptance. It was seconded and carried.

REPORT OF THE CHARLES WRIGHT ACADEMY

The Report was submitted by title, with a supplementary report from the Rev. John Backus, Chaplain:

Father Backus called the Convention's attention to the fifth paragraph of the written report – the Student Council's involvement in the summer day camp program for underprivileged youth from the Hilltop area in Tacoma, and stated that the students saw the need and asked to become active financially and otherwise. Fr. Backus' personal comment, "I would like to say, look at us!"

REPORT ON EPISCOPAL SERVICE FOR YOUTH (FAITH HOME).

The report was submitted by title.

REPORT OF THE BOARD OF RETIREMENT HOME.

The Venerable Rudolf Devik Reported for the Board:

The Retirement Home Corporation met during the year 1967-68 to do its regular business and to consider proposals brought before it.

The regular business was to re-elect Mr. Gerrit Vander Ende of Tacoma as vice-president, the Venerable Rudolf Devik as secretary and Mr. Thomas Brook as treasurer.

During the course of the year lower-income housing projects were brought to the attention of the Retirement Home Corporation. The Board deliberated the possibility of becoming the mortgager corporation for these projects for which the Diocese of Olympia, Inc., is the sponsoring corporation.

The Board felt, however, that the charter of the Retirement Home Corporation precluded its involvement with any housing except that primarily for retired persons. The Board therefore suggested that, for other diocesan-sponsored housing projects, separate mortgager corporations be incorporated which could work under the terms of the National Housing Act. The officers of the Corporation were asked to carry this decision to the Diocesan Council.

Diocesan Council, upon receipt of this decision, requested the Bishop to appoint an *ad hoc* committee to address itself to the problems involved in establishment of Church-sponsored housing for retired persons. This the Bishop did, appointing the Rev. Canon John B. Lockerby chairman of the committee.

This committee has met. The recommendations presented by its chairman to the Diocesan Council, and the action of the Council are included in a resolution which is to be presented by the Committee on Resolutions.

COUNCIL'S RECOMMENDATION TO CONVENTION RE: DISPOSITION OF RETIREMENT HOME FUNDS:

It is felt by the Diocesan Council, and in the absence of knowledge to the contrary, that the Diocesan Convention controls the Retirement Home Funds. This fund now totals \$226,771.88.

It is the wish of the Bishop to react positively to resolutions put forward by the Diocesan Convention, and to make the best use of these funds for the purpose for which they were given.

It is the position of the Diocesan Council that this purpose may best be met by working within the existing and the proposed housing programs of the Federal government. These provisions provide many new options for providing financing for retirement homes.

The Council feels that the once-a-year meeting of the Convention prohibits the use of any funds which are solely under the Convention management.

There is a need to:

1. Have the possibility of quick response to the opportunities which the Diocese will find open to it.
2. Be able to decide how these funds can be best used in accordance with the desires of the donors.
3. Use the new possibilities available in Federal and private financing programs.
4. Understand that money given the Diocese of Olympia for Episcopal Retirement Home is interpreted as being Retirement Homes managed by the Episcopal Church.

Therefore, it seems best to the Diocesan Council to suggest to the Diocesan Convention that the control of the retirement home funds and the responsibility for acting be specifically given to the Board of Trustees of the Diocese of Olympia, Inc. (The Bishop and Council of the Diocese).

The Bishop asked if any member of the committee wished to add to this report.

REPORT OF PROGRAM AND ADMINISTRATION.

The Report was submitted by title and the introduction of the Rev. Don Maddox, vicar of St. Nicholas' Mission, Tahuya. Father Maddox is a non-stipendiary priest who has recently started this new mission, at the request of the people in the area, and with permission of the Archdeacon and the Bishop.

REPORT OF THE EXAMINING CHAPLAINS.

The Report was submitted by title and supplementary report by the Rev. Canon Frederick Schilling.

Canon Schilling emphasized the fact that included in the last group of candidates examined for the diaconate, were four men who were Huston School of Theology students for three years. They passed the standard examinations and became deacons on a non-stipendiary basis. Canon Schilling commented, "This looks forward to an enlargement and enrichment of the Church".

REPORT OF THE CHURCHWOMEN.

The Report was submitted by title. The new president, Mrs. Taft Ring, was introduced.

REPORT OF THE DEAN AND CATHEDRAL CHAPTER.

The Report was submitted by title and a supplementary report from Dean Leffler was given by Dr. Barnes.

It has been quite obvious over the years both to the Bishop and Dean and the Chapter and Vestry, that the problem of maintenance of the fabric of Cathedral property has been a constant budgeting problem. The parish has adequate resources to operate the Cathedral program. Yet repeatedly we have run sizable deficits because of emergency maintenance problems or been forced to defer things needing to be done. Thousands of dollars of undesignated bequests have had to be used to balance budgets instead of being added to capital.

It is quite clear that the answer lies in an adequate Endowment of at least \$500,000. The \$90,000. we have had in Endowment is too little.

Therefore, it is with great joy and gratitude that I have the privilege of announcing to this Convention the receipt of two very generous gifts for Endowment use received in 1968:

1. At the beginning of the year, Mr. and Mrs. Joshua Green gave to the Diocese in trust for the Cathedral, a gift of \$100,000. in memory of Mr. Green's mother Bentonia Neville Johnston Greene a founder of St. Mark's Parish. The gift is designated to fulfill the original plan for a columbarium in the Cathedral Crypt for the reception of the cremated remains of church people. As space is sold the

money will be invested for the Joshua Green Endowment Trust the income from which to be used for the support of the Cathedral. Some of the work has been completed; we now await the unending red-tape involving a permit for the installation of the niches.

2. On September 30 a second gift of \$100,000 was made to the Diocese as trustee for the Cathedral for Endowment purposes. It comes from one who for years has been vitally interested in the well-being of the Cathedral, though not a member of the congregation. This is but the latest of many generous gifts for Church purposes. You know the donor well. He is James F. Hodges, formerly Treasurer and the retiring Vice-President of the Council of the Diocese of Olympia.

It is impossible for me to express my personal gratitude to these two friends who have never failed me in my years as Dean. We now are better than half-way toward our minimum goal of an Endowment of \$500,000. God is indeed good; and he works through such as these.

Respectfully Submitted

John C. Leffler

Dean of the Cathedral

A standing ovation was given to both Mr. Green and Dr. Hodges.

BALLOTING

Ballots were passed to the delegates for the 2nd voting for one clergy and one lay person for the Standing Committee. The Polls were closed and the Bishop announced a 15 minute recess.

REPORT OF THE GIRLS' FRIENDLY SOCIETY.

A written Report was submitted for record in the Journal of Proceedings of the 58th Annual Diocesan Convention by Elizabeth O'Reilly and Mabel Eng, Co-Chairmen.

Each year in GFS becomes more memorable for the leadership. 1967-1968 was no exception.

Three new teenage groups were started during the past year. These girls meet in joint sessions at a dinner meeting once a month, with teens from other parishes. It's quite a sight to see them working on a service project together, and then taking a "guitar break" for the singing of some folk songs!

Our highlight of the year, of course, was the two annual week-end camping sessions held at Buck Creek Conference Grounds last Spring. One camp was held for Juniors (with teens acting as counsellors), and a later one for teens alone, with non-member teenage girls also invited to attend. In each case, a theme was followed throughout the weekend stressing our responsibility in human relationships within our communities. We thank the Churchwomen for their contribution to our scholarship funds for camp. This contribution, together with others received from individuals and groups throughout the Diocese, enabled seven central area girls to attend camp.

The Rev. Lincoln Eng, who is head of our Diocesan Youth and Camping Program, was also appointed by Bishop Curtis to assist GFS work in the Diocese. We hope our publicity program will develop more interest throughout the Diocese. Visitors are always welcome to attend the meetings of leadership held at the Diocesan House at 9:30 a.m. the first Monday of each month. And, any of us would happily talk with you personally about this youth work, or present programs to group meetings.

Lastly, we would like to say that witnessing the warm friendships that grow through GFS membership is a wonderful reward for the women who provide the leadership for these girls. Members become better acquainted with other girls in their own parish, as well as from other parishes. Or, as one leader overheard during the city-wide Rally Day from a happy new GFS'er: "Wow! I didn't know there were so many 'piscopals!'"

OBJECTIVE VI.

It was moved and seconded that Objective VI be adopted.

A motion was made by Mrs. Noah and seconded, as follows: In the Bishop's address last night he emphasized our Christian duty to serve those outside the four walls of our own church, with which I am in full accord. But I do feel that we should also do something for those who serve us, the faithful cargo of office personnel working for the Diocese. We who work in private employment all have been given raises in salary, perhaps not yearly, but regularly. These Diocesan workers have worked many years with only one increase in pay. I move that these faithful and dedicated workers be given a raise to be effective for the current year commensurate with the cost of living today and commensurate with similar employees in other fields.

An amendment to the motion was made and carried that the matter be referred to the Diocesan Council for their consideration. The motion made by Mrs. Noah was defeated.

The motion to accept Objective VI unchanged was carried.

It was moved, seconded and carried to accept the Program Budget for 1969 in toto, less the amount of \$4,200.00 removed from the Stewardship Program.

RESPONSE TO THE BUDGET by the Rev. Albert Allen, rector of St. Elizabeth's, Burien.

To: The Bishop of the Diocese
The Members of the
Diocesan Convention of 1968, and
Whomever else it may concern:

As an act of faith, the Parish of St. Elizabeth, acting through its Vestry, in lieu of its assessment and quota for 1969; pledges the first twenty percent (20%) of its gross income to the work of the Church outside the Parish through the Diocese and the National Church: said Pledge to be paid to the Diocesan Treasurer each month during the coming year.

We take this action in all humility and faith, praying that it will lead the way for other congregations to tithe of their income; and, that in the near future, the entire Diocese may dispense with the quota-assessment system with its inequities and its failures.

We believe that as we ask each member to have the faith to be tithing stewards, we can do no less than to act with the same faith.

Fr. Allen further stated that St. Elizabeth's figure their assessment at 16% of their budget. 20% would be an increase.

The Bishop's Address — Convention, 1968

MY BRETHREN IN CHRIST—

Grace be unto you and peace from God our Father and from the Lord Jesus Christ. In this octave of All Saints may we stand and call to remembrance with prayer the faithful followers of Christ who have gone before us into the life to come.

From our Diocesan Family, we remember the **Rev. Robert Henry Parkes**, retired, who for four years was Vicar of the Church of the Epiphany, Chehalis. The **Rev. Canon Gennosuke Shoji**, ordained in this Diocese, who spent most of his ministry in this Diocese, first Vicar of St. Peter's and Canon of Honor, died at the age of 88.

Mrs. Agnes Morgan, wife of the Rev. Sidney Morgan, retired, a devoted worker in St. Andrew's, Tacoma and St. John's, Tacoma.

Mrs. Arthur Fullerton, of St. Andrew's, Port Angeles, beloved wife of the Rev. Arthur Fullerton.

Mrs. Ivan Hyland, widow of the former Chancellor of the Diocese, daughter-in-law of Peter Hyland, the pioneer priest of this area, devoted churchwoman and member of St. Mark's Cathedral since its founding.

Mr. Willard Yeakel, member of St. Augustine's-in-the-Woods, Freeland, wearer of the Bishop's Cross, chairman of the General Convention Committee.

Mr. Albert Tomhave, member of St. Luke's, Seattle and business manager of that church for the past three years.

Mr. Bruce Coulthurst, of St. Paul's, Bellingham; confirmed by Bishop Keator in 1911, faithful layman, vestryman, senior warden, who participated in the election of three bishops of the Diocese of Olympia.

Mrs. Grace Wells, of St. Paul's, Bellingham—a regional officer of the Diocesan Churchwomen, delegate to Synod and Diocesan Convention.

Mr. Joseph H. Lewis of the Church of the Epiphany, Seattle, long time vestryman senior warden and faithful layman.

Mr. Ainsworth Blogg, long time member of Trinity, Seattle; vestryman, senior warden, lay leader at the parish and diocesan levels.

Miss Elizabeth E. Patterson, parish and diocesan Altar Guild member and Daughter of the King, of Trinity, Seattle.

Mr. Edward Thornton, long time member and treasurer of St. Michael's and All Angels, Issaquah.

Mr. Richard T. Olson, Chancellor of Christ Church, Seattle, often a vestryman, senior warden, Lay Reader and many times a delegate to this Convention.

Let us pray: Remember thy servants, O Lord, according to the favour which thou bearest unto thy people, and grant that, increasing in knowledge and love of thee, they

may go from strength to strength, in the life of perfect service, in thy heavenly kingdom; through Jesus Christ our Lord. Amen.

Next I should record the changes in the clergy since the last Convention.

Letters Dimissory have been issued, transferring the **Rev. J. Irwin McKinney** to the Missionary District of Honolulu; the **Rev. John A. Langfeldt** to the Missionary District of Utah; **Deaconess Marilyn A. Snodgrass** to the Missionary District of Alaska; the **Rev. William P. Burnett** to the Diocese of California; The **Rev. Justin Sargent Edwards** to the Diocese of California; the **Rev. John J. G. van Moort** to the Diocese of Arizona; the **Rev. William J. Marner** to the Diocese of San Joaquin and the **Rev. We welcome these men to the Diocesan clergy family. We also welcome those who were ordained—to the Diaconate the **Rev. Oliver B. Skanse**, the **Rev. Jack N. Bigford**, the **Rev. Verle E. Helsel**, the **Rev. Orme S. Kellett**, the **Rev. Stephen Norcross**, the **Rev. J. Norris Pearson** and the **Rev. Homer H. Smith**. To the Priesthood the **Rev. Ralph R. Carskadden** and the **Rev. James M. Phinney**. The **Rev. Alan E. Mack** by Bishop Hallock at my request.

One man has been deposed. One man has been suspended.

When I returned from Lambeth it was my pleasure to dedicate four new church buildings—St. Philip's, Marysville; St. Paul's, Bremerton; St. Andrew's, Tacoma; and St. Margaret's, Newport Hills. They are attractive, functional and a credit to us all. I appeared in nine different places in the Diocese and told the Lambeth Story to thank you all for making the trip possible for Mrs. Curtis and myself.

On October 5, I presided at a service in St. Mark's Cathedral and ordered six men to the Diaconate. Five of these men are graduates of the Huston School of Theology and are now serving as non-stipendiary Deacons. A description of the Diocesan Program is in your hands. You can read it for yourselves. This program has been effective because of the cooperation of the laity and clergy and the members of my staff who have used their skills and energy beyond the call of duty. I express my gratitude to the following people:

Archdeacon Rudy Devik, Mrs. Carroll Young, Canon Lincoln Eng, Canon John Lockerby, Mr. Norman Guthrie, Dr. James Hodges, Mr. Sam Brown, who after one year has proven that he will be a great treasurer. Dr. Fred Schilling, our Canon Theologian, whose Bishop Huston School is such a success.

Canon James Price, who assumed the duties of archdeacon, without the title, in the Northeast Convocation.

Dr. Arthur Vall-Spinosa who resigned his large suburban parish to head up the North

Skagit Associated Mission—92 miles long with five churches in it, to show that it can be done.

And then my thanks to Gladys Canedy who plans to retire at the first of the year. She was Bishop Lewis' secretary for four years, and has been my secretary for longer than that. She has been a loyal friend and helper to the Bishop, clergy and people of this Diocese. She is a disciplined person who keeps track of everything and sees that it is done properly—by the Bishop and everyone else. Called 'Mother Superior' by the men who are Postulants and Candidates for Holy Orders, she rejoices at their victories and successes. We shall miss her!

The other day I dedicated Bishop Lewis House for Alcoholics, an institution made possible by the efforts and contribution of the Rector and people of Trinity Church, Seattle. It will care for 80 men at a time with expert supervision. The City of Seattle plans to use this facility as an official detoxification center.

Episcopalians had a part in planning the Rumor Center in Seattle, which was so helpful in avoiding riots and trouble in the Central Area this past summer. A gift of \$500.00 from the Diocese helped the Center get started early in the summer and Episcopalians played a greater part in this project than we can tell.

We helped plan and contributed \$1200.00 to begin the program of a Pastoral Institute for clergy of all denominations in this area. With the cooperation of the medical staff at the University of Washington and trained counsellors, the program will upgrade the skills of the clergy in personal counselling, and if they have any personal problems the Institute will have the resources to help them too.

We are cooperating with the Federal Housing Authority in building low cost housing in the Hilltop region of Tacoma. Part of this project is designed to aid the elderly.

St. Peter's, Seattle is doubling its program with the cooperation of C.A.M.P. (Central Area Motivation Program).

The Church of the Holy Communion in Tacoma has had a Day Care Center in operation for almost a year. I will dedicate it officially in January.

Faith Home continues to operate efficiently under the direction of Miss Hazel Young. The leaders of Faith Home for unwed mothers look forward to the Thanksgiving Offering which we take up every year for the support of their program.

My gratitude to the Rev. Robert Baxter for the great ministry he is developing in the institutions of the State of Washington and as Chaplain at Faith Home.

With other denominations we are participating in the Metropolitan Ministry which keeps us in touch with the way things really are and enables us to give help and build morale where it is needed in the metropolitan area from Everett to Tacoma.

Bishop Hines' staff estimated that the Diocese of Olympia would give about \$2500.00 to Biafran Relief. It gives me great joy to report to you that the men and women of this Diocese have given over \$11,000.00 to help these people. It was estimated that 6000 were dying of starvation every day. The money goes to the

Presiding Bishop's Fund for World Relief and this is given to Church World Service. For two years the Robert McFarlands from this Diocese have been doing famine relief for Church World Service. The Biafran Relief money will go for food to be administered by these people whose salaries come from the National Council of Churches. In Biafra they work with the Red Cross and the Roman Caritas. I am very proud of your answer to this desperate need and I am proud of the McFarlands who are so dedicated to this type of Christian work.

When I consider how we and the people of the world are torn apart by problems of poverty — race — and a communication gap between the young and older people and the assassinations and riots that have taken place this past year, it seems obvious that we should think about the Cross at the beginning of our Diocesan Convention.

Where the way of the world meets the way of Christ there is a cross—it always has been and always will be.

The cross loomed large in the minds of the disciples. They looked at Jesus hanging there in agony; forgiving his enemies as he suffered and died. The cross was at the very heart of the church's life in the beginning days. The first disciples, who were bishops, believed that there is in God an awesome characteristic called Holiness.

When we see it as it is and tell it as it is—that God is Holy and you and I are far from holy—our pride is offended and we are disturbed. We want to say that sin is morbid, outworn, and no one in these enlightened days should ever feel sinful. We are more interested in building a new and better world than we are in being concerned about sin and salvation!

It appears to me now that nothing we can ever do in serving our fellowmen, or building a better world, can amount to anything unless in doing it we have the vision of who God is, what He is like—and that in meeting our brothers need we do it because we want to be more like Jesus.

It is impossible to have any Christianity at all without the cross. It is the center of Holy Communion. It is the center of our religion. And—religion means—that which binds us—holds us fast!

It might be that we should abandon the mood of the discussion group. But no discussion group amounts to anything for us unless it leads to the confessional. Our church takes seriously that disease of the soul called sin. This trifling with the authority of God in our personal lives—living as if God were dead. This living habitually below our best. Taking more out of life than we put in. Using other people for our own purposes. Using people as things and making things as important as people.

As if property rights were the most important consideration we can have in a world where people suffer from starvation, injustice, and oppression.

The Cross is a reminder that no matter how enlightened we think we are, we do not set up the over all design for living. God does! We do not call the turns in our personal living—or in history—God does.

We read in the New Testament about Jesus' ministry by the Sea of Galilee. We picture a beautiful rural setting by a lovely lake. Beautiful—and so are the words of the

Sermon on the Mount. The purest, finest, highest ideals for living ever set forth in words.

But how shallow Christianity would be if it had all stopped there. Every time I travel away from this Diocese and return I am overwhelmed by the natural beauty here. Other places in the world and in America have some of the virtues of this region—but nobody has them all like we do!

The water, the islands, the snow-capped mountains, the beautiful valleys are all charming and good—but—there is also evil here. There is tragedy, frustration, loneliness, cancer, old age, injustice, cruelty, failure and death.

If the story of Jesus had ended in Galilee—it would have been a pretty picture—but would have faded away. But he did not stay in Galilee—he went up to Jerusalem—the big city—and with his message of sacrificial love—he was confronted by men who had cold and cruel hearts. His message of love was challenged—traps were set for him—plots were made and carried out. The flowers faded, the sun went behind the clouds—the friends slipped away. He died in agony, forsaken, by all but a few, who were too bewildered to do anything but stand there looking on.

This kind of thing is still going on today—right here—in private and public life! There is nothing more relevant than the cross right now!

It is our lot to live in a world of revolution and social change. But our salvation is not to be found in avoiding the change and the conflict. Christ is in the world and it is there that we must serve Him and find Him. Conflict is not always bad. Conflict can be creative as well as destructive. Conflict can make way for improvements and justice.

We saw the English version of the 'Man of La Mancha' in London. I was thrilled by the theme song. "To dream the impossible dream, to fight the unbeatable foe, to bear the unbearable sorrow." And as it was repeated during the play I found myself adding to it. "To dream the impossible dream—to fight the unbeatable foe—to bear the unbearable sorrow—and never give up the dream and never give up the fight—to learn with joy as I dream and fight and bear my neighbor's sorrow—that I come alive to my living Lord.

This is not only heroic—this is renewal. In Marc Connolly's play 'Green Pastures', the Angel Gabriel said ruefully, "Everything nailed down is coming loose." So it is. But behind the change, there is something unchanged. Behind the change there is an absolute for you and me—and that absolute is Jesus Christ our Lord!

There is no finality in business—international affairs—national politics—there is no finality in science, metaphysics, or even ethics. It may be true that there is no finality in our expressions of Christian thought and life—they may be refined—but there is finality in Jesus Christ our Lord. He is the way—the truth—the life—and no changes have ever changed that—or can affect it.

As Lambeth said, there is room for improvement in our statements about Him and in our understanding of what it means to believe in Him and follow Him—but He is Alpha and Omega—the beginning and the end, and in the light of our faith in Him we see light and come alive with joy at His presence and receive strength from Him as we do His will and walk in His way.

No one for whom Christ is the absolute will be content with a world at war. Christ's follower can live with his conscience only as he does everything he can to support those forces that would make for a world without war.

No one for whom Christ is the absolute will be able to live with himself if there is within him any trace of racism—for racism as Lambeth said is a denial of the Christian faith. No one for whom Christ is the absolute will see people suffering in poverty and need without doing something to help. Every one who has accepted Christ as Lord and Saviour represents the reconciling Christ—the Listening Christ—the compassionate Christ. Yes—he will if he is past forty—try to hear what young people are trying to tell us these days, about our world and about ourselves as they see us.

Our Christian faith is not in history—it is faith in the living God. The God who sent Jesus is not a God that man can dominate, control, or escape from.

The world may not move in accordance with our preconceived ideas—but we need not despair. We must seek a new obedience and commitment that will enable us to discover how He is working in His world today.

The patterns of the early church were always changing to meet what was required. And patterns of the church today must be flexible to meet the needs of people today and those who will be here tomorrow.

Our institutions and structures must serve the Gospel and not limit the gospel. There are undercurrents and pressures tearing at peoples' minds and hearts in every community in this Diocese and in every local church. We must reach out to each other and hold fast to our brother's hand. We Episcopalians are brothers and sisters of Christ who bear His name. In His will is our peace and joy and freedom.

In Christ's family there is joy and love. We must bring up our children to know that love and joy that comes from living close to Christ.

But we must break out of church with that love and joy and take it in person to the world as Christ did.

Never has the world had so many people in it who were so rich and comfortable. And never has the world had so many people oppressed and starving. And even among those who are rich and comfortable never has there been a greater need for love and joy and understanding than there is right now.

The 747 is about to fly. We in the Seattle area are building it. It will be our contribution to the world that is coming. In fact, it will do much to usher in the new world of relationships that is coming in.

The new world will be greater, faster and with more power in it than we have ever known. And it will be filled with new risks and new dangers in every generation and challenges to be met.

Like Belshazzar's feast, when the handwriting appeared on the wall—you and I are being tried and weighed today. We are being judged. And the question is this. Are we capable of living in this new world that is coming in? Are we fit to make decisions in the new world that is coming—or are we afraid of it? People who do not want to fight

war, and racial bigotry, and poverty in all its forms, and sacrifice and plan today to make things better tomorrow—can't possibly stand up to the responsibility of representing Christ in the new world that is upon us.

I close with the Epistle for St. Simon and St. Jude's Day, Ephesians 2:19-22. "Now you are no longer strangers to God and foreigners to heaven, but you are members of God's very own family, citizens of God's country, and you belong in God's household with every other Christian. What a foundation you stand on now; the apostles and the prophets, and the cornerstone of the building is Jesus Christ Himself.

We who believe are carefully joined together with Christ as parts of a beautiful, constantly growing temple for God. And you also are joined with Him and with each other by the Spirit, and are part of this dwelling place of God."

You see—God in you is the world's hope!

PROGRAM BUDGET PRESENTATION — 1969

Fundamental to any understanding of this proposed Program Budget for the Diocese of Olympia for 1969 is the Diocesan Philosophy adopted by the 1962 Diocesan Convention.

“GOD WAS IN CHRIST RECONCILING THE WORLD UNTO HIMSELF”

“There is only one ministry and it is Christ’s ministry to reconciliation. The Church, as the Body of Christ, exists to exercise that ministry to the glory of the Father and in loving concern for all men everywhere.

Having then accepted Jesus Christ as Our Lord and Savior, we—the church—are committed to work for the establishment of this same relationship between all men and God by:

So strengthening our personal convictions that we dare face the world from our Church:

By becoming acutely aware of the several basic needs of the world;

By bringing the unlimited power of the Christian Community to bear in answer to these needs.”

This philosophy is based upon our understanding of the Church’s mission task first given to us by our Lord and as subsequently formulated by His Servants and Apostles in the continuing life of His Body, the Church.

As the Philosophy Statement of the Bishop’s Commission on Planning and Strategy reads:

“From the time of the Apostles the motivating force of the Church has been to preach the good news of the Gospel to all men wherever they may be . . . Holding the need of mission as basic in our common life in the Diocese, we accept as our philosophy the primary responsibility of promoting in every way possible the extension of the Gospel to all individuals and groups in Western Washington.”

OBJECTIVE I — OUTREACH

The Diocese of Olympia will support the work of the Church being carried on outside the diocese by our National Church and the other churches of the Anglican Communion.

COMPUTATION OF ASSESSMENTS

How is the annual Diocesan assessment upon each parish and mission of the Diocese computed? This is a question frequently asked by concerned Churchmen across the Diocese. The answer is as follows:

Article XVII of The Constitution of the Diocese of Olympia empowers the Convention to levy assessments on the parishes and missions for the necessary and proper expenses of the Diocese. Canon 8 of the Diocesan Canons spells out the following method which is used in computing the exact assessment for each parish and mission.

- a. The annual disbursements for local current expense reported by all parishes and missions for the last preceding three years are totaled and a 3-year average figure is determined. (1)
- b. The Diocesan Budget to be assessed is then divided by this 3-year average figure to determine the percentage relationship of the Diocesan Budget to the average annual total disbursements for local current expenses of all parishes and missions for the past three years.
- c. This percentage is then applied to the 3-year average of total disbursements for local current expense of each individual parish and mission to determine its individual assessment. (2)

(1) The three years used to determine the 3-year average of disbursements for local current expense in computing parish and mission assessments for 1969 are the years 1965, 1966 and 1967. 1968 figures are, of course, not available at this time.

(2) The local current expense figures for each parish and mission are those furnished by the church treasurer in the Annual Parish Report made on the form provided by the Executive Council. The specific item used is found on page 6 of that report and is entitled, "Total Disbursements for local Current Expense (F17-28)."

NATIONAL CONFIRMATION STATISTICS

Executive Council, Department of Christian Education sent 725 questionnaires in 1960 with 425 returns (an unusually high return). "Contacts subsequent to 1960 reveal no significant change in those findings.

Baptismal decreases	6.71%
Confirmation decreases	4.60%
Church enrollment decreases	1.87%
Parish Day School increases	15.32%

The reported age at which young people were prepared for Confirmation ranged from eight to sixteen, with the average coming at 12.19. Below is a breakdown of the age levels:

Age 8 - 1.5%	Age 11 - 17%	Age 14 - 12.5%
Age 9 - 3.5%	Age 12 - 27.5%	Age 15 - 6.0%
Age 10 - 9.0%	Age 13 - 18.5%	Age 16 - 4.5%

“Resources used for instruction were equally varied. Five resources emerged as the most popular, but none of these was listed by more than 10 per cent of the clergy reporting.”

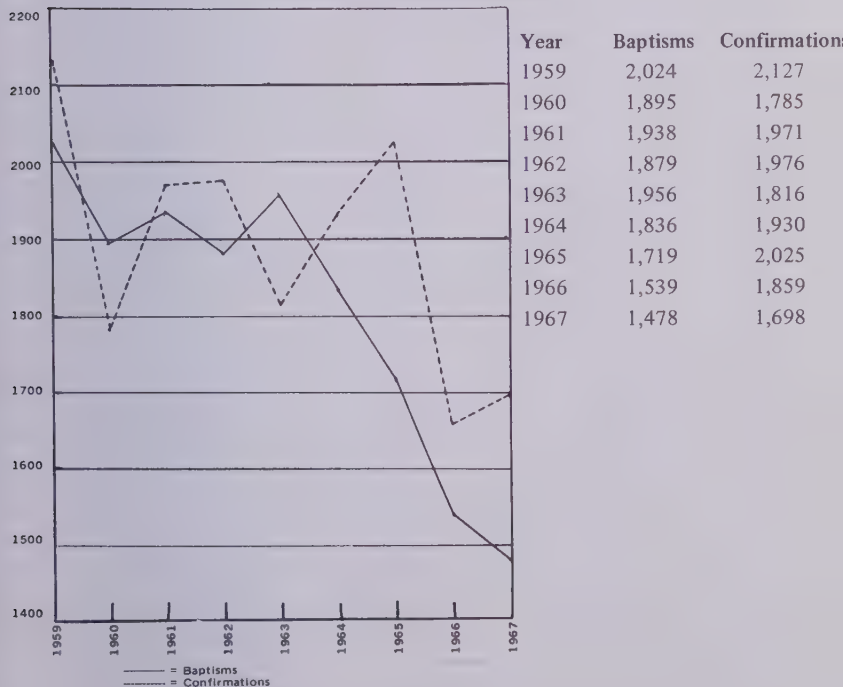

“Responses as to the most likely age for the dropout of young people indicated it was seldom a problem before age fourteen.”

Program Report

THE NATIONAL CHURCH'S QUOTA

The National Church's Quota is our share in the work of the Episcopal Church. As we saw and heard at the Seattle General Convention, the program which we support, extends into all levels of life. Local, diocesan, national and world-wide programs are funded through these quotas. As in the past, this is our top priority and this amount is paid promptly each month.

MUTUAL RESPONSIBILITY AND INTERDEPENDENCE

As in 1967, we have a program to emphasize the church's call to this Diocese to be mutually responsible and to act interdependently. The limited funds available to our M.R.I. Commission enabled it to meet and to continue planning. Thanks to this we will soon again have a Companion Diocese relationship with one of the Japanese jurisdictions (Osaka). The Diocese of Olympia pioneered this kind of M.R.I. with the original Companion Diocese Program and our relationship with KOBI. We look forward again to this valuable form of learning and sharing.

STRUCTURE FOR COMMUNICATION

Leading off Objective II of the 1968 Program Budget is a goal which calls us to provide a workable structure for communication. At the present time this "workable structure" is being carried out by me, as the Bishop, and by members of the Diocesan staff. A limited circulation newsletter called "WHAT'S UP" is being experimented with in terms of the Diocesan Council's relationship to the parishes and missions. Similar newsletters and planned meetings and briefings make up the beginning which will develop a structure for communication. Also included in this program is the cost of our membership in various societies, groups, etc. all of which provide us information to be communicated.

The contribution of the Diocese to the Ecumenical Metropolitan Ministry marks our most significant program under Objective II. Under the leadership of the Rev. Mineo Katagiri and with staff members, the Rev. James Stewart, the Rev. Al Ward, Mrs. Phil Sansoucie, this group contributes greatly to our understanding of what's going on and carries out programs of service and action in which we are proud to be associated. The ministry is really our Urban staff operating primarily in the Seattle-Tacoma area, but available for consultation and limited programming elsewhere.

During the past year, its first year of life, the ministry has worked for racial harmony and supported indigenous groups within the city who are seeking self expression and participation in community affairs. It has earned the cheers of all segments of society. The young people especially have benefited from the ministry's innovative programs. From the Teenage Center Movement in the suburbs to the Young Black Militant Movements in the ghetto the Ecumenical Metropolitan Ministry has given distinguished Christian Leadership.

One of the architects of the ministry's shape, and the Episcopal representative on the staff from the ministry's formation until June 1, was Mrs. Regino Velozo. Ruth, a communicant of St. John's, Kirkland, gave distinguished service to the church and

community through the E.M.M. She with the other staff members must be cited for distinguished and imaginative service.

CONGREGATIONAL ASSISTANCE PROGRAM

The Congregational Assistance Program under Objective II of the '68 Program Budget is a counterpoint to the non-parochial Joint Urban Ministries Program. It provides direct aid to congregations who are attempting to meet the "Urban Crisis" with imaginative programs. So far in 1968 this fund has provided assistance to St. Clement's, Seattle, for its Open Door Program; and Church of the Holy Communion, Tacoma, for its participation with the Hilltop organization and Charles Wright Academy in a sports program designed to help that city's central area youth. Other programs have been considered and have not been funded. Increasingly however this program will make a marked contribution to diocesan life.

TRAINING IN THE PLANNING PROCESS

One of the learnings which we have obtained from our Pilot Relationship with the Executive Council has been the need for reconsidering our decision making and planning methods. A sum of money was included in the 1968 program budget to fund training and planning on a parochial level. Experimentation was carried out at Emmanuel Church, Mercer Island, and St. David's Church, Seattle. Accordingly a more comprehensive training program in planning will be offered in the fall of 1968 based upon these beginning experiences. The church needs to make decisions soundly and intelligently. One ingredient in being able to make mature decisions is to have planning services available. As more and more of our vestries and bishop's committees find they can rely upon thoughtful planning, the work of the whole diocese will benefit.

EVALUATION

Also coming out of our Pilot Relationship is the need to begin a program of review, which will make our current and future programs more effective. During this past year Mrs. Franklin Miller, recently released from active duty with the Churchwomen on a national, provincial, and diocesan scale has been heading a committee studying problems of review and evaluation within a church organization. Her determination, knowledge of the church, maturity, and good spirits have stood her in good stead as she fought through what seems on the surface to be a simple problem but which when it unravels becomes quite tangled and knotty. As of this writing, a proposed program of review is being readied for use. Diocesan programs will be chief beneficiaries at the first but in time the program of review will extend to the convocations and the local churches.

LAND PURCHASE AND DEVELOPMENT AND NEW WORK

You will recall from last year's convention that these items were designated for use by the newly formed program unit on Camps and Conferences. As of this writing a major portion of the money is being held in reserve until the developmental studies of our Camps and Conference Center are completed. The major expenditure in this area was the purchase of a 10 KW generator for use at the Camp of the Holy Spirit, giving us adequate electrical reserve for a safer housekeeping and camping program in the years that we have left. When the developmental needs, programming needs, and the capital needs are fully established then we will make use of this fund.

ESTABLISHED WORK

A significant part of the Diocese's resource goes into the assistance and grants programs administered by the Archdeacon and supporting the existing work in the Diocese. As in 1967 the Diocese is now spending more money to provide facilities than we are to provide ministers. This indicates both the strength of our existing missions—that they can support ministries more adequately, and the high cost of building in the current money market. We have completed the church buildings at St. Philip's, Marysville; St. Margaret's, Bellevue; and St. Andrew's, Tacoma. St. Hubert's, Yacolt, has been closed and the property sold. A new church has been built in East Vancouver and is administered under the broad umbrella of the Vancouver Area Parish. Similarly a mission of St. John's, Olympia is being constructed at Hunter's Point.

Other area parishes have been established to join the growing list within the Diocese . . . specifically, the Peninsula Mission made up of St. John's, Gig Harbor, and St. Bede's, Port Orchard; the Skagit Area Mission made up of Christ Church, Anacortes, St. James, Sedro Wooley, St. Martin's, Rockport, and St. Francis, Newhalem. Others are in various stages of consideration.

We are again raising the salaries of our mission priests and will continue to do so in hope of keeping the gap between these salaries and the cost of living from widening too much.

While there have been many clerical changes within the mission program of the diocese two are noteworthy.

The first was the appointment of the Rev. James Price as Canon to the Ordinary with "archdeaconal" responsibilities for the Northeast Convocation. Fr. Price has brought his own strength and leadership to this task, and I wonder now how we got along in the past without him.

An exciting missionary program is about to be carried out by the Rev. Dr. Arthur Vall-Spinosa. Fr. Vall, one of our distinguished parish rectors, has been promoted to Vicar, and into one of the most difficult, geographically speaking, missions we have. He will be serving a string of churches from Anacortes to the Seattle City Light installations at Newhalem. He brings to the mission work of the Diocese his vast skill as pastor, administrator, and teacher. We pray God will bless his ministry.

The 1968 Program Budget does not provide for a land purchase program. However, the Diocese benefitted from local initiative. Through its "Nifty Nickel" project, St. Bede's in the Peninsula mission has purchased five acres in the rapidly expanding Port Orchard area. Through the gift of a dedicated Christian layman, a new mission site has been obtained in the Skagit Field.

Conversations continue with other church groups into what may ultimately become Joint Parishes or facilities used jointly by two or more denominations. As indicated in the past reports we are entering into informal relationships with the Presbyterians, especially, in three areas. We are engaged with the Methodists in conversations on a proposed Eastside Ecumenical Center, and we are talking with other church groups as well with regard to this kind of mutual assistance.

1968 finds our missionary program gaining in strength.

SUMMER TRAINING PROGRAM

Under Objective IV in our program we provide for participation in a parish training program. Entitled the Western Parish Training Program it offers us the opportunities to train the supervisors of seminarians and beginning clergy. Organized on a Provincial basis and covering the entire West, the Training Program reflects the strength of this Diocese. Its Executive is the Rev. Robert Anderson, of Camas-Washougal and its Board of Directors include the Rev. Arnold Fenton of Christ Church, Tacoma, and has included the Rev. Lincoln Eng. The funds in the budget underwrite some of the expenses of parishes which are offering this training. In order to qualify as a training parish the clergy staff in parishes must go through an intensive supervisory training program, be accredited under the program, and be subject to review of their performance as supervisors. This is another program which reaches into the fabric of our parishes and missions and benefits us all.

MISSION PROGRAM DEVELOPMENT

I appreciate this program perhaps more than anyone else. It puts within the budget and recognizes an already existing program of support to clergy and leaders from our mission churches. It enables these persons to attend various programs, seminars, conferences, etc. My Discretionary Fund would be the poorer—as well as the diocese—if it were not for this effort.

ADMINISTRATIVE COSTS

For some reason this program picked up the title and the program goal of a much more comprehensive one offered previously. Actually the amount of money listed here is the amount it takes to underwrite moving expenses of clergy serving in the mission field. It's impossible to estimate for any given year what this amount will be, although in 1967 the projection was quite accurate.

EDUCATION

Each year the Education picture takes on new aspects, until this moment in time it is a many faceted program, serving both the Church and the community. We have continued to do all of those things which we normally do for our church family in the area of education, and in addition we have ventured out into many new areas, not the least of those being the Seattle Public School System. Others to be included in this community work are: the Migrant affairs and ministry program, both with cooperation with the State Council of Churches, the Diocese of Spokane and governmental agencies. We have also been active as participants with F.O.C.U.S., the Methodist Urban Ministry Program, the University Y.W.C.A. for college people, Indian Health Services, Tribal Council, Yakima Indian Tribe, Friends of Youth, Griffin Home Staff, and the Ecumenical Metropolitan Ministry staff, to name a few.

It has been a year of many consultations with parishes, commissions and other agencies, including over 30 parishes and missions; joint planning for summer Music Camp; Planning Committees with churches; Ecumenical Metropolitan Ministry; State Council of Churches—Migrant Ministry; The Campus Christian Ministry staff at Western Washington State College, Bellingham; University Y.W.C.A.; Indian Health Service, Yakima; Washington State Guidance; Diocese of Olympia Review Officer; the Christian

Social Relations Commission; Stewardship Commission and the Methodist Urban Ministry Program (F.O.C.U.S.).

In addition to being Program Director for Education, Lynn Young has been serving, since August of 1967, as Research Director for the Program Planning Committee and the Diocesan Council. This more than fills the time previously allotted to Camps and Conferences and the Youth Division. She continues to serve as one of the three-member coordinating committee for Leadership Training for Province VIII and chairman of Leadership Training for the Washington State Council of Churches.

Church by Mail is still a very active force in our diocese for those people who are isolated either by illness, age, distance or incarceration. They take part in any diocesan program that they are able to attend; they also always come forth and share their offering with the rest of the diocesan family in such areas as United Thank Offering and the emergency appeals such as Biafran relief. They are attached to parishes and missions as each family is kept in touch with their nearest parish or mission.

In the area of church schools this has also been a year of great soul searching and change both in curriculum and methodology. The Program Director has consulted with many parishes and missions during the summer and fall months who have been dissatisfied with the status quo of Church School. As least ten congregations have done some major work to see if a change of curriculum or other procedures might be indicated.

The library section of the Education office has been a very busy place this last year having served 45 churches, sometimes issuing no less than sixty books to a congregation for curriculum research and evaluation. Also making reprint material available to all the churches in the diocese. The circulation of the library this past year has been 650 books. The library has also served 77 churches with pamphlets, reprints, books sold, Audio-Visual supplements and the "Rejoice" Mass. Over 20 churches have been supplied with the Basic Lay Reader Training Material. The library is also a great source for people with questions in any area of education, either for resources or practical help.

The Family Task Group responded to my call this last spring to do something for the families of the diocese, to help them be more aware that they are all one family and to help each individual family bring worship and Christian education into the home and onto the road during the summer months of travel. They prepared a kit, "Celebration of Life" which included prayers and pamphlets and practical helps for families. It also listed several "Station Parishes" where visiting families could go "on tour" and make themselves known to the local congregation. The responses were very favorable and most of them said, "Do it again next year". The Family Task Force will continue to work on a year-round basis for additional helps for the family.

A new supplement to the film catalogue was published this year listing all new projected and non-projected materials in the diocesan library. We were able to purchase new films and filmstrips. Forty one parishes and missions and nineteen outside groups have booked over one hundred films and filmstrips this year.

The Audio-Visual division also conducted two Workshops this spring, available to the whole diocese with the second one being held at the Kent Instructional Center of the

Kent Public Schools. This was a great source of help and interest to those who attended, not only to give them the resources that are available to them in the church, but also to know of other community resources that are available to them.

The Audio-Visual division also did a one-day workshop at the Community Church in Longview for all of the Christian community including Protestants and Roman Catholics.

The Music division continues to do an excellent job. This past summer they did a cooperative venture with the Presbyterian Church at Buck Creek, Crystal Mountain. This camp was full to overflowing, which indicates a great need for this kind of thing for young people who are not only interested in music but also in having some time away from the city. We were well represented with Dr. Elliot Brock sharing the co-directorship, ably supported by other members of the music division.

The Adult Education and Training Services area of education continues to be an important part of our work; we are constantly being asked to do work not only for other denominations but for other agencies, either volunteer or governmental. This past year we held 51 Adult Education and Training events at conference centers, parishes and missions (detailed report attached). These events required 187½ trainer days from 20 trainers who worked with 912 delegates. All of the trainers, with the exception of the Program Director, work on a voluntary basis. On purely a monetary basis alone the Diocese has received \$48,700.00 worth of training. This is based on the fee of \$100.00 per day which is \$50.00 less than the normal going rate for trainers on today's market. We are constantly aware that this program offered by the church is excelled by no other agency. We are indeed fortunate to have this as part of our program.

This year Lynn Young also worked very closely with the Program Planning Committee and the Diocesan Council as Staff Officer in the area of planning and research. This has begun to give us a new dimension towards our immediate planning and hopefully within the next year will also increase our ability in the area of long-range planning.

YOUTH, CAMPS AND CONFERENCES

This program is getting renewed attention with the appointment of Canon Lincoln Eng. He is working with Youth Division and Fr. Bill Bertolin in deepening the lives of our young people. We have barely scratched the surface of what is exciting and possible for our youth in knowing themselves in Jesus Christ our Lord. The Youth Division will be directing its attention also to strengthening the hands of the dedicated lay-people of our congregations who are advising and guiding our young people in the many facets of parish youth programming.

Our camping program is a learning experience for Canon Eng. The emphases this year were directed towards improvement of standards for staff qualification and the facilities at the Camp of the Holy Spirit. An evaluation of the program for this summer shows how much more needs to be done in clergy involvement, and our education programs at the camp. We will continue to develop and improve this program which reached out to over 200 youngsters and staff people this year. With our camping and maintenance money, we have painted all cabins at the Camp of the Holy Spirit; felled

15 dangerous trees through the generosity of Mr. Bert Pomeroy of Kelso; put up new wiring with the help of Mr. Ray Randall of Christ Church, Seattle; and installed a new electric generator in a new generator shed. Our final inspection of the camp site by the Forest Service this year was passed with flying colors after several years of poor inspection reports. This is what a "full time" man can do for the Diocese.

Camp Huston still lies idle and will remain so, until the programming needs, developmental needs and the capital needs are determined. A new caretaker family, Mr. and Mrs. Thomas Maruska, strong and able in body has been hired to maintain the property until we are ready to move. Meanwhile, Camp Huston is available for day programming of small groups. If any group wants to use the property, Canon Eng will be glad to schedule such activities into the calendar. The lodge however must remain closed and its razing is being contemplated by the Camps Study Committee. Other possible uses for Camp Huston are being studied and projected for 1969.

St. Andrew's House, our conference and retreat center, is in full use at this time. We have made good use of the property and have had few cancellations since the first of the year. We are indebted to Bishop Hubbard for his time and labors of love in directing several diocesan sponsored retreats. At the end of September we lost our wonderful caretaker and cook, Mr. and Mrs. Glen Fatland, who have given us four years service at the House, but we are carrying on the program in the best possible fashion.

The engineering survey of the property and its topography is completed and the development of the property will begin soon. The needs of the house for a new water supply, a cottage or mobile home for our caretaker-cook, the adapting of the present apartment for meeting rooms and a chapel, and increased parking are well-known to us. The program of prayer and retreats is so necessary for our spiritual health in this Diocese that we cannot neglect St. Andrew's House, and its resources and importance to us.

THE OLYMPIA CHURCHMAN

The "Episcopalian in Western Washington" as the "Olympia Churchman" is now called, continues to be a pace-setting diocesan newspaper. In this past year, two editors have contributed to its production: the first, the Rev. Canon James Long, now Press Officer for the Executive Council, and the present editor, the Rev. Canon John Lockerby.

The present editor is currently engaged in a program of experimentation looking for ways in which the newspaper may be even more effective. The "Episcopalian in Western Washington" has been copied more often than any other paper in the Church. It is a distinguished effort.

COMMUNICATIONS

The Bishop's Commission on Communications maintains its efforts through the year between conventions, 1967-1968, to serve the Church effectively in several of the areas of communication and publicity.

The diocesan newspaper, *The Episcopalian in Western Washington*, continues its purpose as a channel through which news of the diocesan and national program of the Church is disseminated to the people of this diocese, and its corollary purpose of acquainting Church people with the news of activities and thought going on in several congregations.

Press releases on church news are sent to the "secular media" from the Communications office. These releases are generally, though not always, confined to news of a diocesan nature, rather than to events more specifically parochial.

Received exceptionally well by the broadcasting industry were the "Episcopal radio-spot-announcements", produced and released by the Communications Commission. These radio-spots were "aired" over most of the radio stations in western Washington during a period of ten weeks early in 1968. National and world attention was brought to them by the winning of four of the ten top awards in the Public Service category of the International Broadcasting Awards, and by winning Recognition Status in the American Radio Commercials Festival. The national Executive Council of the Church is now completing plans for distribution of the spots, with appropriate alterations according to geographical use, throughout the country.

In the field of broadcasting, radio and television, the Communications Commission is increasing its close-working relationship with the Religious Broadcasting Commission of the State Council of Churches. Through such cooperation, upon my return from the Lambeth Conference, I was interviewed on television. Another cooperative venture, with RBC and the diocesan Department of Christian Education, brought the television show "Crisis in the Nation" to the parishes and missions as a study program for adults and young adults.

In October of 1968, the Commission conducted a Publicity Workshop on the practical aspects of preparing, producing and releasing publicity. This workshop was for all persons within a congregation who work in this field.

Also this year, the supervision of the operating of the diocesan Print Shop was placed under the Communications Director. As of May 1, the Rev. James G. Long resigned that position to become Press Officer for the Episcopal Church, with headquarters in New York. His successor in the diocesan office is the Rev. John B. Lockerby, who also was elected chairman of the new Division of Communications of the Washington State Council of Churches.

STEWARDSHIP

Another key program under Objective V of the Program Budget is our Stewardship endeavor. Building upon the work of diocesan staff member, Canon Kenneth Snyder, the present stewardship program is essentially a lay effort. Canon Snyder, after his taste of conventions in the General Convention, decided to enter the ranks of our worker-priests and set up his own management company.

Employed now as a consultant to the Stewardship Commission, he has encouraged them in designing and developing the new Shepherd Program. This meets the express needs as set down by the program goals in the 1968 Program Budget, namely (1) a year long effort in stewardship education, (2) a visitation program to give special emphasis

to the outward manifestations of stewardship and to provide this within the context of a parish program.

The present Shepherd Plan differs from former diocesan-wide stewardship crusades and yet it is a logical outgrowth. It has received good acceptance on the part of our parishes and missions and is a benefit to all the Diocese.

THE RETREAT PROGRAM

The Retreat Program has the personal attention of your Bishop. The funding provided in the Program Budget provides for the leadership of monthly retreats and special group retreats, i.e. lay readers, church secretaries.

With the retirement of Bishop Hubbard, the Bishop of Spokane, this Diocese is enriched by one of the Church's top retreat-masters. His service to us all in this program has been invaluable. We look forward to his help and the help of the clergy of the diocese in this successful program.

CHRISTIAN SOCIAL RELATIONS PROGRAM

One of the difficulties in reporting upon the area of Christian Social Relations is in defining the role and function of the Commission on Christian Social Relations. That function is not primarily to act as an agent of social change within the communities, but rather to serve as a group which gathers information for appropriate purposes within the diocese. In addition, the Commission and its director act as a liaison for the diocese with various agencies working in the sphere of social relations.

During the past year, the CSR commission has worked with the newly-formed Pastoral Institute of Washington, an interdenominational group for the continuing training of clergy in pastoral techniques and services. The Religious Resource Center of the World Without War Council is another group with which the commission is beginning to establish working relationships. The CSR director is also on the board and the advisory commission of the Ecumenical Metropolitan Ministry.

In 1967-68 members of the Commission have done research in the incidence and problems of drug use and of alcoholism; on the extension of counseling services; and, in cooperation with a special ad hoc committee chaired by the Rev. Robert Baxter, in the planning of an increased ministry to hospital patients.

One of the possibilities for future action by the diocese, considered by the Commission, is the establishment of an Episcopal Community Service, under whose aegis the varying works of direct social service within the diocese could be coordinated and expanded. In 1968 I asked Canon Lockerby to head a new committee on Retirement Housing. Preparatory to this, he had attended a Housing Institute at the Urban Training Center in Chicago.

The CSR office handled the Nigeria/Biafra relief drive, to which the people of the diocese have responded magnificently. Earlier in the year, the Church's involvement in the summer Jobs Now program for youth, did not achieve success.

New this year was the CSR-sponsored retreat for alcoholic persons, conducted at St. Andrew's House. The success of this opens the way for a continuing program in this field.

In the legislative area, the CSR Commission maintains liaison with the Washington State Council of Churches' efforts.

INSTITUTIONAL MINISTRY

Regular ministrations have been maintained by the Institutional Chaplain, the Rev. Robert L. Baxter, Jr., at Faith Home, Western State Hospital, McNeil Island Federal Penitentiary, and the Veterans' Administration Hospital at American Lake. Some pastoral oversight and care have been provided at the Washington Soldiers' Home, Orting; Cascadia Juvenile Reception Center, Tacoma; the Child Study and Treatment Center, Ft. Steilacoom. There have been 74 Celebrations of the Holy Communion in these institutions with an attendance of 434. Our Chaplain has maintained a regular schedule of visits and interviews with Episcopalians in these facilities, usually making an initial interview within a week of admission. He leads discussion-lecture groups on a weekly or monthly basis in each institution. As a recognized part of the staff at Faith Home, Western State Hospital, and American Lake, he also participates in staff conferences and spends other time with staff members in these institutions.

Laymen from the Church of the Resurrection, Bellevue, and St. Mary's, Lakewood have been involved in this ministry during the past year. At McNeil Island, laymen participate monthly in the discussion group. For Western State Hospital, laymen are now providing a monthly coffee hour following one of the services. Laymen of the Pierce County Convocation have also been interested in the ministry at the Pierce County unit of Western State Hospital. A number of clergy and laity, choirs and young people, have volunteered at American Lake.

During the summer, two seminarians accompanied the Chaplain on his visits for the better part of a week, gaining an insight into this aspect of the ministry. The Episcopal Church Women of the Diocese by their contribution have made possible the purchase of vessels, linens and silks for an additional Communion Service. This, in turn, has made it possible for girls at Faith Home to act as an Altar Guild in the Chapel there.

The Church Periodical Club makes available "Response" and "The Episcopalian". The "Church School-by-mail" provides "Forward Day-by-day" for this ministry.

Visits have been made to a number of other institutions in the effort to increase communication between staff and our weary clergy and laity. These have included visits to 15 communities throughout the Diocese.

As opportunity allows, the Chaplain has spoken of this ministry in parishes and missions of the Diocese and represented the Episcopal Church in a number of ecumenical activities concerned with ministry to people of special need. As a representative of the Episcopal Church it is important that he maintain relationships both with residents and staff of the institutions and with clergy and laity of the "outside" world.

COLLEGE WORK

The Church's ministry at the chief college campuses in western Washington has continued without any special changes. We are continuing to cooperate with the

Campus Christian Ministry groups. Our objective, whatever contemporary issues arise in campus life, is always to be present as the ministry serving the student's basic religious needs. That is to say, making available observance of sacramental worship, pastoral counseling and intellectual guidance in situations of intellectual problems.

The Rev. John F. Harriman at Western Washington State College prepared and presented four students for confirmation last spring. The Rev. Alfred Cramer at the University of Washington prepared one such last spring. The work at the University of Puget Sound and Pacific Lutheran University under the Rev. Ralph Carskadden is coordinated with the ministry of Christ Church in Tacoma.

During the last two years the Episcopal Campus Ministry at the University of Washington had its headquarters in Wesley House. This building has now been closed preparatory to its complete removal and we have now moved into Koinonia House at the corner of N.E. 45th and 15th Ave. N.E. where we will have excellent facilities for services and counseling and social mixing in cooperation with three other campus ministries. The Koinonia House is thus rapidly taking on the form and function of a university religious center.

The campus ministry of our Diocese looks forward to further strengthening in both the Episcopal and Ecumenic dimensions through its participation in the State Campus Christian Ministry of the State Council of Churches in which Prof. George Shipman, the Rev. Howard Perry and the director of college work are members.

And then we anticipate closer relations with the campus ministry of the Diocese of Spokane and thus a state Episcopal unity through the new Eighth Province Executive Secretary for College Work, the Rev. Richard Bolles.

PILOT DIOCESE REPORT

We come at the time of writing this report to the end of two years of Pilot Diocese experience. It has been a time of confusing frustration and hopeful excitement. The relationship itself, that is, the contract with the Executive Council, cannot be described because it changed several times. For instance, prior to the General Convention the Pilot Diocese Program seemed to be a captive of the Home Department. After the General Convention the Home Department disappeared and the Pilot Program continued. Today it seems to be the property of a "college" made up of Bishops and their diocesan representatives. The Bishops and representatives, usually coordinators, are those who have been involved in the old Pilot Program and who have decided to manage it outside of the structure of the national bureaucracy.

The Pilot Program will undoubtedly change even more.

The same frustration has been evident on a diocesan level. At first we, or at least I, talked about "process". This word is so vague and symbolizes something so ambiguous that it is not understandable.

Later, we talked about the "findings" or "the results". These results, however, occur within a program and if distilled too finely, result in the death of the program. We learned early in our efforts that one does not start something simply to see what will happen. We did and what happened was that we were involved with a lot of people. Because of our responsibility to them we could not stop and look at what we had started.

On the other hand, the Pilot Program has produced much which excites and gives hope. It points to a style or manner of operation which in several tests produced indicators as to how to change communities, change churches and change persons. It is to be evaluated as to those weaknesses which impaired its success. We learn from failures as well as successes.

It identified a new kind of resource for the church, the innovative, disciplined, skilled person who may or may not be a clergyman. We see that no area of life is labeled off-limits to the Church. We also are questioning many of the sanctions which we have taken for granted, political, ecclesiastical, social, and we are finding that the Church is not only relevant but excitingly located in the very center of life.

At the end of two years we are discovering something about ourselves, something about our institutions, something about the way this institution can work in the world. Strangely but perhaps expectantly, this does not concern newness but completeness and awareness.

Where are we now?

An outline of some of the things we have been doing is all that it is possible to give here. The following, then, is an inventory of some of our Pilot Projects.

1. The Diocesan Management Project involves a study of the structure and awareness of the Diocese. How does it make decisions, how are these decisions responsible to the members, how are they carried out?

We have found for instance, that the Diocese like any church institution operates on three levels. One, the "traditional fabric" maintains those usual things we have come to expect. Two, "community good work" means to support as an institution in the company of other institutions, those things which build community. Three, "losing ourselves" within other aspects of community means we can bring the influence of the Church to bear on sensitive points of community growth.

The management project centers in the Diocesan Council and in the services which it needs to design to operate a three level program. Prior to this concern is how do we find out from the church members and from the local scene what the needs and interests of the community are. Coordination of program and review of program efforts are also part of this project.

2. **The Lake Washington Project** was our first pilot project and concerned the building of a youth organization in and around the Kirkland-Redmond-Houghton area. In this project we developed a style of action described as "low visibility and high mobility".

3. **The St. David's Project** is an off-growth of the Lake Washington effort and seeks to find what the suburban church's ministry within its own community is. The three levels of ministry mentioned above were identified in the opening days of the St. David's Project. Currently the St. David's Project is concerned with community issues primarily in the area of youth and racial tensions.

4. **The Ecumenical Metropolitan Ministry** has been described in other documents and is, briefly, a non-parochial Joint Urban ministry operating in the Seattle Metropolitan area. Its programs have been crisis oriented and particularly concerned with racial tensions. We are learning what the situation is and how to respond somewhat effectively within it. A chief learning from the E.M.M. informs us that denominations can join together and meet a common need with a significant action program.

5. **The Metropolitan Youth Organization** is one of these significant programs. Work has been started in developing a project which will provide teenagers of the Greater Seattle Area with an action program. Started by the E.M.M., it is currently under consideration by the King County Youth Commission.

6. **The Spot Announcement Project** has been described elsewhere. This program using Hollywood talent and professional script writers resulted in about 32,000 exposures via radio to the Western Washington community. The project won top honors in international competition.

7. **A Migrant Ministries** project carried out in cooperation with the State Council of Churches has been most effective. The project centers in the Yakima-Toppenish-Sunnyside area but has ramifications for the whole Pacific Northwest.

9. The projects of the Rev. Robert Anderson which include **WISH (Washougal Improvement by Self Help)**, a regional planning project and a church community project. All of these operate in Clark County.

9. **The Regional Parish Project** began as a Pilot Project and still has an experimental character about it. It tries to match strengths rather than weaknesses in order that mission work might grow.

10. **Low Cost Housing.** The Diocese has become a sponsor for low-cost housing projects in the Tacoma area. To be constructed under a 221 (d) (3) Below Market Rate Interest program, these projects meet a significant community need and establish a style of coalition with governmental bodies which will become increasingly important in the future. Other housing projects in the retirement and elderly fields are being considered based upon our findings in the Low Cost Housing Operation.

11. **Day Care Centers** have been started at St. Peter's, Seattle, under its pre-school enrichment program and at Holy Communion, Tacoma, in its Day Care Center Program. Both of these come out of community needs and are testing ways in which the Church can be responsive to these needs. Other churches are following their leads.

12. **The July Neighborhood Project** was an attempt by Christ Church, Tacoma, to develop an intensive program with the youth around the parish. The Program did not get off the ground.

Other projects which are under study as pilot programs are the Soul Search Project, a proposal for an intensive educational program for the black community, the Huston School of Theology which is changing in its orientation in offering theological education in a significant way to laymen, and is offering itself as an ecumenical training center as well.

Perhaps the most important learning from our Pilot Diocese Program is where we can afford to be tentative. We can begin new things with the expectation that if these do not work they can be changed, modified or canceled without eternal hurt. Obviously such a style can be carried too far.

GENERAL

"Not all is peaches and cream", the farmer said as he looked at the rhubarb patch. We have spun wheels and we have wasted time. No pilot operation can be efficient. We can hope that it will be effective.

Our formal relationship with the Executive Council supposedly has one year to go. The next report may be the last report. It may tell of the death of a good idea that never really amounted to much, or it may mark the beginning of a truly innovative style of experimentation and development which will ultimately change the life of the Church.

Whatever happens will be exciting.

REPORT OF THE BOARD OF EXAMINING CHAPLAINS, 1967

The membership of the Board of Examining Chaplains, under the chairmanship of the Rev. Frederick A. Schilling, Ph.D., Canon Theologian of Olympia, included the Rev. Canon Elmer B. Christie, the Rev. Canon William Forbes, the Rev. Dr. Arthur A. Vall-Spinosa, the Rev. J. Burton Salter and the Rev. John G. Schaeffer.

During the year the Board met twice, on January 27th and June 26th, to perform its canonical functions. Midyear, the Board lost its longtime secretary, the Rev. Charles A. Forbes, who left the Diocese to serve in the South American field. At the close of the year, the Board lost the Rev. Canon Elmer B. Christie, who retired from the active ministry after having served over thirty years on the Board of Examining Chaplains.

A majority of the members of the Board continues to serve on the faculty of the Huston School of Theology in addition to duties as Examining Chaplains.

Respectfully submitted,

AINSLEY MAXWELL CARLTON
Secretary, Board of Examining Chaplains

THE DEAN AND CHAPTER
of
ST. MARK'S CATHEDRAL

Report 1968

To the Bishop and Delegates of the 58th Annual Convention of the Diocese of Olympia:

The past year has been one of great encouragement to all who are concerned for the welfare of the Cathedral.

The impetus of the great services of general Convention continued unabated throughout the year. Congregations have been regularly larger with a marked increase in communions, due in part to the addition of the Eucharist as the chief service on the third Sunday. Church school attendance has been better than in recent years. Compline on Sunday evenings maintains its popularity, particularly with youth and young marrieds. There are increasing numbers of University students and younger faculty attending on Sunday mornings.

The series of four organ concerts presented during the season drew large audiences which netted about \$2,000, for the Organ Fund. A second series is arranged for the coming season.

Bloedel Auditorium has become the center for community gatherings concerned with civil rights and other problems of the Capitol Hill area. With parish, diocesan, and other community uses the Auditorium operates on a seven-day-a-week schedule most of the time.

The clergy and lay-people are involved in the flourishing ecumenical life of the Capitol Hill association of Christian Churches, and are actively participating in various community groups in which the churches play a part. The Cathedral is the worship center on Thanksgiving Day and the Week of Prayer for Christian Unity.

The New Liturgy was given a thorough trial at all Sunday Eucharists from January 1 - June 30. The new sanctuary was ideal for this service. As the months went by the clergy and congregation became familiar enough with it to evaluate it thoughtfully in response to the questionnaire. By August 15 over 150 replies have been received with a sizeable majority generally in favor of it.

"The Happening" featuring the Rev. Richard York, hippie priest of Berkeley drew a crowd of 1500 on May 26, and in response to many requests a second was conducted by the Cathedral clergy on July 21 with 800 enthusiastic worshippers. Additional "free services" will be held from time to time.

That such experiments in worship are controversial we fully realize. Yet, happily, the overwhelming majority of the Vestry stand with the clergy in the conviction that there must be readiness on the part of the church to meet the spiritual hunger of the young through any medium however strange or unusual to "proper Episcopalians". After all, 1600 young people of all types (the rest were parents and grand-parents) did hear the Gospel preached at these two services. True, they laughed and applauded, they swayed to the rock music, but they also responded with feeling to the modern litanies and listened thoughtfully to what was said and they went away asking for more.

No small part of the Cathedral's health is due to the excellent staff we have had this

past year. Murray Trelease and Kent Pinneo have proved to be excellent choices in every way. With Herbert Lazenby continuing his effective part-time ministry, we function as a team and the Cathedral's ministry has broadened greatly.

PROPERTY: the remodeled sanctuary and redecorated interior provide a beautiful setting for our worship which all of us appreciate increasingly. We are greatly indebted to the many "Friends of the Cathedral" for making much of this possible. It looks and feels like a church as it never did before.

This summer the Vestry authorized an extensive refurbishing of the exterior of the Dean's House, Timmerman House, and Taylor House - the attractive triplex on E. Highland Drive. This essential maintenance has been long-deferred by ten years of capital needs at the Cathedral. When the work is finished all our property will be in good condition.

In caring for the property this summer we have employed two teen-age boys in the Summer Job Program. Mr. Baird and Mr. Terry - the Assistant Custodians have supervised their work and given them valuable on-the-job training in various skills.

FINANCES: with a successful Canvass last Fall, a high record of pledge payments, and larger attendance we have had far less worry about the regular budget than in former years. We hope to finish the year in good shape.

The Organ fund debt has been reduced over \$20,000, since January 1 and stands at \$18,000, on August 15. This remarkable record is due to two generous bequest for that purpose totalling \$10,000, the profit of \$2,000, on the Organ Concerts, and payment of installments on pledges. We have every reason to believe the debt will be paid in full by summer of 1969.

To finance property improvements and deferred maintenance mentioned above, the Vestry has authorized the borrowing of up to \$25,000, if needed. It will probably be below that figure and will be repaid in regular or monthly installments out of the budget.

Let me close with a personal word. It is a wonderful privilege to come to the closing period of one's ministry as excited as I am at what is happening at the heart of the "Establishment". More and more we are fulfilling the true function of a Cathedral Church in our times as a place where significant things are happening. It has been at times a long, hard road in these past seventeen years. It will always be, because the Gospel demands so much of inadequate men. Yet, like St. Paul, we consider ourselves not to have attained the goal, but press on to meet as best we can whatever remaining opportunities are given us to serve our God and His Christ.

Report of the Mutual Responsibility and Interdependence Commission

During 1968, the Bishop's Mutual Responsibility and Interdependence Commission has worked to achieve three goals (1) A Companion Diocese Relationship between Olympia and Osaka, Japan; (2) A Total of \$10,671.80 given for mission work in Argentina and throughout the world; (3) Support of Diocesan and local action to meet critical needs at home.

On May 9-11 the Commission Chairman, the Rev. Sumner Walters, together with the Rev. Arthur Vall-Spinosa of the Diocesan Ecumenical Commission, attended a National Conference in Chicago on the Unity of Mission. During the year the Diocesan MRI Commission met five times: in February, April, June, July and October. The Commission is composed of representatives of each of Olympia's nine Convocations and is 90% laity. A summary financial report follows:

MRI Promotion Budget	\$ 550.00	
Disbursed through 30 Sept. '68		\$ 329.28
Offerings Received	5,895.09	
Offerings Remitted		5,895.09
Charles A. Forbes Reserve Acct.		
Peninsula Convocation	1,700.00	
Women of St. James, Kent	250.00	
Deposit for Social Security		324.88
Church Pension Fund		1,017.74
St. James, Kent, gift to the Rev. C. A. Forbes		250.00
Church School Missionary Offering		
Received through 30 Sept. '68	2,379.49	
Forwarded to Executive Council		2,379.49
TOTALS	\$10,774.58	\$ 10,186.48

The Diocese of Mississippi will continue its generous support of Argentina which is its Companion Diocese. Olympia's congregations will contribute to a variety of mission projects both overseas and at home, but the major focus of our MRI Program during the next three years will be on Japan. We must discover what Companionship in the Body of Christ requires of Dioceses in the Anglican Communion. At the present time only one Japanese Diocese has an American Companion. No West Coast Diocese has a Japanese Companion. Bishops Curtis and Koike met during the Lambeth Conference in July and August. Bishop Mark T. Koike's ill health made it impossible for him to tour Olympia when enroute home.

St. Peter's Church, Seattle, will act as a communication center for the Olympia-Osaka Companion Program. A map of Osaka Diocese was printed in the November EPISCOPALIAN IN WESTERN WASHINGTON, Companion parishes and missions will be encouraged and those interested in establishing such person-to-person relationships are urged to write the Diocesan MRI Commission. A large number of outreach projects and activities are being carried out throughout Olympia and many have been described in the Diocesan newspaper. Day Nurseries in Tacoma and Seattle are outstanding examples of local MRI action. Those who have been active on the MRI Commission are: the Rev. Sumner Walters, Chairman; Capt. Frank A. Munroe, Vice-Chairman; Mrs. Frank A. Munroe, Mr. Richard Button, Mrs. Don L. Gilham, Mr. Bert Ainsley, the Rev. Bernard F. Young, Mr. Frank Coe, the Rev. Timothy Nakayama, Mr. Donald L. Sprague, Mr. Tad C. Fujioka, Mr. and Mrs. John T. Strickland, Mr. Robert B. Gardner, Mr. Tom R. McCraney, the Rev. Oliver Skanse, Mr. and Mrs. Clarence T. Henley, the Rev. Edward Winckley, Mr. and Mrs. Frank O. Glenn, Jr.; Mr. Arthur L. Mottett, Dr. R. Sherwin Johnston, Mrs. Walker W. Turledge, Mr. Robert Nichols, Mrs. C. S. Cunningham, Mrs. Taft I. Ring, Mr. and Mrs. Don H. Shea.

ANNUAL REPORT – DIOCESAN CHURCHWOMEN

This year the phrase Diocesan Churchwomen is a bit overwhelming to me for the whole focus sharpens as I think of the many women this term covers. The variety of sizes and shapes and colors and personalities is amazing. The variety of approaches to “women’s work”, the church, guild meetings and bazaars is equally amazing. But the sameness of love and faith radiates throughout the Diocese.

And so I make my third and final report to you with mixed emotions allowed a woman. Thanks be to God for the Churchwomen of the Diocese and humble thanks for the opportunity to have been a part of this organization. The rewards to me, my family and friends are great blessings.

Our annual meeting in October, 1967, was not an anti-climax to the Triennial meeting but a shot in the arm as Archdeacon Devik spoke to us on “Unless Something Is Done”. Using the meeting’s theme, “A door is open to us”, he called for us to be about our Father’s business – the business of reconciliation and renewal.

And the Diocesan Board through its executive committee went to work on renewal. A study of the present Constitution and By-Laws was made and a revision planned to present to the 1968 annual meeting. This was done with a major output of time and energy and thought by this “renewal” group. The evaluation went far deeper than merely the legal constitution – into purposes and goals, hopes and weaknesses. We had been saying, “Change is not easy”. Now we found it out.

The spring regional meetings found a great variety in programming as each regional representative attempted to fit the program to the interests of the local women. They varied from Hal Perry telling of his work in FOCUS on Capitol Hill to Fr. Baxter explaining his institutional chaplaincy to what was going on in the church in Liberia.

There were board meetings, too, with a budget to tackle, reports to hear on UTO progress, the Student Memorial Fund, the Negro Scholarship Fund, development of nurseries and day care centers, a day of spiritual enrichment, the Bishop’s tea and other concerns in our community.

An annual report is just not a satisfactory instrument to tell it like it is. A four hour movie of scenes shot all over the Diocese would be better, or an equally long tape recording of different sessions discussing many many projects and interests.

One last special word of thanks to Bishop Curtis, his family and his staff for their support and interest. So I think of the Diocesan Churchwomen and I think of the words to the hymn:

“Faith and hope and love we see,
Joining hand in hand, agree,
But the greatest of the three,
And the best, is love. Amen.”

REPORT OF THE ANNIE WRIGHT SEMINARY
Tacoma, Washington
August, 1968

Enrollment (303) for the 1967-68 school year was the best in a number of years. Not since 1956 had the enrollment exceeded 300. Despite this increment, the School still has a definite effort to stabilize enrollment and create a further increase.

Continued faculty upgrading was accomplished with the addition of several highly qualified members.

During the early fall of 1967 the science laboratories were completed and utilized to the full. This was accomplished within the framework of the present structure thereby keeping costs at a minimum level.

Fund raising, as with any independent school, is of prime importance. The School was partially successful last year in meeting its goal. The deficit which exists does so because of the large expenditure made in a capital way for science labs and other improvements.

A major innovation during this year was the formation of a summer school program. In order to avoid competition with existing programs in the city and to provide a need which had not previously been met, the School instituted a coeducational Creative Workshop for preschool through sixth grade ages. With 35 students as a goal, we were most pleased to realize a total of 61. Parents and teachers alike agreed that the six weeks program which ended in early August was most beneficial, not only to the individuals, but also to the School. A continuation of this will be held in 1969.

The Mothers Club continues to be quite active and this year not only raised money for the Library as has been their project in the past, but also sponsored a musical ensemble for the benefit of the students and interested parents.

Senior acceptances in college are as follows: Stanford, Mills, McGill University, University of Washington (3), Willamette University (3), University of Alaska, Bradford Junior College, University of Tampa, Tacoma Community College, Highline Junior College, California Western (3), Pacific University (2), Judson Junior College, Temple Buell, Gustavus Adolphus.

ANNUAL REPORT TO THE DIOCESE OF OLYMPIA
Charles Wright Academy
Tacoma, Washington

The Charles Wright Academy opened its eleventh year with an enrollment of 323 students. As of this date 350 students have been enrolled for 1968-69 and testing is very nearly completed.

A major part of the year was involved in the one-million dollar Design for the Future fund-raising development campaign. Because of the efforts of trustees, faculty and parents, \$666,083.24 has been pledged thus far. This campaign is a five-year development program for the implementation of the Master Plan for Charles Wright. Monies raised in this five-year development program will be used to 1) build a library

and resource center; 2) complete the financing and build a chapel-auditorium; 3) convert and renovate certain existing facilities in anticipation of increased student enrollment; 4) retire the present indebtedness on the physical plants; 5) establish a permanent endowment fund for grants-in-aid.

Gifts to Annual Giving for 1967-68 were \$43,000.

Physical improvements to the Academy included extension of the irrigation system, an expansion of the custodial staff which has resulted in much-needed improvement in appearance and efficiency of the physical plant and, because of an additional gift of monies from the student council, landscaping around the assembly and classroom building was completed.

The student council is also involved, financially and otherwise, in Charles Wright's summer day camp program for underprivileged youth from the Hilltop area in Tacoma. The council advanced monies from its funds to pay for bussing and feeding of some fifty children in each of the two four-week sessions. Faculty and student volunteers are assisting with this program also. It is hoped this can be continued next summer.

Charles Wright graduated its fifth class June 8th, special guests being members of Charles Wright's first graduating class who were graduating from four-year colleges. The class of '68 was admitted to the following colleges: California Western, Case-Western Reserve, Clark College, Colorado College, Cornell, Lewis and Clark (3), Menlo, Occidental, Pacific Lutheran, Stanford (2), University of Denver, University of the Pacific at Stockton (2), University of Puget Sound, Washington and Lee, Washington State University, Western Washington State College (2), Whitman, Williams and Yale (2).

HUSTON SCHOOL OF THEOLOGY

The Huston School of Theology which serves the two-fold purpose of giving high level academic instruction on basic subjects in the field of theology to lay people who wish to increase their knowledge in this area for general purposes and to lay men who wish to do this for the purpose of entering the service of the Church in its ministry on a self supporting basis. The courses of study are conducted monthly on a three year cycle. The classes meet on two Saturdays each month. The first three year cycle was closed in the spring of 1968 with a total of eleven regular students of which five happily passed their canonical exminations for the Diocese. Three others will conclude their three year cycle in the spring of 1969. The new series of studies begins in the fall of 1968 and as this report is being written, the prospect for enrollment is probably as high as twenty.

It is a real sign of an enriching sense of vocation in an increasing number of individuals when among these students there will be at least one and probably two or three women devoting themselves to the same rigorous courses of study as the men beginning the fall of 1968.

Another new development for the School is its moving into the extension service, to begin with on behalf of men in the diaconate. A series of monthly sessions has been

arranged to be conducted by experienced clergy of the Diocese in various practical aspects of their ministerial work. The diaconate is thus in accordance with its definite purpose, a time of training to supplement the academic disciplines of the School. It is also expected that special courses will be made available in concentrated schedules for priests.

The regular faculty at this time includes the Rev. Messrs. Carlton, Ellis, Forbes, Schaeffer, Schilling and Williamson.

The extension instructors are the Rev. Messrs. Baxter, Forbes, Leffler, Merrick, Vall-Spinosa and the Rt. Rev. Russell Hubbard.

Recently the Diocesan Council voted to recommend to this session of Diocesan Convention that the Huston School of Theology at Christ Church House, Seattle, be recognized as a diocesan institution.

THE CHAPEL OF ST. BERNARD'S

Again this year, the chapel at Snoqualmie Pass served skiers. Episcopal services of Holy Communion were held each Sunday along with Roman Catholic and Lutheran services. As in the past, the Chapel benefitted greatly from the attention paid to it by the Snoqualmie Ski Area Concessionaire, Mr. Webb Moffitt, and by the untiring efforts of Mrs Moffitt, Mrs. James Benson, and others who have given their support to this chapel.

While this is a report on the Snoqualmie Ski Chapel, mention should also be made that services were held at Crystal mountain. A dedicated core of layreaders and clergy cooperated to make the Crystal Mountain season a successful one. Our gratitude goes to the chapel committee, particularly Sam Brown, Lucius Bigelow, and others.

Faithfully yours,
RUDOLF DEVIK
Archdeacon of Olympia

THE ARCHITECTURAL COMMISSION

During the period, September 1, 1967 to September 1, 1968, the Architectural Commission considered and approved the following projects:

1. St. Christopher's, Hunter's Point: this was a re-study of a plan previously submitted
2. Christ Church, Tacoma: new church.

The Architectural Commission is made up of the Bishop, the Archdeacon, The Rev. Robert F. Hayman, Bernard Young, Walter Truitt, Messrs. Peter Hallock, J. Norris Pearson, Lawrence Waldron, Austin Grant, Sam Brown, and William Baird.

REPORT OF THE HISTORIOGRAPHER

The Right Reverend Ivol Ira Curtis, D.D.,
The Bishop of Olympia,
1551 Tenth Avenue East,
Seattle, Wash. 98102

Dear Bishop:

Your Registrar and Historiographer reports that the first part of his duties have been carried out efficiently as usual by Mrs. Gladys Canedy.

The part your historiographer played in the exhibit of the Church Historical Society's exhibit at the General Convention held last fall in Seattle has been reported to you earlier with a complete financial statement.

The March 1968 issue of the OREGON HISTORICAL QUARTERLY contained an article by me entitled "The Origin of the Term 'Black Robe.'" Which pointed out that this phrase originally meant not a Jesuit priest but an Anglican clergyman. The coming September issue of the HISTORICAL MAGAZINE of our church is to carry a lengthy biography I have prepared of the Rev. Peter Edward Hyland, our pioneer clergyman on Puget Sound. I have ordered 100 reprints of this.

Balance on hand 9/20/68 \$88.95

Respectfully submitted,
THOMAS E. JESSETT
Historiographer and Registrar.

REPORT OF THE DIOCESAN LITURGICAL COMMISSION

During the year since the last report, the Diocesan Liturgical Committee has:

1. Assisted in the drafting of the Bishop's Directive on the use of the Trial Liturgy throughout the Diocese;
2. Added The Reverend Ainsley Carlton, Ph.D., and The Reverend M. Ramsey Schadewitz as new members;
3. Conducted Clergy Conferences at St. Mark's Cathedral, Seattle; St. John's Church, Olympia; and St. Paul's, Mount Vernon to provide clergy with guidelines for the Trial use of the Proposed Eucharistic Liturgy, suggestions for the preparation of parishes for the Trial use; and pointed out areas needing attention and experimentation with respect to ceremonial, architecture and music;
4. Distributed the Standing Liturgical Commission's questionnaire and the supplemental report for the Music Commission to the Clergy. Had printed up in the Diocesan Print Shop and distributed 28,000 questionnaires for the Laity. At the time of writing, the return of questionnaires from either order is insufficient to indicate a trend one way or another.

**Episcopal Services for Youth in the Diocese of Olympia, Inc.
Report of Faith Home to the 1968 Diocesan Convention**

In 1967 Faith Home completed its' 6th year in caring for young unwed mothers by providing a protected living situation, medical care, schooling, religious counseling, and casework with the girls and their parents. There has also been further work in the program of casework with putative fathers.

The year began with 28 girls in residence. One hundred were admitted during the year and 102 were discharged. Of these 102, eight left before delivery. Nine girls decided to keep their babies and the remaining 85 were referred to approved adoption agencies and with casework help relinquished their babies for adoption.

These girls came from 18 different counties in Washington State and from 8 other states. Asked upon admittance to name their religious affiliation, 13 different denominations were designated, "Protestant" was listed by 28, and 9 gave no affiliation.

The total budget for Faith Home in 1967 was \$138,788.00. Of this \$35,649.00 came from the United Good Neighbor Fund of Pierce County. It was during this year that the Kitsap County UGN asked Faith Home to request help because of services received by their residents. Miss Hazel Young, executive director, made the presentation of the request to their Budget Committee in Bremerton. It was accepted. Faith Home was included in the Kitsap County 1968 budget and the Pierce County allocation to Faith Home was reduced by that same amount.

In November and December the Thanksgiving Day Offering gifts arrived at Faith Home. These totaled \$13,555.22. These gifts are a great help to the continuance of the work at Faith Home and the faith and love, which prompt the givers, are a great encouragement to those responsible for the operation of Faith Home.

The last 20 months have been a period of capital expenditures and outlay for preventative maintenance. A new stove was installed in the kitchen. The second floor lounge was redecorated. There was painting on the main floor, refurnishing the beauty nook, repairing and replacing walls and equipment where needed in three bathrooms, infirmary, one bedroom and a stairwell. A heavy new backdoor was installed. Then came the installation of a new dishwasher, and new floor covering in the pantry, kitchen, back pantry and porch. The craft area on the top floor was made usable in cold weather by the installation of a commercial ceiling gas heater. Later the second floor hall ceiling was renovated and three more bedrooms were repaired and painted.

These improvements and others were accomplished by using funds, which had been specifically designated for such purposes and supplemented by special gifts.

Miss Young was invited to talk about Faith Home at the Churchwomen's Convocation Meetings this spring. Several hundred Episcopal churchwomen heard her and had an opportunity to meet and talk with our new executive director. She has also been a guest speaker at numerous meetings in communities of western Washington.

The medical care of the girls and their babies provided by the panel of Tacoma obstetricians and two Tacoma Hospitals has been splendid. This is supplemented by the care the girls receive in Faith Home with carefully planned diets and a program of exercise and other recreation.

The education of all school aged residents is carried on by two certified teachers of

the Tacoma Public School system. Four (4) girls completed their high school work at Faith Home and received their graduation certificates this spring.

Nothing is stationary at Faith Home. The 1969 budget is nearing its' final stage. It reflects the rising costs of medical care, and the increase of food and supply costs. Included in it are provisions for salary increases for staff members at regular intervals relating to performance, tenure, and cost of living.

The Religious Life and Values Committee has begun a study of how the girls may best be prepared for life, when they return to normal living. The Future Plans Committee started with the concern of limited classroom and office space. Members of this committee are now involved in a study of the future of Faith Home in relation to its' need, the needs and resources of the community, and the social and moral trends of our times.

On behalf of the Board of Directors of the Episcopal Services for Youth, Incorporated and the members of the staff of Faith Home, I would like to thank the Diocesan Council and the members of the Diocesan Convention for their support in giving Faith Home the opportunity to ask for help from all the members of the Diocese at Thanksgiving time. I would like to thank all those who gave to Faith Home through the Thanksgiving Day Offering, and all those who have helped with gifts of time, talents, monies and materials throughout the year.

Respectfully submitted,
Julia Eaton Frank

SOUTHERN CONVOCATION CONVOCATION VIII

Three meetings of the Southern Convocation were held this past year. In January, we met at St. Stephen's, Longview, for the annual presentation of the church's life and report on the State of the Church by our Bishop, The Rt. Rev. Ivor I. Curtis. Attendance was excellent and the Bishop well received.

On October 6, the Southern Convocation met at St. Luke's, Vancouver, to hear the "Lambeth Story" as told by Bishop Curtis. We also honored the Rev. Orme Kellett, a candidate from St. Luke's, who had just been ordained Deacon. We wish him well in his ministry.

On October 20, all churches of the Southern Convocation were represented by their clergy, delegates, and alternates for the pre-convention meeting held at St. Stephen's, Longview. At this time the Program of the Diocese was presented and analyzed so that those representing their respective churches could better serve as delegates at the Annual Convention of the Diocese.

We all extended our thanks to Mr. Grant Armstrong of Chehalis who had served as Vice President of the Southern Convocation. His term having expired, Mr. Keith Gehr of St. Stephen's, Longview, was elected the new Vice President, and will now represent the Southern Convocation on the Diocesan Council.

Respectfully submitted,
(The Rev.) NORMAN E. STOCKWELL,
President

REPORT OF THE CHURCH PENSION FUND

The Right Reverend Ivol I. Curtis, D. D.
Bishop of Olympia
1551 Tenth Avenue East
Seattle, Washington 98102

Dear Bishop Curtis:

Each year the Trustees of the Church Pension Fund make a short report to the dioceses for their annual conventions, including the list of those currently receiving pensions. Enclosed is such list. The benefit totals throughout the Church are as follows:

	Number	Amount
To retired clergy	1,164	\$3,166,079
To disabled clergy	88	245,761
To widows	1,614	2,515,883
To orphaned children	<u>317</u>	<u>205,900</u>
Total	3,183	\$6,133,623

General Convention in October authorized changes in the benefit structure effective in 1968 of considerable import:

1. Making 65 the normal retirement age rather than 68.
2. Allowing benefit (at reduced figure) on retirement down to age 60.
3. Relating clergy benefits to 10-year average salary rather than career average.
4. Basing widows' benefits on years from ordination to age 65 rather than years from later marriage to death or retirement.
5. Eliminating the 40 year ceiling in the number of years factor.
6. Increasing the minimum benefits in normal cases from \$2,223 to \$2,500 for clergy and \$1,482 to \$1,600 for widows.
7. Changing the \$1,000 lump-sum grant to widows to \$2,000 payable to any named dependent beneficiary or to the estate.

The expansion is possible within the 15% assessment rate because of the improved investment outlook and some borrowing from future assessments. It is the Fund's fiftieth anniversary's adjustment to the modern age.

General Convention endorsed the group life, accident, and health benefit plans of the Fund's affiliated Church Life Insurance Corporation, which are expanding. The clergy and lay workers need these coverages. Most of the other communions have them, as do industry and governmental jurisdictions.

The activity of The Church Insurance Company in insuring Church property against fire and casualty losses continues to expand.

The Fund depends very heavily on the cooperation of the clergy, treasurers, and diocesan authorities in supplying information. The Fund recognizes the importance of clear understanding throughout the Church of just how its pension system operates, and trusts that questions be asked to this end.

Faithfully yours,
ROBERT A. ROBINSON

TREASURER'S REPORT FOR 1967

As is customary, the financial statements of the Diocese for the year ending December 1967 have been printed and are presented to the convention for review. They have been audited by our certified public accountants, Arne S. Hansen and Company. The reports cover the operating account, the trust account, loan funds, property funds and the diocesan investment fund. I should like to move that these audited reports be received by the Convention.

General financial observations about 1967 are:

1. The sum of \$698,545. was budgeted originally for the operating account, and was approved by Convention.
2. After we deducted from this the amount expected from endowment and other income, plus the grant from the Executive Council for support of our college program, our assessment was \$660,121.
3. This was revised, after appeals from parishes had been considered to \$652,112.
4. The sum of \$631,483. was actually paid on the assessment for the operating budget up to the end of the year.
5. So 96.8% of the revised budget assessment was actually received.

Now a word about developments in the treasurer's department in 1967. Dr. Hodges had earlier mentioned his desire to ease his load as financial vice-president by divesting that portion dealing with the operating account, but retaining his other responsibilities. This meant electing a new treasurer to handle the operating account.

The Convention approved this step, and I was elected to the new post at the same salary as Dr. Hodges.

We have both enjoyed our jobs so far in 1968 and his lightened load has enabled him to give me some much needed training.

As you well remember, we had the General Convention in Seattle last fall and had some non-recurring items in our budget to handle the cost of hosting it. We received some money from the national church for this, but had to supplement it with our own funds, plus some gifts from individuals. On the whole we made out rather well and everyone felt it was a most worthwhile experience, although we are perhaps glad we won't be called upon soon for a repeat performance.

At our Diocesan Convention we adopted some new programs for the ensuing year - one a major medical and disability insurance program for our clergy and their dependents, which cost was to be distributed according to the same formula as that used for regular assessments, beginning in 1968.

Another was our participation as a diocese in urban work - a fine indication of our concern for other people outside the church in their struggle for self-sufficiency. This was channeled through the Diocese rather than individually by parishes and missions to provide greater impact and localized effect on the community. Funds for this were provided outside the regular operating budget. This, and our new program for providing low cost housing and related activities are a partial answer to the question, "What really turns a churchman on today?" They show our interest that the church really try to live in the world and take an active part in community life. This latter program is also being accomplished with funds outside the operating budget which are

recaptured at a later date through use of federal funds, enabling us to build far more than we could through our own efforts alone.

Imaginative programs like these, coupled with those internally administered and supported by our congregations after approval by our Convention, are real indicators of the health of our Diocese.

No Vestry, Trustee, or other body, authorized by Civil or Canon Law to hold, manage or administer real property for any Parish, Mission, Congregation, or Institution, shall encumber or alienate the same or any part thereof (save for the refinancing of an existing loan) without the written consent of the Bishop and Standing Committee of the Diocese, under such further regulations as may be prescribed by the Canons of this Diocese or the National Convention.

CANON XIV

Church Debt

Section 1. No indebtedness shall be incurred by a parish, mission, or congregation without the approval of both the Bishop and Standing Committee except:

(a) Indebtedness for permanent improvement, replacements or additions to real estate or equipment, where the amount of such indebtedness, plus indebtedness of every kind already existing, shall not exceed 150% of the average annual receipts of such parish, mission, or congregation during the past three years;

(b) Indebtedness for current expenses where the amount of such indebtedness, plus all indebtedness heretofore incurred for current expenses and still existing, shall not exceed 20% of the total current receipts of such parish, mission, or congregation during the preceding fiscal year; and the payment of all such indebtedness shall be provided for in the budget of the next ensuing fiscal year with reasonable expectation of its payment out of the receipts of the next two years.

Section 2. Provided that in computing receipts under paragraph (a) and (b) hereof, amount from or for endowments or from or by bequests, except income therefrom not specially designated, and receipts for expenditures other than parochial shall not be included.

Section 3. Provided that under any circumstances under which approval is required, it shall be granted only when the payment of all indebtedness shall be provided for in a plan of amortization or other method of payment to be submitted to and approved by the same authority.

Section 4. This Canon shall not apply to the refinancing of existing loans.

CANON XV

Dormant Parishes

Section 1. If any Parish shall for three years fail to elect a Vestry, or to make report as required by Canon, the Bishop may report the fact to Convention. Its union with Convention may, upon motion, be dissolved and it shall not be restored until it shall comply with such conditions as Convention may prescribe.

Section 2. It shall be the duty of the Bishop to take the necessary steps to preserve the property of such Parish for the benefit of the Church.

Section 3. Any Parish which shall have failed by March first of any year, to have done any one or more of the following:

(a) Paid any assessment lawfully levied by Convention or required by the Constitution and Canons for the preceding calendar year;

(b) Paid in full the contractual salary and support of its Rector for the preceding calendar year;

(c) Paid in full the premium required by the regulations of the Church Pension Fund to that Fund for the pension of its clergy for the preceding calendar year; shall be classified as a parish unable to support a Rector without missionary aid. The Bishop shall, within thirty days thereafter make an Episcopal Visitation to such Parish, and if such delinquent payment has not been completed by the end of this visitation shall report the facts to the Standing Committee. The Bishop, after consultation with the Standing Committee, may report to Convention that said Parish is unable to support a rector without missionary aid. In such case Convention may, upon motion, change the status of said Parish to that of an organized Mission. Restoration to Parish status may be effected by any subsequent meeting of Convention, on the recommendation of the Bishop.

Section 4. Whenever the status of a Parish is changed to that of an organized Mission, the Parish Corporation shall immediately transfer title to all its property and assets to the Diocese of Olympia, Inc., which shall hold title thereto as provided for in the Constitution and Canons, and the officers and members of such Parish Corporation shall take all steps necessary to effectuate such transfer.

CANON XVI

Episcopal Visitation

Lay Readers shall in all cases conform to the provisions of the Canon of General Convention. When not officiating in the Parish or Mission for which they are appointed they shall be under the direction of the President of the Convocation in which they may reside, or such other Diocesan official as the Bishop may designate.

CANON XIX

The Church Pension Fund

Section 1. In conformity with the legislation adopted by the General Convention of 1913, pursuant to which the Church Pension Fund was duly incorporated, and in conformity with the Canon of General Convention, "Of the Church Pension Fund," as heretofore amended and as it may hereafter be amended, the Diocese of Olympia hereby accepts and acknowledges the Church Pension Fund, a corporation created by Chapter 97 of the Laws of 1914 of the State of New York as subsequently amended, as the authorized and approved pension system for the clergy of the Protestant Episcopal Church in the United States of America, and for their dependents, and declares its intention of supporting said Fund in accordance with its Rules.

Section 2. The Bishop of this Diocese shall appoint, annually, upon the opening of the Convention, a Committee of the Church Pension Fund to consist of 2 presbyters appointed or qualified, and the Bishop may from time to time fill by appointment any vacancies in said committee caused by resignation, death or inability to act.

Section 3. The duties of said Committee shall be as follows:

(a) To be informed of, and to inform the clergy and laity of this Diocese of the pension system created by the General Convention and committed by it to the Trustees of the Church Pension Fund, in order that the ordained clergy of the Church may be assured of pension protection for themselves in the event of old age or total and permanent disability and for their widows and minor orphan children in the event of death.

(b) To receive reports from the Church Pension Fund, from time to time, on the status of the pension assessments payable to said Fund, under its Rules and as required by Canon Law, by this Diocese and by the parishes, missions and other ecclesiastical organizations within this Diocese.

(c) To make an annual report to the Convention of this Diocese on such matters relating to the Church Pension Fund as may be of interest to the said Convention.

(d) To cooperate with the Church Pension Fund in doing all things necessary or advisable in the premises to the end that the clergy of this Diocese may be assured of the fullest pension protection by said Fund under its established Rules.

Section 4. It shall be the duty of this Diocese and of the parishes, missions and other ecclesiastical organizations therein, each through its treasurer or other proper official, to inform the Church Pension Fund of salaries and other compensation paid to clergymen by this Diocese, parishes, missions, and other ecclesiastical organizations for services rendered, currently or in the past, prior to their becoming beneficiaries of said Fund, and changes in such salaries and other compensation as they occur; and to pay promptly to the Church Pension Fund the pension assessments required thereon

under the Canon of the General Convention and in accordance with the Rules of said Fund.

Section 5. It shall be the duty of every clergyman canonically resident in or serving in this Diocese to inform the Church Pension Fund promptly of such facts as dates of birth, of ordination or reception, of marriage, births of children, deaths, and changes in cures or salaries, as may be necessary for its proper administration and to cooperate with said Fund in such other way as may be necessary in order that said Fund may discharge its obligations in accordance with the intention of the General Convention in respect thereto.

CANON XX

Convocations

Section 1. For the purpose of promoting greater unity in the Diocese and the work of Church Extension in its borders, the Diocese adopts the system of Convocations.

Section 2. The Diocesan Council, with the approval of the Bishop, shall divide the Diocese into Convocations, and, whenever deemed advisable, change either or both the number and boundries of the Convocations.

Section 3.

(a) At each Annual Diocesan Convention, the Bishop shall appoint a President for each convocation from among the clergy canonically resident within the convocation, and whenever vacancies shall occur in that office between Conventions the Bishop shall fill the same.

(b) The appointment of the President shall be until the next Annual Diocesan Convention and until his successor shall be appointed. A President shall be subject to reappointment, as the Bishop may decide, but not for more than four consecutive terms.

Section 4. The duties of the President of a Convocation:

(a) He shall be the Convenor of the meeting of his Convocation.

(b) He shall preside at all Convocation meetings, except that the Bishop when present shall be entitled to preside.

(c) He shall perform such other duties as the Bishop may assign.

Section 5. Each Convocation shall hold its Annual Meeting not less than two weeks nor more than eight weeks prior to the Annual Diocesan Convention.

Section 6. At its Annual Meeting each Convocation shall:

(a) Elect from its Convocation to membership on the Diocesan Council, if a vacancy exists, one lay communicant. If the election is to fill an unexpired term, the person shall serve for a term of three years. No such lay member who has been elected to a three-year term on the Council shall be eligible for re-election until one year after the expiration of the term for which he was elected.

Section 7. All clergymen resident within the Convocation and delegates and alternates to the Annual Diocesan Convention from parishes and missions within the Convocation shall be the voting members of such Convocation at all meetings thereof.

Section 8. Each Convocation may enact by-laws for the conduct of its affairs, subject to the approval of the ecclesiastical authority.

CANON XXI

Communicants

Section 1. The members of the Church shall be all persons who have received the Sacrament of Holy Baptism in accordance with the Doctrine and Worship of the

Church, which rite shall be performed by a minister or by a baptized person.

Section 2. A Communicant of the Church is a baptized person who has been confirmed by a Bishop of the Church, or of any Church in communion with the Church, or who, having been confirmed in a Church having apostolic succession and who having renounced membership in such Church, has been received into this Church, or who has received Baptism and has been formally admitted to the Holy Communion as being ready and desirous to be confirmed.

Section 3. A Communicant in good standing is a person who has been confirmed, as explained in Section 2 above, and who:

(a) Makes his or her Communion at least once a year;

(b) Is a recorded contributor to the support of the Church with money or with personal service.

Section 4. It is the duty of every Communicant moving from one Parish to another to apply for a certificate of his standing. This "Letter of Transfer" is exchanged between the rectors or ministers of the parishes or congregations involved and its acceptance must be formally acknowledged before the transfer is complete.

Section 5. It is the duty of the minister in any Cure, learning of the removal of any member of his parish or congregation to another Cure, without having secured a letter of transfer, to transmit to the minister of such Cure a letter of advice informing him thereof.

Section 6. No clergyman of this Diocese shall enter the name of any Communicant upon the Parish list, except those confirmed in his parish or mission, until such certificate as required in Sections 4 and 5 has been delivered to him, or a satisfactory reason given why the same has not been obtained. In this latter case, notice of such enrollment must be sent to the minister of the Cure from which the member has been removed.

CANON XXII

Commission on Church Architecture

Section 1. There shall be a commission of the Diocese to be known as the commission on Church Architecture, which shall consist of the Bishop, together with two clergymen and two laymen to be appointed annually by him; and the Bishop shall have power to add to this number.

Section 2. It shall be the duty of every Mission to lay before this Commission the plans of any new church, chapel, or other church building or of proposed changes in any existent church, chapel, or other church building, and no such building may be erected without the approval in writing of such Commission.

Section 3. It shall be the duty of every Parish, by its rector, wardens and vestrymen, to lay before this Commission the plans of any new church, chapel, or other parish building, or of proposed changes in any such existent building, for their counsel and advice, which counsel and advice shall be given in writing within one calendar month after the receipt of said plans.

CANON XXIII

Presentment and Trial of a Presbyter or Deacon

Section 1. Whenever any minister of this Diocese, not being a Bishop thereof, shall become "liable to presentment and trial" under the provisions of any Canon of General

or Diocesan Convention, the mode of proceeding in this Diocese shall be as hereinafter outlined.

Section 2. The trial shall be on a presentment in writing, addressed to the Bishop of the Diocese, specifying the offense or offenses of which the accused is alleged to be guilty, with reasonable certainty of the time, place and circumstances. Such presentment may be made by:

(a) A majority of the Vestrymen of a Parish or by any five members of a mission, of which the accused is the minister.

(b) Three presbyters of the Diocese.

Section 3. Whenever, from public inquiry or otherwise, the Bishop shall have reason to believe that any clergyman is under the imputation of having been guilty of any offense or misconduct for which he is liable to be tried, and that the interest of the Church requires an investigation, it shall be his duty to appoint a Court of Inquiry of five persons, of whom three at least shall be presbyters, to examine the case, a majority of whom may make such examination; and if there is, in their judgment, sufficient ground for presentment, they shall present the clergyman accordingly.

Section 4. Any minister of this Diocese against whom charges are made or evil reports are current, from public rumor or otherwise, may request of the Bishop in writing that a Court of Inquiry be appointed in like manner to make investigation. No presentment may be made in any case on account of an offense committed more than three years previously.

Section 5. A presentment being made, the Bishop shall have power to dismiss it wholly or in part if the facts charged do not in his judgment constitute an offense, or if only a part of them do. When it is allowed in whole or in part, the Bishop shall cause a copy of it to be served on the accused, setting a date also in this notice when it shall come before the Ecclesiastical Court of the Diocese, at least thirty days later.

Section 6. The Court shall consist of three presbyters and three laymen, nominated by the Bishop and elected annually by Convention. Vacancies on the Court may be filled by the remaining members. A majority of the members shall be sufficient for trial.

Section 7. If a clergyman presented shall confess the truth of the facts alleged in the presentment, the Bishop shall pass sentence according to the provisions of the General Church Canons.

Section 8. The accused shall have the right to challenge any member of the Court for good and sufficient causes, which causes are to be determined by the remaining members of the Court.

Section 9. If a clergyman presented, after having had due notice, shall not appear before the Court for his trial, the Court may proceed as if he were present.

Section 10. In trial, the Court shall hear such evidence as shall be produced, which shall be reduced to writing and signed by the witnesses respectively. The Court shall state its judgment to the Bishop as to the sentence to be pronounced, and he shall proceed accordingly.

CANON XXIV

Questions of Procedure

Roberts' Rules of Order shall determine questions of procedure not specifically provided for in these Canons.

CANON XXV
Amendment or Repeal

These Canons may be amended or repealed or new ones enacted at any annual meeting of Convention by vote of a majority of each Order. Such changes, new Canons, or the repealing of any Canon now in effect shall first be submitted to the Committee on Canons as provided in Canon 4.

CANON XXVI
Date of Taking Effect

These Canons, and all Canons or amendments hereafter enacted, unless otherwise ordered, shall take effect upon the adjournment of the meeting of Convention at which they are enacted; or, by unanimous consent, as soon as adopted.

THE PURPOSE OF THE DIOCESAN INVESTMENT TRUST

The Diocesan Investment Fund was organized in 1951 as a "mutual fund" or "common fund" for the endowments of the Diocese, parishes and related institutions.

In common with the many mutual investment funds operated in the United States, its portfolio includes a widely representative list of investments in various segments of American industry. The purpose of this is two fold – to protect the shareholders from wide fluctuations that might result if all the funds were invested in a single industry or single company, and on the other hand, to share in any general improvement in the market because of its ownership of a cross section of the American economy.

At the present time the Fund owns thirteen different issues of government and industrial bonds and twenty-six different issues of common stocks.

Since the monies invested in this Fund are largely endowments and hence of a permanent character, it is not necessary to purchase securities on a short term basis, but rather over a long range so as to best carry out the two objectives of the Fund.

One objective is to earn the largest income that may be obtained with safety for the benefit of the shareholders.

The other objective is to offset the constant erosion of the value of the dollar from the inflationary trend of our times through the purchase of "Equities", such as common stocks or debentures convertible into common stocks rather than fixed securities such as bonds.

There is a certain conflict between these two objectives as normally the best income can be secured from bonds, which however provide no protection against inflation. It is the constant objective of the Trust and Investment Committee to maintain a balance between these two types of investments and these two objectives. At present the Fund is invested approximately two-thirds in common stocks and one-third in bonds.

OPERATION OF THE FUND

Shares may be purchased by the Diocese itself, the parishes, and related church institutions. No shares may be purchased by individuals or by other organizations than those listed above.

Because of its long-range objectives the Fund does not encourage the purchase of shares unless they are to be held for two years or more.

The assets are valued on the last day of each quarter, March 31st, June 30th, September 30th and December 31st, and the per share valuation determined at that time. Any parish or other organization wishing to purchase shares may do so by notifying the Diocese approximately thirty days prior to each valuation period of the amount of money they wish to invest. When the per share value has been determined, the purchaser will be notified of the number of shares that this amount of money will purchase, and on receipt by the Diocese of a check for the required amount, a stock certificate will be issued.

In the event that the owner of shares wishes to sell all or part of them, this same procedure is followed. They should give notice thirty days prior

to the valuation date of intent to sell and the amount of money they wish to realize. When the valuation is determined they will be advised of the number of shares to be redeemed and should then forward the shares for cancellation after which a check will be sent in payment.

Dividends are distributed quarterly in April, July, October and January. It is customary to distribute all of the earnings of the Fund to shareholders each quarter as earned.

Earned income only is distributed, capital gains are reinvested to increase the value of the Fund. A shareholder wishing to convert part or all of his capital gains to cash may do so by selling a portion of the shares owned.

The Diocese makes no charge for its share in the management and supervision of the Fund. The only charges are the agency fee of the Seattle First National Bank for their services and the annual audit fee of our certified public accountants. This permits passing on substantially all of the earnings of the Fund to the shareholders with a minimum of shrinkage for operational costs.

BEQUESTS

The Minister is ordered from time to time, to advise the People, whilst they are in health, to make Wills arranging for the disposal of their temporal goods, and, when of ability, to leave Bequests for religious and charitable uses. (Prayer Book, page 320.)

Bequests in our wills make it possible for us to continue our interest and support of the Church's work, and give to the Church more power and stability to do what our Lord commands us to do. Bequests for mission churches are administered by the Diocesan Council and the Council will also gladly administer funds left to parish churches or other diocesan institutions.

Your lawyer will help you in making your will. He will want to know that the following form of bequest is the appropriate one. You may want to add any special purposes for which you wish your bequest to be used, or some particular parish or mission church you want the help to go to. The Council, of course, is bound to abide by your decision.

FORM OF BEQUEST

I hereby give, devise and bequeath unto the DIOCESE OF OLYMPIA, INC., a corporation organized and existing under and by virtue of the laws of the State of Washington, for religious, educational, and charitable uses, the sum of \$ _____

"At the annual meeting of the Convention in each year preceding a regular meeting of the General Convention"

(Then follows the procedure for electing General Convention Delegates)

Change proposed by the Secretary of the Diocese, anticipating a general church change in convention meeting schedule.

It was moved, seconded and carried that convention approve this change.

Canons, Canon X, Section 3(a):

To change the phrase "of legal age" to "age, sixteen and older", and eliminating (a) so that the section would read as follows:

"The electors shall be: (1) Communicants of the Parish, aged sixteen or older, whose names have been on the Parish Register for at least one month next

preceding the Parish Meeting, and who have made stated contributions to the Parish Budget as shown by the books of the parish treasurer, and (2) such other baptized persons of like age who for six months past have made stated contributions to the parish budget as shown by the books of the parish treasurer."

Proposed in substance by the Stillaguamish Mission; Emmanuel Church, Mercer Island and the Diocesan Youth Council. The verbiage is in the form suggested by the latter group. RESOLUTION NO. I

WHEREAS the members of this 59th Convention of the Diocese of Olympia wish to express to our bishop our gratitude for the inspiration he gives us in the forthright, prophetic and courageous call to service of Christ and His Church, in his opening address; and

WHEREAS, in "telling it like it is" and urging us to get over our hang-ups and get on with the Lord's business to which we are called as responsible Christians, he offers us that leadership which is so desperately needed in these critical days; therefore,

BE IT RESOLVED that we pledge ourselves as clergy and laity of this Convention to give him every support possible in our several congregations and that working together in charity and singleness of purpose we shall commit ourselves as one body to furthering the cause of Christ and His Gospel in this time and place.

RESOLUTION NO. II

WHEREAS our bishop in his opening Address has spoken clearly of his concern for ecumenical experience at the local level, therefore

BE IT RESOLVED that we of this Convention go back to our villages, towns and neighborhoods to explore with vigor new means and methods of cooperating with our fellow Christians and all men of good-will in worship, social concerns, and community service. And,

BE IT FURTHER RESOLVED that we, on proper occasions and with the Bishop's approval, enter into ecumenical celebrations of the Eucharist prepared by the Consultation on Christian Unity as authorized by Special General Convention II.

RESOLUTION NO. III

WHEREAS the bishop has told us that Norton Clapp has given an additional contribution of \$25,000 for improvements to our Retreat and Conference Center at St. Andrew's House, which he gave us in 1952; therefore

BE IT RESOLVED that this Convention add its deep gratitude to that of the Bishop to Norton Clapp for this latest evidence of his loyalty and generosity to his Church in this Diocese.

RESOLUTION NO. IV

WHEREAS this Diocese is now fortunate in having as a resident among us, the Rt. Rev. Russell Hubbard, retired Bishop of Spokane; and

WHEREAS he is serving us as the very effective Retreat Master of St. Andrew's House; therefore

BE IT RESOLVED that this Convention express to Bishop Hubbard our gratitude and appreciation of his presence in and service to this diocese, and urge upon our people participation in the retreats which are under his direction.

RESOLUTION NO. V

WHEREAS our Bishop in his opening Address has spoken of the growing concern throughout the Anglican Communion as to the effectiveness of traditional methods of initiation into the life of the Church; and

WHEREAS ultimate solutions to problems usually follow experimentation with new solutions; therefore

BE IT RESOLVED that we commend the Bishop and the pilot group which has been exploring this problem for their efforts in this regard; and

BE IT FURTHER RESOLVED that the Bishop be urged to encourage a few parishes to initiate experiments in the initiatory rites of the Church, and that these may be reported if possible to our Deputies to the Houston General Convention.

RESOLUTION NO. VI

WHEREAS our Bishop in his opening Address has stressed the increasing importance of discussion and dialogue in matters of concern to the Church; therefore

BE IT RESOLVED that this Convention commend such experiments in this field of that of the Church of the Epiphany in Seattle following the chief service on Sunday morning; and

BE IT FURTHER RESOLVED that in all the congregations of this Diocese better opportunity be given to lay people to talk back to the clergy, air their differences, and to participate in the making of decisions and the establishment of policy; and

BE IT FURTHER RESOLVED that Rectors and Vestries make it quite clear to their members of their congregations that they will be welcome to present their opinions and participate in the discussion of parish policy on due notification of their desire to do so.

REPORT OF THE STANDING COMMITTEE:

The report was submitted by title.

REPORT OF THE CONVOCATION PRESIDENTS:

The reports were submitted by title.

REPORT OF THE COMMITTEE ON RESOLUTIONS:

The Rev. Paul Langpaap, chairman, expressed appreciation to Dr. George Shipman, Mr. Arthur Mottet and Mr. Clinton Raymond, members, for their work on the Committee on Resolutions. Speaking only for themselves, the committee expressed the hope that at future conventions the report of the Resolutions Committee would be heard earlier in the Order of Business, rather than late in the day.

It was moved by the Rev. Robert Hayman, chairman of the Order of Business, seconded and carried, that the chairman of the Resolutions Committee be asked to

present first those resolutions of courtesy and thanks, on which a blanket vote of approval might be taken; and then present the remaining resolutions individually.

The following resolutions, Nos. I through VII were moved, seconded and carried:

RESOLUTION I

BE IT RESOLVED: That the 59th Annual Convention of the Diocese of Olympia expresses its appreciation to the Rt. Rev. Russell Hubbard, D.D., retired Bishop of Spokane, and to the Rt. Rev. Lane Barton, D.D., retired Bishop of Eastern Oregon, for their contributions to the spiritual growth of this diocese.

RESOLUTION II

BE IT RESOLVED: That this convention extends greetings and a warm welcome to the Rt. Rev. Stephen F. Bayne, Jr., D.D., and also expresses its appreciation to him for his inspired and courageous leadership to the whole Church.

RESOLUTION III

BE IT RESOLVED: That warm, fraternal greetings of the Bishops, Clergy and People of the Diocese of Olympia be extended to their Companion Diocese of Osaka to the Bishops, the Clergy, and the People.

RESOLUTION IV

BE IT RESOLVED: That the greetings of the Convention of the Diocese of Olympia be extended to priests canonically attached to the Diocese of Olympia now serving as Chaplains in the Armed Forces, and all those serving as missionaries overseas.

RESOLUTION V

BE IT RESOLVED: That the 59th Annual Convention of the Diocese of Olympia thanks the Rector and Vestry of St. Luke's Parish, Vancouver, and more especially the Women's Council for the provision of facilities, and for the services rendered by the laity and clergy of the Parish during the meeting at Convention.

RESOLUTION VI

BE IT RESOLVED: That the 59th Annual Convention of the Diocese of Olympia express appreciation for the effective service and coverage rendered the Diocese by the newspapers, television and radio stations, and by other news media in the cities of Vancouver and Portland, and also this Convention directs the Secretary of Convention to send a letter expressing the gratitude of this body to the officers of said news media.

RESOLUTION VII

BE IT RESOLVED: That this 59th Annual Convention of the Diocese of Olympia, in grateful appreciation of the Christian Fellowship of our neighboring Diocese of Oregon symbolized by the participation in the Convention of their Bishops, The Right Reverend James Carman, Diocesan, and the Right Reverend Hal Gross, Suffragan, express our thanks to them for their fellowship and inspiration, and through them extend our cordial greetings to the people of their Diocese.

Action was deferred on the following two Resolutions:

RESOLUTION VIII

BE IT HEREBY RESOLVED That the Diocese of Olympia adopt stewardship procedures using voluntary gifts for the work of the Lord freely and cheerfully given

through the ability and conscience of each parish of the Diocese rather than the present system of assessments. Adoption of this resolution would be in keeping with scripture, the recent letter of Bishop Bayne to Bishop Curtis, our Bishop, and follow the system used in our Parishes.

The chairman of the Resolutions Committee said that because this resolution deals with Canons and the diocesan structure, and because there is a committee which has already reported, the Resolutions Committee recommends that this be referred to the Special Committee on Assessments.

RESOLUTION IX

The Women of St. Anne's Guild of St. John the Baptist Episcopal Parish respectfully request that the Diocesan Convention meeting in Vancouver, Washington, November 6 and 7, 1969, go on record deploring the lawlessness of our times and urging the law enforcing agencies, both police and court, to redouble their efforts to return to the American people the safety and security of our streets and our homes.

The chairman of the Resolutions Committee reported that the resolution as submitted did not deal sufficiently with the complexities of the situation, and while the committee is sympathetic with this aim, it could not present it in this form.

RESOLUTION X

WHEREAS we are living in a time when the mission and message of the Church of necessity must reflect the church's deep concern for people in our society who are poor, denied human and civil rights, in need of the means of economic development which will lead to a more employable status in the market place of America, and socially and culturally deprived due to racial and ethnic origins which have traditionally been regarded by Americans as justifying for them second-class citizenship; and

WHEREAS the church in the Diocese of Olympia, and the Episcopal Church in America, seeks to find ways to minister meaningfully to these people in the situations in which they find themselves and calls upon all her people to assist in this ministry; and

WHEREAS this work is a valid part of the work of Evangelism—calling men and women to respond to the Good News found in Jesus—but not all the work the Christian Evangelist is called to do;

BE IT RESOLVED that the Diocese of Olympia, through its Bishop, establish a Commission on Evangelism to be charged with the responsibility of exploring ways in which the parishes and missions of the Diocese can become more active in the work of Evangelism with an aim not only toward becoming more aware of the social involvements in which the Church can take part, but also becoming more aware of ways in which the Church can more effectively proclaim salvation through Jesus Christ for those who are now outside the Church because they have failed to hear the Church's message through faith in Jesus Christ.

Resolution X was moved, seconded and carried.

RESOLUTION XI

WHEREAS: Title II of the Internal Security Act of 1950 (familiarily known as the McCarran Act) provides that during a declared "internal security emergency" citizens can be arrested and detained without trial, a provision legitimating the kind of action taken by this country, to its shame, in 1942, in the detention of more than 100,000

Americans of Japanese ancestry; and

WHEREAS many loyal Americans who are non-white are apprehensive that their rights as American citizens might be extinguished, an apprehension fostered by the detention-center clause of the McCarran Act and leading to serious fear of government among the visible minorities of Oriental and Black Americans:

BE IT THEREFORE RESOLVED that the 59th Convention of the Diocese of Olympia urge the Congress of the United States to repeal Title II of the Internal Security Act of 1950.

Resolution XI was moved, seconded and carried.

RESOLUTION XII

WHEREAS, The Congress of the United States has enacted, and the President has signed into law, Public Law 90-248, which may be referred to as "Social Security Amendments of 1967"; and

WHEREAS, The said Law includes Ordained Ministers in its coverage in the category of "self-employed persons"; but makes the participation of such persons mandatory, rather than voluntary, unless the individual clergyman files a waiver of coverage on the grounds of conscientious opposition to the acceptance of public insurance; and

WHEREAS, the self employment tax for social-insurance purposes must be paid by the self-employed person entirely out of his own income, and any contributions thereto must be reported as additional income subject to tax; and

WHEREAS, According to competent legal opinion, the inclusion of Ordained Ministers for social security purposes only, in the category of "employed persons", would constitute no new issue of Church-State relations nor violate the provisions of the First Amendment to the Constitution, because Churches have been, since 1950, taxed for social security purposes on behalf of their lay employees; now therefore, be it

RESOLVED that this Convention memorialize the General Convention of the Church meeting in 1970 to urge upon Congress and the administrative agencies concerned with such action as may be necessary to include Ordained Ministers within the legal category of "employed persons" for purposes of Social Security coverage.

Resolution XII was moved, seconded and carried.

RESOLUTION XIII

WHEREAS alcoholism is a leading illness and health problem in the nation, and the area represented by this Diocese, and

WHEREAS this illness affects members of all segments of society, and the spiritual need of the alcoholic and his family is the proper pastoral concern of the Church, therefore

BE IT RESOLVED that the Diocese of Olympia commend the efforts of governmental and private agencies now working toward the treatment of alcoholism as a disease, specifically those steps now being taken to substitute available alcoholic rehabilitation in place of penalties under law, and encourage the support of all governmental bodies currently studying legislation which would make treatment an alternative to jail for many alcoholics, and

BE IT FURTHER RESOLVED, that the 59th Annual Convention of the Diocese of Olympia request the legislature of the State of Washington to take all necessary steps

ward the establishment of detoxification centers for the treatment of persons suffering from alcoholism.

Resolution XIII was moved, seconded and carried.

RESOLUTION XIV

WHEREAS illegal abortions have become a problem of increasing magnitude (studies show one criminal abortion for every four live births in the United States), and

WHEREAS stringent abortion laws in this state drive many women to illegal abortionists or encourage self-induced abortions which often result in great physical and/or emotional damage or death, and

WHEREAS abortion law reform will eliminate from the law a class of criminal offense that is now widely tolerated and which breeds cynicism about the law in general, since illegal abortionists and women having abortions are rarely prosecuted, therefore

BE IT RESOLVED that this Convention urge the Governor, the Legislature and the people of the State of Washington to legalize therapeutic abortion after medical consultation approves the abortion as beneficial to the mother, and especially when a mother's physical or mental health is endangered, when pregnancy is the result of rape or incest, when a fetus may be deformed and when social-economic factors would seriously inhibit the atmosphere of love into which all children should be born and raised.

Resolution XIV was moved, seconded and carried.

RESOLUTION XV

WHEREAS the Church proclaims the human dignity of all men and women should set an example for its members and the community in this regard, and

WHEREAS in our society meaningful employment is a major factor in contributing to self-respect and respect for others, and

WHEREAS the program known as Project Equality, sponsored in this area by the Roman Catholic Archdiocese of Seattle and some of the Protestant denominations, is a praiseworthy effort to increase equal employment opportunities by firms doing business with the several churches, and

WHEREAS the Diocese of Olympia has been asked officially to join Project Equality, both in its practice and in the financing of its operation, therefore

BE IT RESOLVED that the 59th Annual Convention of the Diocese of Olympia direct the Diocesan Council to accept the invitation of Project Equality, and to proceed in the necessary mechanics of joining the enterprise, and

BE IT FURTHER RESOLVED that the 59th Annual Convention of the Diocese of Olympia direct the Diocesan Council to seek such funds which in its judgment are proper and necessary to participate in 1970, and to include in the Diocesan Program 1971 an amount not to exceed \$4,000 for such purpose.

Resolution XV was moved, seconded and carried.

RESOLUTION XVI

WHEREAS the present level of pension payments to retired clergy and the widows of clergy are scandalously low in the light of rising price levels, and

WHEREAS the Church Pension Fund must operate under strict rules laid down by General Convention, therefore

BE IT RESOLVED that the Diocese petition the General Convention meeting in Houston to increase the minimum pension to \$3,000 for clergy and \$2,400 for widows of clergy and provide for a regular cost of living adjustment every three years.

Resolution XVI was moved by the Rev. Canon Elmer Christie, seconded and carried.

RESOLUTION XVII

INASMUCH AS there is much confusion in the minds of the people of the Church between the national publication of the Church, The Episcopalian, and the Diocesan publication, The Episcopalian in Western Washington;

AND FURTHER, inasmuch as the former name of our diocesan publication, The Olympia Churchman, had such a wide acceptance throughout the Church; therefore

BE IT RESOLVED, that the name of the official publication of the Diocese of Olympia, The Episcopalian in Western Washington, be changed back to the name, The Olympia Churchman.

Resolution XVII was moved, seconded and carried.

There was no report from the Committee on Unfinished Business.

The 59th Annual Meeting of the Convention of the Diocese of Olympia adjourned at 6:30 p.m., following prayers and a blessing by Bishop Curtis.

Let us pray: Remember thy servants, O Lord, according to the favour which thou bearest unto thy people, and grant that, increasing in knowledge and love of thee, they may go from strength to strength, in the life of perfect service, in thy heavenly kingdom; through Jesus Christ our Lord. Amen.

Grace be unto you and peace from God our Father, and Our Lord Jesus Christ, and greetings from a Bishop who is proud to head up the work of the clergy and people of the Diocese of Olympia. To be your bishop is not to be in a snug position, it is a calling, and I feel the excitement of what God is calling us to do together in these times and I hope you share it.

God is calling us to pray together, worship together, and cherish the treasure he has entrusted to us. He calls us to take action and to heal the brokenness in human life in the world about us.

As followers of Christ, the theme of our lives should be to ask God to forgive our sins, as we forgive our fellows, that God's will be done on earth; that we do God's will as we know it in Jesus who loved the downmost man, and died on Calvary's Cross and rose again to save and help.

A most significant passage in scripture tells what happened at Caesarea, Philippi. Jesus asked, "Whom do you say that I am?" And Simon Peter replied, "You are the Christ, the son of the Living God." Then Jesus replied, "Blessed are you Peter, for on the rock of this faith I will build my Church."

As we consider this passage, there is one word, a short word, an adjective of two letters only, that I would underline for you. It is the word MY. Jesus said, "On the rock of this faith, I will build my Church." MY Church! Let us accent and underscore that word tonight. It is HIS Church! It is not the Pope's Church, nor Canterbury's Church, nor the Presiding Bishop's Church, nor does it belong to any particular rector or vestry—it is Jesus Christ's Church—and there should be no quibbling about it!

We are proud that we are a part of the Anglican tradition. However, as Episcopalians, we are but a tiny fragment of the great universal Church. Much that we do here at this Convention will seem trivial in the light of the great crises which human society faces today. Yet I hope and pray that our purpose in coming here is not simply to do some institutional housekeeping but to seek as responsibly as we can the guidance of Jesus Christ for his Church, in order that we who make it up may discern what we can do and what we ought to do!

I love the Episcopal Church. She has born with me all my life. The loyalty that I have seen lived out between laity and clergy and bishops in this church has inspired me through the years.

For more than thirty years, in many places in America, people of other denominations have said to me—in Boston, upstate New York, Michigan, Los Angeles, and here in the northwest, "I am amazed at the way you Episcopalians keep going to church even when your minister is a terrible preacher." Episcopalians shrug their shoulders in reply, and say, "Well, he is my priest—and if we are to love God and the fellowship, we are called upon to take the priest in our stride." And the same holds true with the Bishop—you take your Bishop in your stride also.

At Baptism you and I enter into a tradition that gives meaning to our lives—it holds us together—gives us something to cling to when life is hard, and when we do not know what to do next, and it gives us real help in hours of heartache and suffering.

This tradition of ours is based upon the Christian idea of God and Man and their relationship. It provides a Christ-like point of view about morality, how to live, and how not to live.

Baptism is more than a service of initiation into this tradition, it is a sacrament. There is the outward sign, water, and there is the inward change that takes place.

The candidate is washed with water in the name of God the Father, God the Son, and God the Holy Spirit. Baptism is more than a service of initiation to the Church—it is a sacrament and we believe that a change begins to take place when the sacrament is performed.

Sin is to die within the candidate, and a new birth unto righteousness is to take place. Everyone of us is aware that he has within him a certain amount of freedom within his limitations. He can choose. He can make decisions. He can choose to act for his own benefit? Or he can act to help other people. If he acts only to help himself, he is a sinner. If he acts always with the purpose of helping other people, he is Christ-like—a saint. Few of us are completely one or the other. Most of us are a combination of both. But we believe God is at work in us, through the church relationship making us more and more like Jesus. This is our great hope.

We are not animals. We can think, make plans, decide. But we are all born selfish. I have a granddaughter about two months old. A beautiful baby!—but “you want what you want when you want it, and you get what you get when you get it, when you want what you want, you don’t want what you’ve got, when you get what you want, you don’t want it!”

This real fact about us is called original sin. In a baby it is amusing, but in a grownup, it can be quite formidable and can lead to destruction.

As long as we live we shall be faced with the temptation to place our own personal welfare and convenience ahead of the welfare and convenience of other people. Those who train children will tell you that you only learn to feel and act kindly toward other people from association with loving, kindly people. That is why Episcopalians sometimes do such crazy, generous things. The world simply does not understand for the best of the pagan world is force and retaliation. The rule we would abide by in the Church is understanding generosity and reconciliation to the point of sacrifice, to continue to turn the other cheek and do good to those who need help but are hostile because they have been hurt.

At Baptism we are received into a fellowship of people whose principal purpose is to surround us with love, acceptance and forgiveness.

I have seen people who have been wounded by life, who could not trust anybody because they had been deceived so many times. I have seen such people learn from our fellowship to trust, and to give and to receive love—when at first they were so brittle, proud and scared, that they rejected others and drove them away.

In my life time in this Church I have seen so many people healed, so many reconciliations made, so much goodness and self sacrifice for others, that I am not surprised

when our leadership challenges us to be more Christian than we have ever been as a total group.

Since South Bend, where the Bishops and Deputies and Special Representatives met on the campus of Notre Dame University, I have been interested in the game of musical chairs that some people have played in our Diocese.

In the first ten days after my return some conservatives who were outraged that the black clergy of our Church should be listened to by our highest assembly, said to their priest, or wrote to me, saying something like this: "I have had it -I do not want one penny of my pledge money to go towards the two hundred thousand dollars voted for the Black Clergy to help black people—or the one hundred thousand voted to be given to the Indian clergy for help to the Indians and Eskimos. They labored under a misapprehension because it was never intended that one penny of the pledge money be given. This has recently been affirmed by the Executive Council at its first meeting after South Bend.

But that is not the only mail I had. Other letters came with checks, saying, I am fed up with my rector and vestry for the stand they have taken in condemning what was done at Notre Dame and I am moving to a place where we have a more generous priest and congregation. However, I am now getting letters that do not condemn anybody but include checks for the fund.

I would hope that whoever you are and whatever you are, that you would stay where you are! Ask yourself if the mind of Christ is in you as you deal with brothers and sisters in the Church who may disagree with you. Remember that even a stopped clock is right twice a day and there must be room for humility in every Christian because nobody is perfect except our Lord, and nobody knows the right answers to everything. Dialogue about important matters is important—but rejection of other people or abuse of other people because you disagree with them—this is not the spirit of Christ as I have been trained to know it in the Episcopal Church.

As community problems and the problems of our nation and world increase and as we are forced into the middle of crises all over the world through television, we find our personal tensions building up. It does not help for us to live in one place, as so many do, work in another, play in another, go to church in another, compete in fair and unfair competition, and work for a company that moves you from city to city with your family. Under these pressures many people in our area turn to pills, or alcohol, weekends in the country or to the boat as a way of escape.

Relief and pause for a rest is important to everybody, but we may be in danger of forgetting that tension is not all bad. Tension can play an important and creative part in our lives.

At our best we reach for truth, beauty, goodness, integrity and freedom. But we are held back by what St. Paul calls our lower nature, the desire for self importance, for pleasure and comfort, for popularity, for an easy conscience—not to be troubled. There is a certain amount of tension for every man and woman who accepts his membership in the church seriously. Insofar as the Church puts Christ first, she makes greater demands from us for fulfillment and achievement than any institution or philosophy of

The next matter of special mention is my prayer that we show more concern in the Diocese of Olympia for our fellow Christians of other denominations at the local level. We Episcopalians for years have fought shy of the ecumenical movement as if we could do the whole work of Christ alone. It is beginning to sink in that we cannot do what needs doing all by ourselves—in fact, when we work with people of other denominations we are all challenged to be more Christian than we are working by ourselves, because alone we tend to be too easy on ourselves. I feel that the time has come for us to stop dragging our feet and gagging at the word ecumenical and to set about doing our Lord's will. Christ prayed in John 17 that we might all be one as he and the Father were one. If this is so, then we can at least entertain the idea of doing a next thing to help bring this about. Let every parish, mission and convocation in every town and city find a way and a means of taking a next step in the direction of friendship and program planning with congregations of other churches.

My next concern is for the Camp and Conference Program. The Rev. Canon Lincoln Eng has been popular and effective in working with our youth. With his camp and conference committee, plans have been made for the future of Camp Huston, and I ask that we consider those plans seriously even to the extent of approving a special drive within the diocese for money to carry out those plans! This has been a subject of discussion for many years in the Diocese. It is the biggest item of unfinished business that we have. We have had a number of committees work on the matter for more than ten years. At this Convention I ask you for a decision!

At Christmas time last year the Diocese was given a sum of \$25,000 by Mr. Norton Clapp for use at St. Andrew's House on the Hood Canal. He gave us St. Andrew's House in the first place in 1952, and Mr. Hawthorne Dent built a cottage on the beach for the Bishop which is now used for the benefit of the clergy and their families. Most of our young clergy cannot afford vacations away from home. Here is a place provided for them and their families.

With this \$25,000 we are building parking lots on the hillside, a cottage for the caretaker, and turning the area where the caretaker formerly lived into a chapel and conference room. I want to say about Mr. Clapp that he is always there when his Bishop needs him, and to say in behalf of us all, "Many thanks".

Bishop Hubbard, the retired Bishop of Spokane, has been running our diocesan retreat at St. Andrew's House, and plans to do so this fall and winter. We are grateful. He is a skilled retreat master and counselor. I ask the clergy to announce these retreats and ask our lay people to take them seriously. Everybody is invited. Call the diocesan office and sign up for a retreat. The life of devotion and prayer is a number one priority for our family. We are fortunate to have a Retreat Master of Bishop Hubbard's caliber.

Another matter of concern is clergy salaries. The top minimum salary throughout the church is \$6,000 per year, plus house, car and utilities. Some dioceses are still below that. The budget that you will vote upon tomorrow has built into it a minimum of \$6,000 for clergy. It has been \$5500. This is for vicars. As for the rectors, the vestries of parishes must govern themselves accordingly. I sincerely hope that they will take into consideration the inflation of the dollar which has not stopped—but keeps going up. Last year we have had the biggest jump in inflation in 20 years!

life that has ever been dreamed up in history. More than that, we believe the Church has not been dreamed up by man—it is God given.

If you are comfortably settled down in your life today; if you are content with what you have made of it; if you are at ease with your society, faults and all—with your community, nation, and world; then you have not really felt the tension of living with Jesus Christ as your Companion.

The service of Holy Communion where priest and people enter into the presence of the crucified, risen, living Lord makes plain to every man and woman at worship that Jesus Christ is living now—and would have you serve him now!

If we could get rid of Him, if we could stifle his voice and forget the memory of him and convince ourselves that he is dead and done with, then life would be easier and the pressure would be removed. But so long as we remember him in Holy Communion as we do, then His love and forgiveness and sacrifice for the lowest and most abused of men will haunt us and we will have to endure a kind of tension and learn to deal with it, if we would save and help those around us for whom he died on Calvary's Cross.

The way Americans have been acting lately has led some commentators to remark that we are the most emotional people in the world, that we are even more volatile than the South Americans. I believe that at a time of turmoil and high feelings like today, the first duty of an Episcopalian is to see things clearly and to keep a sober head. As Bishop, I would hope that we would have the grace to trust our leaders and work for unity even though there may be disagreement among us about what to do, and to accept with good grace the majority vote at General Convention and Diocesan Convention. Our religion should give everyone of us a wider perspective and a broader view to keep us from being swept off our feet by every wave of controversy.

At this fifty-ninth Convention our goals and programs and budget are meant to do what our forbears have done for fifty-eight years, to see to it that the mission of Christ's Church is faithfully promoted. But the style in which we shall do it must be in part shaped by the particular world scene that we face from western Washington today.

Diocesan Council with its program and budget committee has prepared a budget for 1970. I invite your attention to the printed manual that has been put in your hands. The last chapter of that manual printed on brown paper contains my description of the work done and the program carried out this past year. I shall not repeat what is there, I hope you have already read it for yourselves.

I do have some concerns about the coming year that I would like to share with you tonight. We have just had a visit to this diocese by the Bishop of Osaka. Expo '70 will be held in his diocese in Japan next year. We plan a diocesan pilgrimage to Osaka in April. We have chartered a plane on which Mrs. Curtis and I and 165 members of the Diocese of Olympia will fly to Osaka. There we will be greeted by Bishop Koike and his people, visit Expo '70, pay a special visit to Paul Rusch's KEEP, and I shall proceed to visit every church and institution in that diocese, bringing greetings from yourselves and the American Church. You will find a special booth here at Convention where you can learn all about it and be able to sign up for the pilgrimage if you so desire. This is a missionary pilgrimage to our partner diocese in Japan and a visit to the first Expo ever held in Asia. I invite you to come along.

The past three years, our diocesan budget has not even kept up with the inflation in our country, and I congratulate the Diocesan Council and the Program Budget Committee for their ingenuity in coming up with such a meaningful and effective program by cutting down in many places in order to add in others to make the program more effective.

At the Lambeth Conference the nineteen national churches were urged to experiment with the process of initiation into the church. Baptism, Confirmation, First Communion, can be play acting, unless responsibility, witness and stewardship follow. I have had a pilot study group at work on the theological background, the educational insights and other considerations involved in finding a more effective way of turning people on to responsible commitment to Christ and the furthering of His work in the world. We plan to choose two or three local churches where experiments in initiation are to take place. We will record our success and failure in order that everyone might study what is being done. We have had the guidance of Dr. Massey Shepherd, our great authority in this field and will bring Father Bonnell Spencer, theologian, to confer with us after the first of the year. I believe we can learn from this effort and with the help of God and the cooperation of the clergy and people, make a contribution to the ongoing life of our beloved church.

New styles of the ministry are developing in the Diocese as they are everywhere. We have some professional clergy who have gone to college and seminary and received their salary from the church for a period of years. They have now gone into social service, personnel, or some related work, where at present they receive their salaries. They would still serve the Church, keeping their priesthood but getting their salaries outside the Church. These men are responsible to me as priests and must keep the same discipline that they were bound by before.

The next group are laymen who have always earned their salary professionally, but who loved the Church so much that they have studied at the Bishop Huston School for the required time and passed the same examination before ordination as the men who came out of seminary. They are men who are looked up to and respected as leaders by their fellow churchmen and after ordination serve as non-stipendiary clergy. Their time as ordained deacons is donated to the Church. Some exceptional men have done this. They also make up a special group and are responsible to me.

The third group of clergy are the regulars who went to college, seminary and serve in parishes, missions or on the diocesan staff. These, I hope, are responsible to Jesus Christ and are still loyal to their Bishop.

We have a diocesan plan for life insurance, medical and hospital insurance for our clergy and their families. At the next General Convention in Houston our Church will probably adopt a national plan for all clergy in every diocese. At present some dioceses have nothing at all.

A deployment system using computers is being set up in New York in order that our clergy may be enabled to move around for their own development and the advantage of the churches they serve.

Then, for three years, we have been planning with the Federal Housing Commission to sponsor low cost housing projects with F.H.A. money in the Hilltop area of Tacoma.

This was earmarked two years ago and has not been cancelled by the present administration. Its purpose is to provide decent housing for low income families. Some of them will be older people who need help because rising prices make it difficult to live on pensions and others will be minority people.

I would like to find a Canon Theologian to take Dr. Fred Schilling's place, to hold classes for the clergy and to organize discussion groups of men and women in the several areas of the diocese. With the changes being made in women's work and the United Thank Offering, it is being suggested that the Church establish more and more discussion groups of Episcopalian men and women on a regional basis, as well as in the local churches.

If we are to work together and have Christian influence in this society, I believe we must increasingly talk things over in groups. In the next ten years more services of worship and more discussion groups and classes will be held in the homes where our people live. In small groups I believe this kind of dialogue will help us. There is in our culture at the moment too much of the spirit of the Pharisee who points his finger as if to imply -I am the only honorable man left. Thank God I am not like those others who are not very smart or have so little integrity or who are the dupes of communists. It is so easy for some of us to confess everybody else's sins! Jesus talked about the publican, whose humility and true appraisal of himself led him to say, "I am not the man I ought to be, and can be-I have not done what I should have done to do God's will. No matter what I do accomplish I still fall short of what needs to be done. God be merciful to me a sinner!"

As your Bishop, may I remind us all that in every home of our diocese this type of humility will help hold the family together. Within the local church and diocese and national church the spirit of the publican, not the spirit of the accusing pharisee, is the spirit that will win. Christ put his stamp of approval on the publican, not the pharisee.

If we are to hold the Church together in these days when the pressures of the world would tear us apart; if we are to function as the Body of Christ; we must listen and learn from each other and put Christ first, not our own prejudices or opinions. As surely as I know that my Redeemer lives, I know that everyone of us is filled with un-Christ-like prejudices that we have inherited or grown into and with the grace of God we must grow out of them into the kind of maturity that can reach out and reconcile hostile groups and those who do not communicate. We are being put to the test-with the grace God we can meet that test.

In closing, may I say that the spiritual must come first with us all-before our witness or stewardship can amount to anything.

How often congregations put their fears first as they plan for the future. More and more we must become people of prayer, and our prayers must in every case be the fervent attempt to lift the Church up to the will of God, to bring our Church closer to the heart of God as we know it in Christ.

You have only to read the book of Acts to see that after the resurrection the disciples held together in prayer. They prayed through days of confusion and forgiveness, days of cleansing and crucifixion of the ego, days of opening their inmost selves to the enabling power of the Holy Spirit.

When the disciples did this then it was that they were dynamited out of the upper room at Pentecost to tell the whole world about Christ.

A second thing we must do. We must talk the Church up and not down. If you could hear some people talk about their minister and church and its leaders, you would wonder why anybody bothered to go there at all. How much unfaithfulness to the church can be traced to disloyal and un-Christian table talk. It is a bad habit. There is too much at stake. Clergy must set the example.

Prayerful faithful constructive witness to Christ and his way can promote the effectiveness of what we are here to do.

There is a third thing that follows in what I urge as our style of life. Matthew says, "Where your treasure is, there will your heart be also". How true this is. If we pray with all our might and talk the Church up, then we will find ourselves committed to do the will of God through witness and mission.

Where are we heading? What lies in store for us? Where are these strong currents of change taking us? This balance of power among the big and little nations—the population explosion—space travel—abundance and leisure in some places starvation and annihilation or abuse in other places—a Vietnam—a Biafra—a South America—a Civil Rights Movement—revolt of the young—the atomic bomb in the hands of China, Russia and the U.S., predictions that we will all be wiped out before the next twenty years roll by! Where are we heading?

One of the great statements of the Bible was uttered by Zerubbabel, "Turn ye to the stronghold, ye prisoners of hope." Facing doubts and unbelief in a world where people say they believe in God—but don't really trust in Him—I summon you to gather with me around the stronghold! "I will go unto the altar of God, even the God of my joy and gladness!"

The message of Jesus Christ to you and me, of the Church to a disillusioned world that today despairs of the ability of man to set things right, is the message of the loving, suffering fatherhood of God. Behind all of the changes there is someone who loves, values, cares, who will not forget even the downmost man; One whose will is for health, justice, truth, for all of his children; One who touches the sore spots of mankind and says, I suffer here, and here, and here. Where people—any people suffer—there I suffer too. Against that background we must interpret our world with all of its problems and perplexities. Against that background we interpret all of the misery, exploitation, injustice and inequality—the hatred and unbrotherliness of our world, and see how they look against the background of a loving God who shares our sorrows and sufferings. "I will go unto the altar of God even the God of my joy and gladness." I invite you go go with me to that altar, increasingly, in body, mind and spirit, in the days and months ahead.

PROGRAM BUDGET PRESENTATION - 1970

Fundamental to any understanding of this proposed Program Budget for the Diocese of Olympia for 1970 is the Diocesan Philosophy adopted by the 1962 Diocesan Convention.

"GOD WAS IN CHRIST RECONCILING THE WORLD UNTO HIMSELF"

"There is only one ministry and it is Christ's ministry of reconciliation. The Church, as the Body of Christ, exists to exercise that ministry to the glory of the Father and in loving concern for all men everywhere.

Having then accepted Jesus Christ as Our Lord and Savior, we--the Church are committed to work for the establishment of this same relationship between all men and God by:

So strengthening our personal convictions that we dare face the world from our Church:

By becoming acutely aware of the several basic needs of the world;

By bringing the unlimited power of the Christian Community to bear in answer to these needs."

This philosophy is based upon our understanding of the Church's mission task first given to us by our Lord and as subsequently formulated by His Servants and Apostles in the continuing life of His Body, the Church.

As the Philosophy Statement of the Bishop's Commission on Planning and Strategy reads:

"From the time of the Apostles the motivating force of the Church has been to preach the good news of the Gospel to all men wherever they may be . . . Holding the need of mission as basic in our common life in the Diocese, we accept as our philosophy the primary responsibility of promoting in every way possible the extension of the Gospel to all individuals and groups in Western Washington."

OBJECTIVE I - OUTREACH

APPENDIX III

COMPUTATION OF ASSESSMENTS

Diocesan Assessment

How is the annual diocesan assessment upon each parish and mission of the Diocese computed? This is a question frequently asked by concerned Churchmen across the diocese. The answer is as follows:

Article XVII of the Constitution of the Diocese of Olympia empowers the Convention to levy assessments on the parishes and missions for the necessary and proper expenses of the Diocese. Canon 8 of the Diocesan Canons spells out the following method which is used in computing the exact assessment for each parish and mission.

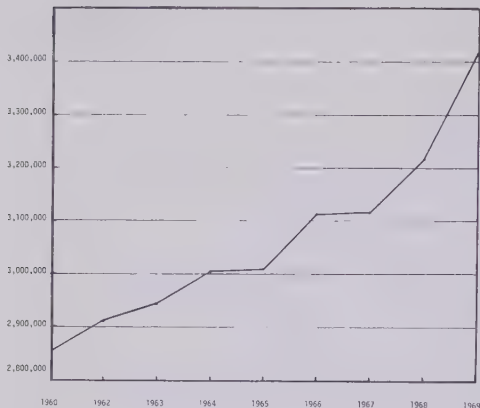

- a. The annual disbursements for local current expense reported by all parishes and missions for the last preceding three years are totaled and a 3-year average figure is determined. (1)
 - b. The Diocesan Budget to be assessed is then divided by this 3-year average figure to determine the percentage relationship of the Diocesan Budget to the average annual total disbursements for local current expenses of all parishes and missions for the past three years.
 - c. This percentage is then applied to the 3-year average of total disbursements for local current expense of each individual parish and mission to determine its individual assessment. (2)
- (1) The three years used to determine the 3-year average of disbursements for local current expense in computing parish and mission assessments for 1970 are the years 1966, 1967 and 1968. 1969 figures are, of course, not available at this time.
 - (2) The local current expense figures for each parish and mission are those furnished by the church treasurer in the Annual Parish Report made on the form provided by the Executive Council. The specific item used is found on page 6 of that report and is entitled, "Total Disbursements for local Current Expense (F17-28)."

National & Provincial Assessments

The national and provincial assessments are computed in the same manner as the diocesan assessment.

Program Report

OBJECTIVE I – OUTREACH

In our Outreach Program the Diocese makes a significant contribution to the National Church and to regional church work. A portion of the money which we raise from the parishes and missions goes through our books to the national programs of our Church. Some of these have received more publicity than others. For instance, we are contributing to the ever-increasing missionary outreach of the National Church through its domestic and foreign mission programs. It would be impossible in a report such as this one to capture the missionary mood of our national programs. Let me simply say that it does carry on our intense interest with outreach using our resources to make effective programs possible for inner-city work, for work in Latin America, for work with our Indians along with our Eskimo brothers, and for our participation in a host of programs dedicated to preaching Jesus Christ to peoples everywhere.

Similarly, our Outreach Program includes our membership in the Province of the Pacific. Reconstituted some years ago, we are now enabled without a great deal of legislative mix-up to work quietly and effectively together. Many of the reasons for the Episcopal Church's good work on the West Coast, especially in relationship to the other Provinces of the Church, has been this kind of informal fast moving organization which we now have. We were the first to respond to the Presiding Bishop in terms of his 'urban crisis'. We have moved dramatically in new fields of Christian education, and we have felt our Episcopal brotherhood most keenly as we strengthen one another in the crisis eased within the individual dioceses. I am proud to be the president of this Province and to receive in your name and in the name of our fellow Episcopalians in other dioceses, the praise which I think we justly deserve.

We also have participated in the Special Convention and we are laying money aside for the upcoming General Convention in Houston, for Lambeth and the Anglican Congress. The Program Budget reflects this looking ahead.

OBJECTIVE II – NURTURE

Education

The education program of this diocese continues to grow and serve in new ways, both to the Church and the community. It is important that the local congregation is supported and strengthened in its Christian education endeavors. The education program has supported local churches in curriculum, planning and administration of Church Schools, Vestries and Bishop's Committees, and Planning Committees for Training in the Planning Process, Episcopal Churchwomen, adults who provide the 'Support Ministry' for Junior Highs, Parish Life Missions and Parents' Classes.

Concurrently numerous requests to the Program Director for advice and counsel in the area of education have been made from other denominations and agencies.

In the past twelve months Lynn Young has spent 148 days in the field. Fourteen local churches received Church School Teachers Training Sessions, twenty churches received consultation services.

Consultations with the Mr & I, Stewardship and Youth Commissions, the Northwest Council on Theological Education, the Ecumenical Metropolitan Ministry, Western Washington State College (Associated Student Body Council), Valley Hospital, Anacortes, Capital Hill Ministry, Presbyterian Coffee House, Issaquah have made it a lively year. Also, the consultation requested by other denominations - Methodist, Baptist, Roman Catholic, Presbyterian and Lutheran have increased our understanding of each other and have increased our effectiveness, hence we are ultimately the richer for the sharing.

A year-long Education and Training Program for Christian Education Workers to: provide an education program for leadership in Christian education in the local church was started in September 1968 with eighteen clergy and lay persons participating. The program consisted of pre-program consultations, an Orientation Weekend, four-hour bi-weekly sessions, a three-day Religious Education Congress (sponsored by the Archdioceses of Washington), a one-day Audio-Visual Workshop, and a three-day conference on the Junior High Ministry. The Philosophy of Christian Education, the Process of Learning, Rationale of Church School Curricula, The Bible as it related to Christian Education, Planning and Administration of a Church School Program, Use of Teacher Manuals and Related Resources, Child Development, Consultation Skills, Audio-Visual Resources and Techniques were included in the course material.

Local Church Schools are still affected by the complex problems such as, low attendance, lack of adult support, low teacher morale, and lack of funds. Therefore, support to those who do volunteer work in Christian education has been an area of intensive work this past year.

The Planning Process not only has become a way of working for the Program Planning Committee and Diocesan Council, it has also become the process for planning for the future that local churches have found beneficial. Four conferences for Training in the Planning Process were held, two diocesan-wide, one for the Program Planning Committee and Diocesan Council and one co-sponsored with the Seattle South Convocation.

The response to the Summer Family Kit, Celebration of Life, was so favorable that the Task Force went to work again and prepared a new kit that was even better than the first - 3,000 copies were distributed. This year the Kit included a complete directory of Summer Services throughout the diocese. Three missions - St. Peter's, Seattle, St. Peter's, Ilwaco and St. Aidan's, Camano were Station Parishes this year.

Two Audio-Visual Workshops were held this past year. The film library now numbers 22 films, 241 filmstrips and 15 records.

Church-by-Mail now reaches 86 families and single persons. This service is an extension of many parishes and missions. The former members of St. Hubert's, Yacolt were returned to Church-by-Mail with the closure of the mission.

The Music Division conducted several workshops, did numerous consultations and chores this year. The chairman, Mrs. James Pierson also acts as a very effective Personnel Placement Bureau for Organists, Choir Masters and other music positions throughout the diocese.

The Adult Education Training Services continues to serve Church and Community. The past year 40 adult education events were held at conference centers, parishes and missions (see attachment). These events required 373 1/2 trainer days by 15 trainers. 736 persons anticipated in the adult education programs.

The Confirmation Task Force continues to study Baptism, Confirmation and Church Membership. Dr. Massey Shepherd met with the Task Force this spring.

Bishop Bloy of Los Angeles requested that Lynn Young spend some time in Los Angeles to consult with the Council of the Episcopal Churchwomen for Goal Setting and Strategy Planning. Bishop Harte of Arizona also requested her services to train Bishop and Diocesan Council in the Planning Process.

Lynn is the Chairman for Christian Education for the Washington State Council of Churches and is on the three-member Coordinating Committee for Education and Training for Province VIII.

Lynn continues as Staff Officer to the Program Planning Committee and the Diocesan Council for Planning and Research.

Summer Training for Seminarians

THE SUMMER TRAINING FOR SEMINARIANS PROGRAM continues to provide selected men with a parish experience under supervision. The Diocese helps the parish underwrite the cost of the seminarian in residence, and provides a qualified parish with the extra funds to make this a worthwhile time for the student.

The parish is qualified by having its rector or vicar accredited as a supervisor in the Church Leadership Development Program formerly called the Western Parish Training Program. These priest-supervisors are trained and the benefits of this training comes to us in the Deacon Training Program, and in the relationships which exist in these parishes between the senior priest and his associates.

As a result of the experience with seminarians the whole idea of supervisory training for clergy has been expanded in the newly named Church Leadership Development Program. This is coming into our budget this year for independent support so that we can appropriate the benefits of this learning in other parts of the Diocese. I might say this extends even to the Bishop's Office.

Continuing Education for Clergy

This last year we expanded our education program for the clergy from one of mission vicar support to one which will benefit all clergy in the Diocese. Through this program we have enabled clergy who would not otherwise have the opportunity to attend advanced education and training courses which will fit them for the professional needs of being a priest today. We continue to offer training in Christian Education to our clergy. We also have introduced new programs this last year.

One is the work of the Pastoral Institute. This Institute provides training in counseling techniques; it does offer treatment and consultation as well. In our membership in this Institute we join with other denominations, and with the University of

Washington in what I believe is one of the soundest programs in pastoral training provided today for clergy in any church.

Similarly we have enabled some of our clergy through this fund, and using the funds of the Province, to attend the supervisory training programs of what is now known as a Church Leadership Development Program. This is the basis for our summer training programs for seminarians and provides us with the training parishes for the program described previously. Specialized education, pastoral techniques, community organization, etc. have also been provided for our priests through this program.

Youth Work

The conference programming of the diocesan youth began with the Fall Episcopal Youth Conference on the Thanksgiving Day weekend at Trinity Church, Everett. Two hundred and thirty-six young people were in attendance. The planning done by the Youth Council led by Mr. Jerry Johnson with the help of Canon Eng, Fr. Brown and Fr. Tomter. Other clergy of the diocese did a study under the theme of "Reach Out In The Darkness" relating to our concerns for better communication between people in the world in which we live, and what the "Good News" of the Gospel has to say about this world and our mission.

During the year, convocational meetings for advisors and youth leaders were planned—the only one held was at Port Townsend for the Peninsula Convocation. This one gave us many insights into the needs of parish advisors for support. The Youth Council was also involved in regional conferences and meetings such as the one with the EYC's of the Grays Harbor Area. Other work this year was the planning for, and carrying out the summer weekends at St. Andrew's House. Work initiated this year was the developing of youth service projects along with the Youth Board of the Diocese of Spokane, Work Day at Camp Huston, and joining with the Canadian young people in the Anglican Provincial Youth Conference at Prince George, B.C.

Dorothy Gunn, Greg Salcedo, Laurie Billington, DeAnn Rathbun, Mrs. Nell Rehm, Fr. Truitt, and Canon Eng were sent to the West Coast Regional Ecumenical Conference for Adults and Youth in San Francisco. The conference was involved in study of new life styles, life choices, and crisis in education. They are available as speakers for any parish programming.

In addition to all this, I appointed Jerry Johnson to be our youth representative at the meeting of the General Convention in South Bend, Indiana. He is a very able young man who will speak out during the discussions where the youth viewpoint is very necessary.

During this year, we have continued to build a resource library—books, magazines, reports, and music, and records. This material is available from the Diocesan Library for your use. I understand also that our diocesan young people will have a touring group soon who will help with folk music services in the parishes.

Saint Andrew's House

Saint Andrew's House continued to be in constant use all year. Parish conferences, youth weekends, diocesan training programs, prayer groups, ecumenical conferences, and diocesan retreats have taken up all the available weekends. I am told that we are now booking eight months in advance of use, and that we have almost two requests for every weekend possible. There are groups on stand-by basis waiting for any cancellation. The number of mid-week uses for St. Andrew's House is also increasing.

Steve and Mary Lou Dessin have taken over as hosts-caretaker-cook for the House from Mr. and Mrs. Glenn Fatland. The Dessins have done excellently as hosts, as caretakers, and as cooks. The property is well cared for, the work of repair being done, and the food is good.

In our retreat program, I want to thank the clergy of the diocese who have taken part in the leadership, the support, and the planning. I want to thank Bishop Hubbard especially for taking the diocesan sponsored retreats over this past year.

Summer Camps

The summer camping program is centered in the Camp of the Holy Spirit. We have had our program and staffing direction under Mr. Leroy Babbitt's care. He is a teacher in Enumclaw High School in physical education and is also the coach in football. He is being assisted by a strong staff and we continue the policy of hiring mature young people of college age to guide our campers. The worth of this was amply proved by their performance during what might have been a tragic emergency when St. Patrick's Lodge was totally destroyed by fire.

Mary Kay MacLean cannot be thanked enough for her incisive action and coolness in leading her six campers out of the building at midnight and sounding the alarm. All the other counsellors responded according to our procedures to safeguard the campers, and to contain the fire. We were also thankful to the Forest Service personnel, to the Scout Camp staff, and the YMCA camp staff for their quick response with men and with equipment.

This year we had 200 campers in the program. During the breaks between camp sessions we have had youth groups and parish groups make use of the facility by camping out and preparing their own meals.

We had one group of young people go on a wilderness hike in the North Cascades under the leadership of Keith and Betty Gehr, and Fr. Harriman as chaplain. They ran into snow, rain, and primitive terrain, but all survived and enjoyed the experience together.

I want to thank the clergy who worked together as chaplains and teachers, and as slave laborers in our camping program. Under the guidance of Fr. Snapp, Jim Elliott,

Jack Gretz, Bert Allen, David Storm, Henry Seaman, Stephen Norcross, and Lincoln Eng ministered to the needs of our campers and to the staff. Here is a real strength for building the life of the diocese into the future when our clergy are willing to give of their summer to be with our youth.

Camp Huston

Camp Huston is in a good state of maintenance and repair thanks to Tom and Bertha Maruska. In the short time that they have been with us, a miracle of rebirth has taken place. We have also hired Alec and Sandy MacDougal to supervise the recreation and swimming activities this summer. We have done this in order to save ourselves the problems of control over the use of the facilities, to provide for the safety of the swimmers.

Camp Huston is being used from May through September for parish weekends and as a community service to the upper Snohomish Valley. About 75 to 100 people make use of our camp grounds and swimming pool each day that Huston is open. Our relationship with people in the community is good. This will make it possible for us to try other programs of day camping until we look at the future possibilities for Huston.

Experimental Project Assistance for Congregations

Project assistance for congregations program provides direct aid to congregations caught with area problems. It provides us with learnings from these projects which enable others to meet these problems. The Diocese supports the churches listed below in programs which they have designed and are carrying out to meet their community's needs. The projects funded so far in 1969 are:

Seattle, Trinity Church -- A hospital calling ministry with a retired priest as a member of the parish staff. This program is meeting a need caused by the concentration of hospitals on First Hill in Seattle. It was called for by the clergy in the area who need this kind of support in these hospitals. Father Kappes serves as a staff member for this program -- \$2,000.

Seattle, St. Peter's -- A neighborhood inter-racial youth program. St. Peter's serves Seattle's central area. One of the problems of this area concerns youth. St. Peter's blessed with leadership that understands minority problems, sees needs and designs answers, uses its parish buildings in a youth center operation. The program benefits both the congregation and the area -- \$4,500.

Seattle, St. Clement's -- The summer program serving young people in a mixed racial neighborhood is being conducted by St. Clement's. This is just getting under way and financial assistance is being given by the Diocese -- \$2,500.

Tacoma, Church of the Holy Communion -- A joint program is being carried on this year again with the Parish, and the Charles Wright Academy cooperating in a youth program for Tacoma's Central Area teenagers. This assists both the Parish and the School -- \$500.

Tacoma, Christ Church -- This Parish has been involved in an attempt in Tacoma to create an inter-parish coalition ministry called the Ecumenical Urban Ministry. It

became apparent in the spring that an emergency grant was required to keep the project alive. This grant was requested by Christ Church, Tacoma — \$600.

Seattle, St. Mark's Cathedral — Last year the Cathedral requested \$1,500 from this program to fund a Capitol Hill Young Adult Ministry. This year the Cathedral took over the support and the Diocese bowed out. In April, however, it became apparent that one of the funding organizations was not going to be able to meet its deadline and the parishes had contributed everything they possibly could. The Cathedral requested and received an emergency grant from the Diocese for this program — \$600.

The Congregational Assistance Program is responsive to the issues being reflected in our communities, and the needs which these are causing. Currently, our programs are heavily oriented toward young people. As you can see from the descriptions listed above these programs are not youth programs. They are serious efforts to intervene in the 'urban crisis' and the central problem areas of that crisis. One of these is youth. In the future, as other problems become primary, and hopefully these problems are solved, this program will reflect where the 'bit is' as our parishes attempt to work in this kind of world.

Stewardship

Stewardship under the chairmanship of Ray Raines, member of St. Thomas' Church in Medina, the Commission on Stewardship has been hard at work with frequent and regular meetings, planning to continue the Parish Shepherd Plan initiated, though not completed in 1968. In addition, with the assistance of Canon Lockerby, the Commission has prepared two plans for Stewardship and Fund-Raising, for use in parishes and missions. A third Plan has been made available through the Commission, but authored elsewhere. The two plans prepared locally are respectively a system of family canvassing and a system of local house meetings for groups of parishioners within the congregation. Full and detailed materials have been prepared including a timetable.

At the request of the Diocesan Council, I have been in consultation with professional persons in the field of fund-raising and stewardship to gather ideas for long-range planning.

The Stewardship Commission in the summer of 1969 sponsored a series of meetings for men of the Diocese to consider the theology and philosophy of Christian stewardship and to implement the carrying out in practice of these ideas. During September the Commission also, in cooperation with the Commission on Education's Division of Adult Education and Training Services, conducted training sessions for men and women of the congregations involved in the plans prepared.

As mentioned, the Parish Shepherd Plan, is an ongoing program. It incorporates the formation of smaller groups within a congregation with discussion on a wide range of topics of Christian interest. The Shepherd Plan therefore goes beyond fund raising to other aspects of stewardship and mutual pastoral concern within the congregation.

Christian Social Relations

The Commission on Christian Social Relations as it is presently organized, is not to act primarily as an agent of social change within the community, but rather to act as an information-gathering group for appropriate purposes within the Diocesan structure. In addition, the Commission and its Director act as a liaison for the Bishop and Diocese with various agencies which work in the sphere of social relations.

Examples of such liaison are the Pastoral Institute of Washington, the Ecumenical Metropolitan Ministry, the Central Area Community Council, the developing Council on Religion and Homosexuality, Hilltop Day Care Center in Tacoma, and Urban America.

In the field of social concern with which the State Council of Churches operates are brought to Diocesan attention by the membership of Canon Lockerby and Mrs. Lynn Young, on the Executive Committee of the State Council.

To a smaller extent, and increasingly so, the Christian Social Relations Commission is developing direct programs.

The Task Force on Alcoholism, of the Christian Social Relations Commission, arranged for the annual retreat for alcoholic persons at St. Andrew's House. The conductor of the retreat this year was the Rev. Canon Kenneth Sandercock, formerly director of Henry Ohloff House in San Francisco. A number of persons who are members of the Task Force work throughout the diocese in this field. Further programming for assistance to parish clergy dealing pastorally with alcoholic people is being planned by the Task Force.

During 1969 a new Task Force has been formed to develop a ministry to the blind and visually impaired. This group has been meeting with persons professionally in that field to develop programs of assistance directly to the visually impaired and to assist the parish clergy in this ministry.

During the past year the campaign for the Presiding Bishop's Fund for World Relief was administered in this Diocese by the Commission on Christian Social Relations.

Northwest Council on Theological Education

We are continuing our membership on the Northwest Council on Theological Education. This group studies the theological needs of its member churches. The Council was formed to begin ground work for a Northwest Seminary.

OBJECTIVE III – COMMUNITY ACTION

Joint Urban Ministries (EMM)

The Ecumenical Metropolitan Ministry continues to be a significant contribution to Seattle's health, and to the well being of the Everett to Olympia urban complex.

Headed by the Reverend Mineo Katagiri and including the Reverend James Stewart, the Reverend Al Ward, and Mrs. Philip Saunsoucie. This group works behind the scenes to bring the hope of reconciliation and renewal to our communities. Generally operating outside the parish structure of our Diocese, the EMM operates or is involved in many church and community projects. The clergy can attest to the strength of Mineo and Jim as they have gotten to know them through our various clergy conferences and gatherings. I value their partnership with me and our Church's tasks in the city.

OBJECTIVE IV - CHURCH EXTENSION & PROPERTY ACQUISITION

Land Purchase and Development

The Diocese prior to 1968 carried out its program of acquiring strategic sites. The program was re-instituted in 1969. At the time of this writing, early June, no new sites have been purchased. We have our spies out looking for land; we have our representatives out encouraging gifts of land, but none of these negotiations have been completed at this point.

To summarize where we are in our land purchase program, we have on hand sixteen sites purchased at a cost of \$202,510. Today's estimate is \$350,000. This last figure is vague but it is somewhere in line with reality. This "raw land inventory" will allow us to start congregations and build churches in the following areas:

1. Clearview — Just south of the city of Snohomish and now rapidly growing.
2. Arlington — Just north of Marysville. Growth will come next year.
3. Juanita — Provides this already formed congregation of the Lake Washington Parish with a central site for a church.
4. Renton — This site will provide a yet to be established mission in the Fairwood area with a centrally located piece of land.
5. Lake Wilderness — This site will serve the developing Maple Valley Lake Wilderness area.
6. Edgemont-Miton — A piece of property located on Military Road north of Puyallup in the area called Five Corners, provides a property which is located for a developing community.
7. Christ Church, Puyallup owns land at Graham and has dedicated this to the mission expansion program of the Diocese.
8. Hazel Dell — Located just north and east of Vancouver, provides that parish with a central site in the middle of a developing area.

9. Sedro-Woolley – Thanks to a gift made to the Diocese, a piece of property between Sedro-Woolley and Burlington offers a new resource to this congregation.
10. Alderwood – A large, well located piece of ground in the growing south Snohomish area provides a resource for a congregation still to be formed.
11. Meadowdale – St. Hilda's, Meadowdale is a five acre site which will when used allow this church to be central to a south Snohomish County community.
12. Port Orchard - The congregation at Port Orchard has available to it a five acre piece of land when it decides to build.
13. Long Beach and Seaview – Thanks to gifts, the Pacific County Mission has some interesting property available for use at its south and ocean end.
14. Enumclaw – St. Catherine's has land on the highway north of town available to it for a mission expansion or trading.
15. South Everett - St. Patrick's lovely wooded site will provide it with a more than adequate building location when the time comes for it to be used.
16. Redmond – Another of the congregations which make up the Lake Washington Parish has a piece of property available for use in the center of the city of Redmond.

Current projections call for fifteen sites if we are to buy land now. The cost will be considerably lower than it will be if we purchase the property as we form the congregations. The location of the needed sites are:

1. Between Highway 10 and Renton, and at least two miles south of St. Margaret's (2 sites).
2. East of Lake Sammamish in the Providence Heights area (1 site).
3. In or around Lacey (1 site).
4. East of Kent (1 site).
5. In the Bothell-Woodinville area (2 sites).
6. Clark County, in suburban Portland – Vancouver (2 sites).
7. Whatcom County (1 site).
8. Snohomish County – Lake Stevens (1 site); Lake Goodwin (1 site).
9. Pierce County – Orting area (1 site); the Gig Harbor Key Center (1 site).
10. Kelso (1 site).

As you can see from looking at our land inventory, we have effected, we think significant savings by having this program available to us. I'm sure that the savings on future sites will be even more startling.

The cost of land must ultimately be borne by the mission which is formed to use that land. Anything we can do now will greatly help these future congregations.

New Work Missions

In 1969 money was set aside in the budget for New Work. At the same time the Convention urged the Church of the Holy Communion, then a parish, to become a mission. It did, and became the recipient of a significant grant from this item in the budget. It is not just a case of new wine in old bottles. In many ways the Church of the Holy Communion is a new work, taking a significant new direction in its programming and looking forward to what these changes in directions will mean in terms of future programming.

Also, at the last Convention the Archdeacon reported on the work of Father Maddux at Tahuya. While engaged in secular work, this dedicated priest has started a congregation and established the church on the north side of Hood Canal. He has now expanded this work to Allyn, a small community located between Belfair and Shelton. The Diocese is supporting Father Maddux with a small grant at this time. Hopefully in October, after the Every Member Canvasses and some expression of local support, the Diocese can enter into a partnership with the congregations at St. Nicholas, Tahuya, and St. Hugh's, Allyn to provide them with a full time clergyman.

Other new work is going on which is not being funded out of this program of the Diocese. Our area-missions, area-parishes, and the Diocese, through the Archdeacon, are beginning new work south of Renton in the Fairwood area. The Reverend E. Copeland, working with the Reverend John Schaeffer, is taking the lead in this effort. We have started some work north of Puyallup in the Milton area, but it appears that this may be premature and should be looked at again. The Christ Church, Puyallup staff, the Reverend Burton Salter and the Reverend Walter Truitt, are looking after this program.

St. Joseph's, located in the Tacoma suburban community around Lake Louise, is doing nicely, thanks to a good group of laymen and the Reverend John Backlund, Chaplain at Charles Wright Academy, who is giving time to guide this Mission. We are grateful to these clergy and the laity who are making this contribution to the life of the Diocese.

Established Work

In 1968 and in 1969 the funding for established missionary work remained approximately the same. We did add in 1969 a small amount to assist in bringing the salary level up for missionary clergymen. Grants and assistances for our established work in 1969 total \$136,500. The rough breakdown is:

1. To assist existing missions by providing mortgage money, \$67,000.
2. To assist existing missions by underwriting part of the support of the clergy, \$28,000.

3. To assist existing parish missions in programs which will extend the church through local efforts, \$41,500.

The Diocese is currently spending much less money on salaries than it has in the past. It is providing more mortgage money and certainly more program money than it has in the past.

We currently divide our missionary churches into four categories. These categories are defined by the aid which a particular church may or may not receive. These categories are:

1. Supported missions. These churches receive a grant to help pay the clergymen serving the church.
2. Self-supporting missions. These churches can pay their clergy but need help in paying for buildings.
3. Non-supported missions. These churches receive no assistance from the Diocese.
4. Missionary churches. These parishes and missions receive assistance in order to begin a church extension task in partnership with the Diocese, perhaps through an area parish or an area mission effort.

The churches in which the Diocese is involved in carrying out her mission program are shown on an attached list which divides according to these categories.

Perhaps a word should be said here about the traditional movement of a mission to self-support in order that it can become a parish. This progression seems of little importance to some churches today. Many of our missions do not feel that they are under any necessity to become parishes. However, this progression is still a part of our missionary policy. Traditionally the Diocese has insisted that a mission to achieve parish standing must:

1. Be off Diocesan grants for five years. In other words, be a non-supported mission for this period of time.
2. Have its major building program paid for, or at least under financial control.
3. Be contributing leadership to the Diocese.

The firm implementation of this program has caused our missions to become strong parishes, and I endorse this policy wholeheartedly.

COLLEGE WORK

The essential ministry of the Church continues at the main campuses of this diocesan territory. Some structural changes have been effected in harmony with the ecumenic viewpoints set forth by the Executive Council of the Church. This new focus has been complemented by the official move of the College Work into that of the ecumenic

United Ministry in Higher Education. In our diocese this appears in newly constituted boards at WWSC and U of W. Our position has been recognized inviolate in the incorporation of these boards to the effect that the bishop's authority in placement and salary and our liturgical tradition are unabridged. We are assuming our share in the corporate expenses of these boards and the building arrangements involved, as well, of course, in the larger ecumenic services to the people on the campuses which these teams will develop. This is essentially also the relationship we have in the State Board of Campus Ministries. As yet the shape of the ministry at the new Evergreen College in Olympia has not appeared, but it is being thoroughly studied and prepared for among local churches and college authorities. The situation at UPS and PLU continues as before under the ministry of the assistant at Christ Church, Tacoma.

With the retirement of the Reverend Dr. Frederick Schilling, the Diocese lost not only a great teacher in its Canon Theologian, but the director of college work as well.

College work today is continuing at the University of Washington through the newly appointed chaplain, the Reverend Patrick Tomter; at Western Washington State College, Father Harriman; and through Christ Church, Tacoma's work at the University of Puget Sound. Certainly there is no more critical area today for the church, if not for the country, than the college campus. This is a time when we need our most dedicated and mature leadership.

Institutional Chaplain

A regular ministry has been provided at Faith Home, Western State Hospital, McNeil Island Federal Penitentiary, the Veterans' Administration Hospital at American Lake and the Pierce County jail. Some pastoral care has been provided at a number of other state and federal institutions. There were 72 Celebrations of the Holy Communion on week-days in the institutions with an attendance of 361. On two occasions there were escapes at McNeil at the time of the service. On the first of these, one of the men left the service and went "over the wall." (Which prompted the remark that it "must have been an inspiring sermon.") On the other occasion, the escape occurred before the service and the service was cancelled.

Lectures, visits, interviews, group leadership and participation, staff conferences and services other than the Holy Communion are among the chief means of this ministry.

Laymen from a number of parishes and missions of the Diocese continue to participate in this ministry, as do the Church Periodical Club, the Church School by-Mail, the Diocesan Altar Guild, the Episcopal Church Women of the Diocese, the Guild of St. Anne of Emmanuel Church, Mercer Island.

Visits have been made and will continue to be made to state and federal institutions throughout the Diocese in the interest of our ministry to Episcopalians and others in the institutions.

The Chaplain has participated in the Huston School of Theology, the Inter-Faith Advisory Committee, the Washington Association for Retarded Children and a number of community groups in Pierce County.

During the year the Institutional Ministry was reviewed by the Reverend Kenneth W. Mann, Executive Secretary, Division of Pastoral Services, Executive Council of the Episcopal Church, and by the Reverend Matthew P. Bigliardi of the Diocesan Review Committee.

Dr. Mann commended the general direction of our institutional ministry. He felt that perhaps once a year, we ought to have a full-day conference with all the clergy serving the institutions, to sharpen their pastoral skills with people of special needs.

Fr. Bigliardi spent about six hours on three different days in conference with the Institutional Chaplain and corresponded with a number of clergy and laity in the Pierce County area for an evaluation of this ministry. Again, some kind things were said by all, confirming the general shape which this ministry has taken throughout the Diocese.

OBJECTIVE V – COMMUNICATIONS & PUBLIC RELATIONS

The Episcopalian

The Bishop's Commission on Communications with its director, the Reverend Canon John B. Lockerby, continues its work in the various fields and media of communication.

The primary medium of communication within the diocese is the newspaper, The Episcopalian in Western Washington, published ten times a year and going by mail to each family or individual listed on the parish and mission records. The newspaper retains its position as one of the leading diocesan papers of the American Church. Within the past year some changes have been made in format and content. In 1969 the editor set up an Advisory Board of persons who also will serve as staff writers. The paper serves four primary functions of communications: 1) to make known to the people of the diocese the program of the Church within the diocese; 2) to make known the ongoing life and work of the Church in this country and throughout the world; 3) to serve as a medium for the exchange of news of parishes and missions and 4) to function as a journal of opinion on issues of today's world.

Public Relations

In the summer of 1969 a provisional experiment was entered upon to enlarge the dissemination of ecumenical news. The newspaper of the Washington State Council of Churches has been temporarily suspended in publication so that a news bureau may be established by the Council to which each denominational newspaper will send news and from which each denominational paper will receive news and photographs to be used according to the editor's choice. With most of such newspapers cooperating in this plan the potential readership for ecumenical news and features of the local scenes rises from approximately three thousand to nearly one hundred thousand. In a time of increasing inter-church cooperation, there is still the conflicting trend that much of the cooperation is merely on a level of boards and councils and consequently much of the news concerning Christian ecumenism does not reach the Christian in his home and in his local church. It is for the sharing of news that the plan is being carried out.

Another area of communication and public relations involves the release of news to the press generally, to other organizations within the diocese, etc. Press releases on church news are sent to the "secular media" from the communications office. These releases are generally, though not always, confined to news of diocesan nature rather than to events more specifically parochial. The Commission on Communications maintains close relations with the Division of Communications of the Washington State Council of Churches, of which Canon Lockerby is currently chairman.

Radio – TV

In the field of Radio and Television several activities are maintained. Programs and "spots" produced by the Department of Communications of the Executive Council of the Episcopal Church are placed where possible on radio and television stations within the Diocese of Olympia. This placement effort is done by the Commission in cooperation with the Religious Broadcasting Commission of this area. During the past year the television spot Spectator Sport was placed on most of the television stations within the Diocese. The radio spots produced by the Diocese of Olympia early in 1968, which won national and inter-national awards, were released by the Executive Council and distributed throughout the United States. These four award winners have therefore had two periods of placement within Western Washington. During 1969 the Task Force on Radio-television of the Communications Division, in connection with and supported by the radio and television division of the Executive Council's Department of Communication has been producing a new series of radio spots. Though produced in Seattle, they will be released nationally.

OBJECTIVE VI – ADMINISTRATION AND PROPERTY MANAGEMENT

Camp & Conference Sites – Maintenance, Repair & Development

Some further word about our camp and conference properties. This year some trees were removed at Camp of the Holy Spirit with the assistance of some men from Weyerhaeuser and Bob Underwood of St. Stephen's, Longview. The summer staff has made repairs to the buildings. We will need to give further consideration to new space to replace the loss of St. Patrick's Lodge.

The Feasibility Study Committee and the Diocesan Council recommended an engineering and site planning study be made for Camp Huston. We have retained an architectural firm to do this.

A proposal for the further development of Camp Huston is being prepared to present to the Diocesan Convention in November.

St. Andrew's House has a development program in progress. A generous gift of \$25,000 made by Mr. North Clapp makes this possible. The road and parking lot will be completed by the end of August, and we will be ready for the second phase of the development program, the caretaker's house, and the water supply system. Phase three will be the renovation of the House.

Because of their intensive use, St. Andrew's House and Clergy Cottage have been given the most attention. St. Andrew's House has had the roof repaired, a new sink and

counter. The path and main driveway have been improved. A new carpet has been put on the floor of Clergy Cottage.

Evaluation All Programs

Review and evaluation are an integral part of any planning process. Mrs. B. Franklin Miller has served as the Review Officer this past year. She has been assisted by the Reverend Matthew Bigliardi, Mrs. William Bates and the Reverend William Bertolin. They have made a study and suggestions about the Institutional Ministry carried on by the Reverend Robert Baxter and are at present handling other assignments.

Long-Range Planning Committee

I have appointed a Long-Range Planning Committee. The Reverend John Gorsuch, The Reverend Matthew Bigliardi, Mrs. Barbara Bates, Mr. John Benke and Mr. Carl Frank have consented to serve. In the light of our diocesan philosophy and objective in mission they are to make suggestions about plans for the years ahead. This is a creative and exciting assignment.

These are exciting times and the clergy, people and Bishop of the Diocese of Olympia have a rare opportunity to be creative in serving our Lord Christ, making strong our witness to the Gospel and building the Kingdom of God in what we call with great affection "God's Country."

REPORT OF THE STANDING COMMITTEE OF THE DIOCESE OF OLYMPIA, 1968-1969

The Standing Committee of the Diocese for the year 1968-1969 was composed of the following members:

The Rev. Richard W. Garlichs (1969) President

1. Fifteen matters concerning properties were approved.
2. Ten men were commended to the Bishop for Postulancy.
3. Six men were recommended to the Bishop for Candidacy for Holy Orders.
4. One man was recommended to the Bishop for Ordination to the Diaconate.
5. Two men were recommended to the Bishop for Ordination to the Priesthood.
6. Eighteen requests from other dioceses for approval and consent relating to Bishops were acted upon favorably.

REPORT OF THE EXAMINING CHAPLAINS 1968-1969

Since the last Diocesan Convention, the Board of Examining Chaplains met under the chairmanship of the Rev. Frederick A. Schilling, Ph.D. to perform its canonical functions.

The month of July was a particularly sad time for the Board. First, the Canon Theologian, Dr. Schilling, retired and left the Diocese of Olympia to reside in California. Then, the death of the Rev. A. A. Vall-Spinosa, D.D. robbed the Board of a longtime member and former chairman. The Examining Chaplains are deeply indebted to both of these Priests for conscientious guidance and strong leadership, and are the poorer for these two losses.

"The remnant of Israel" constituting the Board is represented by the Rev. Canon William Forbes, the Rev. John Schaeffer, the Rev. Wayne Williamson, the Rev. Ivan Merrick, and the undersigned.

Respectfully submitted,
AINSLEY MAXWELL CARLTON
Secretary

The Architectural Commission during the Period October 1, 1968 to August 1, 1969 considered and approved:

1. Port Angeles, St. Andrew's new church.
2. Seattle, St. Dunstan's new church.

The Architectural Commission is made up of the Bishop, the Venerable Rudolf Devik, Chairman, the Reverends Robert Hayman, Bernard Young, Walter Truitt, Norri Pearson, and the Messrs. Peter Hallock, Lawrence Waldron, Austin Grant, Sam Brown and William Baird.

Faithfully yours

REPORT OF THE DIOCESAN LITURGICAL COMMISSION -1969

The Diocesan Liturgical Commission did not meet as a Commission during this past year although various members have been involved in the Special Task Force appointed by the Bishop for a Diocesan Policy with respect to Confirmations. Several members have moved from the Diocese. The major work has been limited to reports by the Chairman as a Reader-Consultant on Prayer Book Revision on the numerous documents of proposed changes and services now under consideration by the Standing Liturgical Commission of General Convention.

THE REPORT OF THE BISHOP'S MUTUAL RESPONSIBILITY AND INTERDEPENDENCE COMMISSION 1969

"The death of many old things . . . the birth of entirely new relationships"

By action of Bishop and Council, the Diocese of Olympia entered a Companion Relationship with the Diocese of Osaka, Japan, which is to be maintained during the triennium 1969-71. Olympia's 1969 Church School Missionary Offering was given on Cathedral Day for work among the children and youth of our Companion Diocese.

The Rt. Rev. Mark T. Koike, Bishop of Osaka, was the honored guest of the Diocese of Olympia in September. Bishop Koike preached at St. Mark's Cathedral and at St. Stephen's, Longview. He addressed the representatives of each Convocation and spoke to the Japanese community of Seattle at a Japanese Christian Federation Service. He also made a brief visit to the Canadian Diocese of New Westminster.

The Bishop of Osaka believes that it is important first to strengthen our Companion Relationship through mutual prayer and the exchange of information. He has extended a cordial invitation to the Bishop and people of Olympia to visit Osaka, the Nippon Sei Ko Kai and EXPO 70 next year. Bishop Koike hopes that an exchange of church leaders and of students can be arranged between Osaka and Olympia and that our language problems can be overcome.

An Osaka display, prepared by the people of St. Peter's Church, Seattle, has been reproduced and made available to the churches of Olympia. The Companion Diocese Program became more person-centered when the first parish-to-parish relationships were established by the following congregations:

Tacoma — Church of the Holy Communion with
Toyonaka — Shonai Christ Church

Lakewood — St. Mary's Church with
Takatsuki — St. Mary's Church

Aberdeen — St. Andrew's Church with
Osaka — St. Andrew's Church

Seattle — St. Peter's Church with
Nishinomiya — St. Peter's Church

Seattle — All Saints' Church with
Osaka — St. James' Church

Vancouver — St. Luke's Church with
Osaka — Holy Trinity Church

Dr. Kenneth E. Heim, the representative of the Episcopal Overseas Department in Japan, was our guest in March. Dr. Heim addressed the clergy and laity of every Convocation and met with the Bishop's MRI Commission. He noted that the Dioceses of Olympia, Spokane and Oregon all have Japanese Companion Dioceses and he shared with us his insight concerning MRI, the Nippon Sei Ki Kai, our Overseas Department in New York and the plans of our sister Dioceses in the Northwest.

The Rev. Timothy Nakayama represented Olympia at the Third Annual National MRI Conference in St. Louis in January. The Presiding Bishop's Conference theme was "A call to prayer." Canon Douglas Rhymes of the Diocese of Southwark, England, was the conference keynote speaker. Canon Rhymes' book, *Prayer and the Secular City*, is recommended to all who are concerned with the Church's mission and with Mutual Responsibility and Interdependence.

REPORT OF THE HISTORIOGRAPHER

The Right Reverend Ivor Ira Curtis, D.D.,
The Bishop of Olympia,
1551 Tenth Avenue East,
Seattle, Wash. 98102

Dear Bishop:

THE HISTORICAL MAGAZINE OF THE EPISCOPAL CHURCH will shortly carry an article entitled "The Episcopate of William Morris Barker, Bishop of Olympia, 1894-1901." When printed this will be your historiographer's twelfth article in the official organ of our church, probably a record for a single author.

THE WESTERNER, New York Posse Brand Book, carried an article I wrote entitled, "Ellice, First Head Chief of the Nez Perce." Ellice was one of seven Indians from this region educated at the mission school of the Church of England at Fort Garry, new Winnipeg, Manitoba, Canada.

The brochure, "Peter Edward Hyland, Pioneer Clergyman on Puget Sound" was distributed to all clergy and has been well received by people outside of the church.

Many queries from parish historians have been answered, and a few from distant places.

Our diocese is much better organized with parish historians than most for which we should be grateful. Parish and mission histories are appearing steadily in the diocese.

As our records grow in age and value thought should be given to the provision of a proper storage space, fireproof and meeting the requirements set by archivists for such material.

THE ALTAR GUILD OF THE DIOCESE OF OLYMPIA

This guild was formed to assist the Bishop in his ministry, particularly the missionary work of the Diocese and to offer help to Altar Guilds within the Diocese in Altar work, design, and workmanship of vestments and ornaments. In the past year we have encouraged Altar Guilds to form sewing groups and assisted them with design and choice of materials, continued to make vestments in the workroom and fulfill all

requests made to us for vestments and supplies to Missions and individual Priests. We have been able to maintain our treasury which is necessary for supplies of sewing materials and Altar needs, by accepting and completing orders and from annual dues from individual Altar Guilds. Communications with the Guilds is maintained by a luncheon for Directresses in January, a Tour of Sacristies in the Spring, the Annual Meeting in the Fall, regular meetings with Convocation representatives, correspondence and individual visits to Parishes and Missions. Each Guild is further encouraged to visit and work with the Diocesan group.

Retreats are sponsored at the Bishop's request for women of the Diocese. These retreats are open to all women and are held the last weekend in every second calendar month at St. Andrew's House. Our Bishop, the clergy of the Diocese and the dedicated volunteer workers are our inspiration for continued endeavor in this offering of work to the glory of God and the strengthening of His Church.

Faithfully,
MRS. ELMER AHOLA
Directress

ANNUAL REPORT – DIOCESAN CHURCHWOMEN

The Episcopal Churchwomen's year was a time of trial and experimentation made possible by changes in the constitution and by-laws at the annual meeting October 1st, 1968.

The executive committee met monthly to plan the four meetings bringing together the mission and parish presidents as the diocesan board. The meetings were held at St. Stephen's, Seattle; St. Luke's, Tacoma; St. Andrew's and St. Mark's, Seattle. The programs were varied. Mrs. John Jackson of Portland, Oregon, told of her experiences as a delegate to the World Council of Churches meeting in Uppsala; a panel, the Rev. John Lockerby, Mrs. B. Franklin Miller, and Mrs. Charles Montgomery informed us of the many facets and needs of the Presiding Bishop's Fund for World Relief; Mrs. John Veblen explained the sources of materials available for better programming and communication; Mr. Lew Gillette and a former drug addict spent a most interesting meeting with us. They told us about the Seattle Drug and Narcotic Center, its value and hopes. The executive committee felt the programs were well received and attendance was encouraging.

Mrs. Philip Schmidt, First Vice-President was chairman of the Fall Institute at Buck Creek. The two days were full of inspiration and challenge. Can we, as Christian women, keep pace with the changing ideas facing us, and explore social problems.

The nine regional meetings gave the executive committee an opportunity to visit with churchwomen throughout the diocese where they work and worship.

The budget was explained to each meeting by the chairman, Miss Carman Gaskins. The regional representatives as a link to the "grass roots" are invaluable.

Mr. and Mrs. Lowell Wiggins represent the Churchwomen on the M.R.I. Commission. The committee is exploring the most effective way to support the diocese in its new relationship with Osaka.

During the year loans and grants to needy seminarians were made possible by the generous support of the student memorial fund. The capital fund has now reached over \$19,000.00 and we hope it will continue to grow.

How can one report a year's work in a few paragraphs? Not very well. How can I thank all who helped further the Lord's work in Olympia through organized women on the diocesan level? I must try.

First - A sincere thank you to Bishop Curtis for his advice and confidence in the committee and its program. My personal thank you to the Rev. P. M. Casady and the Vestry of St. Stephen's, Seattle, for opening the facilities at St. Stephen's for meetings large and small in support of our work. The Staff at Diocesan House for help over and above expected requirements many thanks. We are grateful for the goodwishes and kindness that come from priests in all parts of the Diocese.

Everyone is eager to receive the Journal of the Diocese—but I have grave doubts many bother to read the reports in it. It is good discipline for me, though, to sit down and review the successes and failures of the past year. I hope we will be big enough to gain from the failures and humble enough with success to realize it was God's plan for us.

GIRLS FRIENDLY SOCIETY REPORT—1969

GFS in a parish can mean a great deal to a girl new to the community and to the church. She can find herself and new friends within GFS. A girl can join GFS any time as there are no prerequisites as found in more organized girls' groups.

GFS in this diocese interrelates with other parishes as we begin our program with an area-wide get-together in September on Rally Day. The younger groups get together more often by hostessing a party around Halloween, Christmas and Valentine's Day. GFS closes its year with an exciting weekend in Camp either the end of May or early in June for both Juniors and Seniors.

We've tried to keep costs down in every way and donations from the Diocesan Churchwomen help especially during our camp program. Three scholarships were given girls at St. Clement's and we hope a group can be started there. Monies from our budget have been given other parishes to help begin new groups in the past.

This year's group leaders were:

St. Alban's, Edmonds (Seniors) Mrs. Sharon Kidd PR 8-0013

St. Andrew's, Seattle	(Juniors)	Mrs. Elna Morgan Jo Avery, Assistant	LA 3-7447
St. David's, Seattle	(Juniors)	Mrs. Pat Taylor	EM 3-2650
St. George's, Seattle	(Juniors)	Mrs. Julie Riker Mabel Eng, Assistant	LA 3-1624
St. Peter's, Seattle	(Juniors)	Mrs. Pat Kojima Jean Higashi, Assistant	EA 2-0219

Senior girls were brought together from the last four parishes under the leadership of Mrs. Ruth Adams, EM 2-9108. Junior High girls were brought together jointly as one group also from the last four parishes under the leadership of Mrs. Marie Johnson, SU 2-0754, Ruth Adams assisting.

THE ANNIE WRIGHT SEMINARY Tacoma, Washington

July 8, 1969

The Annie Wright Seminary celebrated its 85th anniversary year in 1968-69. Special events such as Founder's Day in November and Commencement in June were celebrated by the creation of a School flag and a visit from Mrs. Susan Harney, daughter of Annie Wright. Miss Helen McKay, a 43 year veteran of chemistry, biology, and mathematics teaching as AWS completed her active service to the School in June.

Fund raising for various purposes (annual giving, capital needs, the 85th Anniversary Fund, and the Alumnae Challenge Fund) totaled approximately \$85,000. The Mothers Club was especially successful in contributing over \$5,000, primarily for the library and the orchestra.

The establishment of an orchestra was the most significant musical achievement this year. Twenty-two girls, or 7.5% of the student body, participated. Six stringed instruments are now owned by the School. Plans call for a continued enlargement of this vitally important program.

A joint study of the future needs of independent education in Tacoma was carried out by this school and her brother institution, Charles Wright. For the immediate future we plan joint classes in physics, calculus, lifesaving, drama, and Spanish. More long range objectives are receiving study and will be announced as developed.

All Seniors were accepted in college. One is a National Merit Finalist, another a winner of a four-year Walter Reed Scholarship. ANNUAL REPORT OF THE CHARLES WRIGHT ACADEMY Tacoma, Washington

The Charles Wright Academy opened its twelfth year with an enrollment of 349 students. As of this date 360 students have been enrolled for 1969-70 and testing is still in progress.

The Design for the Future (development campaign) continued. A total of 245 gifts have been pledged in the amount of \$721,805.88. Cash received thus far on these pledges is \$266,225.39. There were 168 gifts for a total of \$38,420.12 as a result of the Annual Giving campaign.

Physical improvements to the Academy included building a maintenance and athletic storage shack, installation of electrical outlets for our recently completed track and acquisition of a trailer for the business office and an increase in personnel for handling the school's financial details. A business manager was hired in the early fall, something which had been hoped for for some time. Two elementary classrooms will be built this summer.

"Summerthing!'", an outgrowth of last year's initial program for underprivileged children from the Hilltop area in Tacoma, was expanded from a day camp program to a learning experience as well. Charles Wright is furnishing facilities and transportation for this project and one of the school's administrators is Co-Director. The student council is holding four dances this summer to lend financial support for this project.

Charles Wright graduated its sixth class June 6. This class was admitted to the following colleges: California Western, Harvard (2), Occidental, Pacific University, Pomona, Stanford (3), University of Denver, U.S.C., University of Redlands, University of Washington (2), U. of Wyoming, Washington University (St. Louis), Westmont, Whitman and Williams.

In June fifteen members from each of the boards from Annie Wright and Charles Wright were selected for a joint board of trustees for the two schools.

THE DEAN and CHAPTER
of
ST. MARK'S CATHEDRAL

To: The Bishop and Delegates of the 59th Annual Convention of the Diocese of Olympia

With the many changes in the personnel of Convention delegates, it seems wise to begin this report with a simple explanation of the dual role which St. Mark's plays in the life of the community and Diocese.

First, ours is a Parish Church incorporated, organized and functioning with a Rector, Wardens, and Vestrymen as are all parishes in the Diocese of Olympia. We maintain our parish role, conduct an Every-Member-Canvass, pay our Diocesan assessment, operate a Sunday School, have various guilds, and minister to the spiritual needs of our own members. Being in the geographical center of Seattle we are not a "neighborhood church". Forty percent of our members live in postal zone 2; the rest come from all parts of the Seattle area. We face all the common problems of such a church; like the difficulty of achieving a sense of community, the pastoral care of a scattered congregation, and the cost of maintaining a large facility. Therefore, St. Mark's is not a Cathedral in the classical sense like New York, Washington, and to a certain extent, San Francisco, with no parish life and organization. To be technically correct, this is a Pro-Cathedral a parish church serving as a cathedral and not an institution maintained by the Diocese.

Yet, we find ourselves fulfilling many of the functions of a Cathedral Church, in the classical sense; not only as a center for Diocesan life but for the larger community to use for many purposes: ecumenical, cultural, educational, and social. The seven day a week use of our facilities during all but the summer months makes St. Mark's one of the best known spots in Seattle. We enjoy this service to the community even though it increases our expenses for custodial care and utilities, only a small portion of which is recovered. Among the events which occur at the Cathedral are:

1. A series of Concerts by noted organists on the Flentrop Organ which is considered one of the world's finest instruments.
2. Special musical and dramatic events under the direction of Peter Hallock, Organist and Choir Master.
3. Regular meetings of the American Association of Retired People, the Retired Teacher's Association, the Photographic Society, and Alcoholics Anonymous.
4. Ecumenical meetings and services sponsored by the Capitol Hill Association of Christian Churches.
5. Community forums on race relations and other social problems; and occasional meetings of other community organizations.

The Diocese has priority in the use of our facilities for Conventions, Confirmations, Ordinations, and meetings of various diocesan groups. Here is the Bishop's Altar and pulpit whenever he wishes to use them; and here is his "Cathedra" or chair which he alone may occupy. The Bishop is also the President of the Cathedral Chapter composed of representatives of the clergy and laity of the Diocese elected by Annual Convention, and representatives of the Cathedral congregation. The Chapter serves as a liason between the Parish and the Diocese.

With no general appeal in 1969 for "Friends of the Cathedral" to make

contributions of \$5.00 or more, it is gratifying to have received about \$1,000 in unsolicited gifts for this purpose. These are in a savings account pending the decision as to some improvement project commensurate with the amount in hand. Additional gifts will, of course, be welcome.

The Chapel of the Resurrection in the under-croft of the Cathedral was dedicated in July, the gift of Mr. and Mrs. Joshua Green in memory of his mother, Benton Johnston Green a founder of St. Mark's Parish. In recognition of a gift to the Memorial Endowment Fund, space is available to church people for the repose of the cremated remains of loved ones. Arrangements may be made by appointment with William H. Baird, Administrative Assistant.

Bequests have been received in 1969 as follows: \$5,000 under the will of Katherine Goodfellow, and \$11,000, under the will of James Wright. Half of each bequest has been placed in the Cathedral Endowment Fund through shares in the Diocesan Investment Trust.

The Draft Counselling undertaken in January 1969 by resolution of the Vestry has already served over 150 young men with various problems arising from Selective Service. Canon Trelease is in charge, with the assistance of the other clergy and lay committee.

As I begin my 19th year as Dean and Rector I have much gratitude to the Bishop, my fellow clergy, and the lay people of the Diocese for their steadily increasing interest and support of their Cathedral Church. God continues to bless us as we try to make the Gospel speak to the needs of our time and place. But, in trying to "do our thing" to the best of our ability we are always mindful of the whole Church of which we are a symbol. We ask your continual prayers that whatever strength we may possess may be shared with all of you in this critical period.

EPISCOPAL SERVICES FOR YOUTH IN THE DIOCESE OF OLYMPIA, INC. REPORT OF FAITH HOME TO THE 1969 DIOCESAN CONVENTION

During 1968, one hundred and six girls were admitted to Faith Home. Ninety-two came from Washington and fourteen from other states. These girls were of all ethnic backgrounds and from a variety of religious affiliations. Ages ranged from thirteen to the early twenties.

This year for the first time we admitted a few day students for school and casework counseling. There is a great need for this kind of service; but, due to our small classroom space and the fact that our teachers already carry a full load when the home is filled to capacity, any program for day students is limited here.

Regular chores for all girls are a continuing part of the program, and some of the girls do come to Faith Home already adept in household skills. However, there are

some who have not had any housekeeping experience at home. They all leave here with at least some added ability in this necessary part of living.

Other activities keep the girls busy after school work and chores are completed. There are regularly scheduled classes in crafts, sewing, and ceramics. These are conducted by volunteers. This year a few of our volunteers have been students from the University of Puget Sound. So far these young people have been most satisfactory, and the girls have accepted them. One student volunteer has even been coming to the Home on Sunday a most difficult day for most volunteer help. Also, we are happy that one of the college girls has elected to come during the summer months.

The YWCA pool is still available for swimming one day a week, and interested individuals have given tickets or money for special events. The girls have gone to plays, the ballet, musical events, and special movies. We try to watch for free performances that may be of interest.

Every girl is assigned to a caseworker, and regular counseling sessions are scheduled. Families are seen on an as-needed basis. If the putative father wants and needs counseling, the first arrangements are made by the caseworker through the girl; and then an appointment is set up for the boy with a male caseworker who works with Faith Home on a part-time basis.

In 1968 Faith Home had a total income of \$131,753.40. This was received from church contributions—primarily the Thanksgiving Day Offering, the UGN of both Pierce and Kitsap counties, Public Assistance payments, and fees paid by girls, parents, and some times boys. The total expenditures for this same period were \$128,965.01, leaving us with a surplus of \$2,788.39 at the end of the year.

During 1968 the Personnel Committee took a critical look at salaries and revised many of them upward to more nearly meet the present cost of living. While this did not take effect until January 1, 1969, it was encouraging to staff to realize that an effort was being made to bring them more nearly in line with other similar positions in Tacoma.

We have continued to make physical improvements to the Home. During the summer months, when the population was lowest, we painted and plastered some of the rooms and a long hallway.

In looking at plans for the future, we want to continue to work on the building itself. Repairs are constantly needed to keep an old building safe for energetic adolescents. In addition, we hope that some of the women's groups in churches can be interested in replacing worn furniture, curtains, rugs, and bedspreads; so that we can continue to be cheerful and homelike.

The Religious Life and Values Committee has been adding books and magazines to the girls' reading material—among them "Space," a non-denominational youth magazine. They are also planning the July retreat.

One of our chief concerns is how to give more service to our immediate area. We know there are many pregnant girls out of school but remaining home. If Faith

Home is to expand in service, we should like it to be in terms of schooling and casework service to some of these girls so that they may be better prepared for the future. We know that our present small experimental group of day students could be greatly expanded if we had the classroom space, the teachers, and the casework staff. We are hoping to be able to cooperate with the Tacoma Public Schools in this area. Miss Young has already met with school personnel concerning this, and future meetings are planned.

On behalf of the Board and staff members of Faith Home, I want to thank the Diocesan Council once again for the help, interest, and concern which is so needed and valued by all of us working for Faith Home.

Respectfully submitted,
NANCY L. HESTON
President of the Board of Trustees

THE HUSTON SCHOOL OF THEOLOGY

The Huston School of Theology completed its fourth year last spring with twenty students in regular attendance, and one of these having finished the required three-year cycle of study being admitted to candidacy for the diaconate. Fourteen different churches were represented in the student body all the way from Vancouver, Washington to the Stillaguamish Mission in the North. Up to now five men of the Huston School of Theology have been ordained to the diaconate. Five new men have been admitted and began their training in September of this year. One of the men who completed the three-year cycle last spring has since petitioned for postulancy and is being advanced to candidacy. The instruction continues without change in the faculty now under the direction of the Rev. Ainsley Carlton, Ph.D., rector of Christ Church where the school is located.

THE CHAPEL OF ST. BERNARD

The heavy snows of early 1969 provided the Chapel of St. Bernard with one of its best seasons. Episcopal services of the Holy Communion were held each Sunday. The Roman Catholic and Lutheran services were also held as in the past. These three denominations are the supporting denominations for the recreational chapel's work.

The Rev. Kenneth Snyder conducted most of the services under the direction of the Rev. Canon John Lockerby.

The thanks of the Diocese goes to Father Snyder and to the Snoqualmie Ski Area Concessionaire, Mr. and Mrs. Webb Moffett for their untiring efforts.

The Chapel continues to be the focus for recreational ministries, particularly the ski ministries. Other areas being served by the Church include Crystal Mountain, and on a less formal basis, White Pass, Steven's Pass and Mount Baker.

Faithfully yours,
RUDOLF DEVIK
Archdeacon of Olympia

REPORT OF THE PENINSULA CONVOCATION.

Two meetings of the Peninsula Convocation were held in the 1968-69 season. The first one was at St. Charles' Church, Poulsbo on October 27, 1968. The major business was the presentation of the proposed Diocesan Budget for 1969. The President introduced the matter and then called on Capt. Frank Munroe, Vice President of convocation and chairman of the Diocesan Council Program Planning Committee to present the Budget.

The second meeting of the Convocation was held at St. Barnabas' Church, Bainbridge Island on the evening of April 21, 1969. Bishop Curtis was our speaker, and his main theme was to explain to those present the duties and function of his staff. After his presentation there was a question and answer period. Canon Eng and Canon Lockerby were present to explain their programs, Camp & Conference and Christian Social Relations.

It was announced that the Convocation special MRI project of the COPPER RUSADE has contributed \$2,300.00 to assist Fr. Charles Forbes with his work in Argentina. (At the writing of this Report another \$500.00 has been remitted for this purpose). The total of \$2,800.00 has been raised in less than three years. The Diocesan MRI Commission has requested that our Convocation keep this relationship with Fr. Forbes as long as he stays in Argentina (Montivideo, Uruguay but Diocese of Argentina).

The Peninsula Convocation welcomed a new mission into membership this year, St. Nicholas, Tahuya and Rev. Donald Maddux, Vicar.

At the Fall meeting this year a new Vice President will be elected as Capt. Frank Munroe has completed his term of office. At the 1969 Diocesan Convention in November Bishop Curtis will appoint a new president as Canon McNeil has completed his term of Office.

REPORT OF THE SOUTH SEATTLE CONVOCATION

Convocation Seattle South met for a Spring Convocation Meeting at Trinity Parish on Saturday, March 15, 1969. At the request of a special agenda committee which met several times before Convocation, The Bishop and his staff presented the outlines of the Diocesan Program at all levels and the rationale behind them. The Convocation voted to support the petition of Saint Clement's Parish to the Diocese for diocesan assistance under the category of Special Central City and Experimental work for its projected Teen Center. The Fall meeting will go over the details of the Proposed Program of the Diocese for 1970.

REPORT OF THE OVERLAKE CONVOCATION

Since August first nineteen hundred sixty-eight Overlake Convocation has held two general meetings. The first was in October at St. Thomas Church, Medina, Washington, where the convocation considered the program budget for 1969 which was subsequently adopted with slight changes at the Diocesan Convention. The convocation met for the second general meeting in April of 1969 at St. John's Church, Kirkland where it was addressed by the Bishop of the Diocese. In addition the clergy of the convocation have met on a biweekly basis for study led by the Reverend Canon Fredrick Schilling.

The clergy of the convocation also met in Advent for lunch with the Bishop of Diocese.

Respectively submitted,
ROBERT F. HAYMAN
President

REPORT OF THE PIERCE COUNTY CONVOCATION

Delegates, alternates, and other members of the Pierce County Convocation met as a whole three times during the period 1968-1969. The fall meeting considered the program of the Diocese and also elected Mr. Ben Petrie of St. John's, Gig Harbor, as vice-president. The winter and spring meetings were combined into one session and expanded to include all decision-makers in the Convocation. Of those invited, over 200 gathered at St. Mary's, Lakewood to hear Bishop Curtis describe the task and organization of the Diocese.

The youth of the Convocation, under the chairmanship of Rev. Morris Hauge, have met regularly throughout the year. A picnic, a boat ride in Puget Sound to honor the high school seniors, and a session entitled "Together" highlighted the year. The latter was a session in which the young people created their own environment and concluded with a festival folk mass. Elected officers are: Cindy Hash, president; Skip Williams, vice-president; Mary Baxter, secretary-treasurer.

Of continuing satisfaction to the entire Convocation is the continuing work of the Institutional Chaplaincy of Pierce County which assures the entire diocese of full pastoral care for Episcopalians and non-Episcopalians in the various federal, state, and church institutions in the county. A regular description of Fr. Baxter's activities appears each month in the Olympia Churchman.

REPORT OF THE SOUTHERN CONVOCATION

To plan for the Annual Visitation of the Bishop to the Southern Convocation, a Planning Committee, made up of representatives of each of the congregations of the Southern Convocation, met at the Columbia Inn, Kalama, on January 1. At that time they suggested the agenda which consisted of workshops in areas of concern,

e., Youth, Shepherd Plan, M.R.I., Stewardship, Social Relations, and Christian education, to be led by the members of the Bishop's staff. It was suggested that the leaders of our churches, Wardens, Vestrymen, Women, and Youth be asked to attend.

The Bishop's visit took place at St. Stephen's, Longview, on Saturday, April 19th, from 10:30-4:00. The Bishop made a fine presentation and gave a job description of his office staff to each person. It was a rewarding day.

One more meeting for 1969 will take place, which will be the annual pre-convention session for reviewing the budget and other important matters to come before the Diocese Convention. All delegates and alternatives will be present, it is hoped.

Mr. Keith Gehr of Longview is the Vice-President of the Convocation and represents us at the Diocesan Council.

Mr. Hugh Hendrickson of Longview, is our new representative to the M.R.I. Commission. He succeeds Mr. Arthur Mottet, who served so faithfully.

Respectfully submitted,
(The Rev.) NORMAN E. STOCKWELL
President, Southern Convocation

REPORT OF THE NORTHEAST CONVOCATION

The Northeast Convocation has held two regular meetings during the year and as this report is being made, we are planning for the third, on October 5th at St. Philip's, Marysville. This will be the pre-convention meeting.

The pre-convention meeting in the fall of '68 was held at Trinity Church, Everett on October 23rd. With a large delegation from all congregations. Preceding the meeting the clergy and wives gathered at the home of the Ivan Merrick's for potluck dinner.

The spring meeting was held at Trinity Church, Everett, preceded by Evensong. Following dinner in the new dining hall of Trinity Church, the Bishop spoke to a full house on the events of the recent Lambeth Conference.

One of the highlights of the year was that of a series of Youth sessions known as Synoco, comprising the youth of the south end of the convocation. Some 60 young people gathered each week for five weeks at Trinity Church, Everett, for Bible study and discussion. The several clergy of the area served as "resource people" with the young people doing their own thing in their own way. The Rev. George Wilson, The Rev. Dave Storm and The Rev. Walter Correll were the committee in charge.

The Bishop had lunch and spoke to the clergy of the Convocation in Mount Vernon on April 30th.

There were a few clergy and wives get-togethers during the year. However, we all feel that this should be done more frequently.

Respectfully submitted,
CANON JAMES E. PRICE
President

REPORT OF THE CHURCH PENSION FUND

The Right Reverend Ivol I. Curtis, D. D.
Bishop of Olympia
1551 Tenth Avenue East
Seattle, Washington 98102

Dear Bishop Curtis:

Each year the Trustees of The Church Pension Fund make a brief report to the dioceses for their annual conventions, including list of those clergymen, widows, and children currently receiving pensions, plus the amount of those pensions, in your diocese. The benefit totals throughout the Church are as follows:

	<i>Number</i>	<i>Amount</i>
To retired clergy	1,133	\$3,202,903
To disabled clergy	229	628,713
To widows	1,618	2,533,884
To children	301	196,486
Total	3,281	\$6,561,986

These totals are up significantly from those of a year ago due to the results garnered during our first year of operating under the newly strengthened plan.

Further, January 1, 1969, marks the beginning of three important changes in the rules and operating procedures of The Church Pension Fund. First, we will be increasing the housing allowance from 1/5th to 1/4th of one's salary plus utilities to get one's total compensation. Second, on the same date we will start quarterly billing using our new I.B.M. computer. Our third change, and the one many consider our most important, is the addition of Options I and II to our pension program.

Briefly, Option I allows the retiring clergyman the opportunity to increase the benefits to his widow by accepting a reduction in his own pension. Option II allows the retiring clergyman the opportunity to choose a lower retirement benefit thereby offering the possibility of affording a substantial 10 or 15 year benefit to any dependent. You should have already received full information about these unique options in the mail.

Our contributing affiliate companies have enjoyed a good year. Church Life Insurance Corporation and The Church Insurance Company serve the Church. The new non-smoker policy explained in recent mailings is a prime example. The Church Hymnal Corporation is starting to develop a new progressive sales program and is modernizing its manufacturing approach so as to be able to continue to provide the finest publications at the lowest possible price.

Our Fund depends very heavily on good communications with the clergy, treasurers, and diocesan authorities. We recognize the importance of a clear understanding throughout the Church about how The Church Pension Fund works, and ask that if you have any questions or constructive criticisms about the Fund to please send them in to us.

Sincerely,
ROBERT A. ROBINSON

TREASURER'S REPORT FOR 1968

According to our usual practice the financial statements of the Diocese of Olympia for the year ending December 1968 have been issued to the Convention for its review. Our certified public accountants, Arne S. Hansen and Company, have audited the reports. Categories covered are the operating account, the trust account, loan funds, property funds and the diocesan investment fund. As treasurer I move that these audited reports be received by the Convention.

Some general comments about 1968's financial picture should include:

1. The sum of \$720,205.00 was approved by Convention in the fall of 1967 as the operating budget for 1968.
2. To determine the amount of the assessment we then deducted from this budget those funds we expected from other sources: i.e., endowment and other income, plus the grant for college work from the Executive Council. This left us with an assessment of \$684,205.00.
3. The assessment review board heard appeals from certain parishes about their individual assessments, with the result that the budget was revised to a subsequent total of \$682,264.00.
4. The total received for our operations through December 31, 1968 was

\$649,595.95, which was .95212% of the amount of the revised budget assessment.

A traditional cause for concern during the year was the amount of arrears we encountered in assessment payments. Normally the summer period is slack, but in 1968 we had difficulty right through the year. The concern of individual parishes and missions to cover this by year end was evidenced by the results we finally achieved. And even though we had more difficulty than normal, and in effect cut back on some of our programs to maintain solvency, we did well when compared with the experience of other dioceses. (Here Bishop Curtis may wish to comment in more detail.)

Despite the difficulties in maintaining our own local operations, the churchmen of the Diocese again in 1968 responded quickly and openhandedly to provide funds over and above the budget for special projects such as Biafra relief, travel expenses for the Curtis in attending the Lambeth Conference, and in furthering diocesan interest in other areas. For these items we raised in 1968 \$16,000.00 for Biafra, over \$4,000.00 for Lambeth, and a grand total of over \$30,000.00 for all projects outside our own operations. This is a truly significant evidence of the interest our people have in the world.

In view of the dissatisfaction expressed by some about the method for determining assessments, a committee of clergy and laity has been formed to try to find a more equitable formula to accomplish this.

Again this year the personal concern of the individual members of our congregations throughout the diocese has been the reason we were able to carry on the work of the Church in ever more trying times. Each and every one of you is to be commended for the amount of commitment you have shown in the service of our Lord.

THE PURPOSE OF THE DIOCESAN INVESTMENT TRUST

The Diocesan Investment Fund was organized in 1951 as a "mutual fund" or "common fund" for the endowments of the Diocese, parishes and related institutions.

In common with the many mutual investment funds operated in the United States, its portfolio includes a widely representative list of investments in various segments of American industry. The purpose of this is two fold - to protect the shareholders from wide fluctuations that might result if all the funds were invested in a single industry or single company, and on the other hand, to share in any general improvement in the market because of its ownership of a cross section of the American economy.

At the present time the Fund owns eighteen different issues of government and industrial bonds and thirty-one different issues of common stocks.

One objective is to earn the largest income that may be obtained with safety for the benefit of the shareholders.

The other objective is to offset the constant erosion of the value of the dollar from the inflationary trend of our times through the purchase of "Equities", such as common stocks or debentures convertible into common stocks rather than fixed securities such as bonds.

There is a certain conflict between these two objectives as normally the best income can be secured from bonds, which however provide no protection against inflation. It is the constant objective of the Trust and Investment Committee to maintain a balance between these two types of investments and these two objectives. At present the Fund is invested approximately sixty-three percent in common stocks, and three percent in preferred stocks, and thirty-four percent in bonds.

OPERATION OF THE FUND

Shares may be purchased by the Diocese itself, the parishes, and related church institutions. No shares may be purchased by individuals or by other organizations than those listed above.

Because of its long-range objectives the Fund does not encourage the purchase of shares unless they are to be held for two years or more.

The assets are valued on the last day of each quarter, March 31st, June 30th, September 30th and December 31st, and the per share valuation determined at that time. Any parish or other organization wishing to purchase shares may do so by notifying the Diocese approximately thirty days prior to each valuation period of the amount of money they wish to invest. When the per share value has been determined, the purchaser will be notified of the number of shares that this amount of money will purchase, and on receipt by the Diocese of a check for the required amount, a stock certificate will be issued.

In the event that the owner of shares wishes to sell all or part of them, this same procedure is followed. They should give notice thirty days prior to the valuation date of intent to sell and the amount of money they wish to realize.

When the valuation is determined they will be advised of the number of shares to be redeemed and should then forward the shares for cancellation after which a check will be sent in payment.

Dividends are distributed quarterly in April, July, October and January. It is customary to distribute all of the earnings of the Fund to shareholders each quarter as earned.

Earned income only is distributed, capital gains are reinvested to increase the value of the Fund. A shareholder wishing to convert part or all of his capital gains to cash may do so by selling a portion of the shares owned.

The Diocese makes no charge for its share in the management and supervision of the Fund. The only charges are the agency fee of the Seattle First National Bank for their services and the annual audit fee of our certified public accountants. This permits passing on substantially all of the earnings of the Fund to the shareholders with a minimum of shrinkage for operational costs.

- (a) Makes his or her Communion at least three times a year;
- (b) Is a recorded contributor to the support of the Church with money or with personal service.

Section 4. It is the duty of every Communicant moving from one Parish to another to apply for a certificate of his standing. This "Letter of Transfer" is exchanged between the rectors or ministers of the parishes or congregations involved and its acceptance must be formally acknowledged before the transfer is complete.

Section 5. It is the duty of the minister in any Cure, learning of the removal of any member of his parish or congregation to another Cure, without having secured a letter of transfer, to transmit to the minister of such Cure a letter of advice informing him thereof.

Section 6. No clergyman of this Diocese shall enter the name of any Communicant upon the Parish list, except those confirmed in his parish or mission, until such certificate as required in Sections 4 and 5 has been delivered to him, or a satisfactory reason given why the same has not been obtained. In this latter case, notice of such enrollment must be sent to the minister of the Cure from which the member has been removed.

CANON XXII

Commission on Church Architecture

Section 1. There shall be a commission of the Diocese to be known as the commission on Church Architecture, which shall consist of the Bishop, together with two clergymen and two laymen to be appointed annually by him; and the Bishop shall have power to add to this number.

Section 2. It shall be the duty of every Mission to lay before this Commission the plans of any new church, chapel, or other church building or of proposed changes in any existent church, chapel, or other church building, and no such building may be erected without the approval in writing of such Commission.

Section 3. It shall be the duty of every Parish, by its rector, wardens and vestrymen, to lay before this Commission the plans of any new church, chapel, or other parish building, or of proposed changes in any such existent building, for their counsel and advice, which counsel and advice shall be given in writing within one calendar month after the receipt of said plans.

CANON XXIII

Presentment and Trial of a Presbyter or Deacon

Section 1. Whenever any minister of this Diocese, not being a Bishop thereof, shall become "liable to presentment and trial" under the provisions of any Canon of

General or Diocesan Convention, the mode of proceeding in this Diocese shall be as hereinafter outlined.

Section 2. The trial shall be on a presentment in writing, addressed to the Bishop of the Diocese, specifying the offense or offenses of which the accused is alleged to be guilty, with reasonable certainty of the time, place and circumstances. Such presentment may be made by:

(a) A majority of the Vestrymen of a Parish or by any five members of the mission, of which the accused is the minister.

(b) Three presbyters of the Diocese.

Section 3. Whenever, from public inquiry or otherwise, the Bishop shall have reason to believe that any clergymen is under the imputation of having been guilty of any offense or misconduct for which he is liable to be tried, and that the interest of the Church requires an investigation, it shall be his duty to appoint a Court of Inquiry of five persons, of whom three at least shall be presbyters, to examine the case, a majority of whom may make such examination; and if there is, in their judgment, sufficient ground for presentment, they shall present the clergyman accordingly.

Section 4. Any minister of this Diocese against whom charges are made or evidence reports are current, from public rumor or otherwise, may request of the Bishop in writing that Court of Inquiry be appointed in like manner to make investigation. No presentment may be made in any case on account of an offense committed more than three years previously.

Section 5. A presentment being made, the Bishop shall have power to dismiss it wholly or in part if the facts charged do not in his judgment constitute an offense, or if only a part of them do. When it is allowed in whole or in part, the Bishop shall cause a copy of it to be served on the accused, setting a date also in this notice when it shall come before the Ecclesiastical Court of the Diocese, at least thirty days later.

Section 6. The Court shall consist of three presbyters and three laymen nominated by the Bishop and elected annually by Convention. Vacancies on the Court may be filled by the remaining members. A majority of the members shall be sufficient for trial.

Section 7. If a clergyman presented shall confess the truth of the facts alleged in the presentment, the Bishop shall pass sentence according to the provisions of the General Church Canons.

Section 8. The accused shall have the right to challenge any member of the Court for good and sufficient causes, which causes are to be determined by the remaining members of the Court.

Section 9. If a clergyman presented, after having had due notice, shall not appear before the Court for his trial, the Court may proceed as if he were present.

Section 10. In trial, the Court shall hear such evidence as shall be produced which shall be reduced to writing and signed by the witnesses respectively. The Court shall state its judgment to the Bishop as to the sentence to be pronounced, and he shall proceed accordingly.

CANON XXIV Questions of Procedure

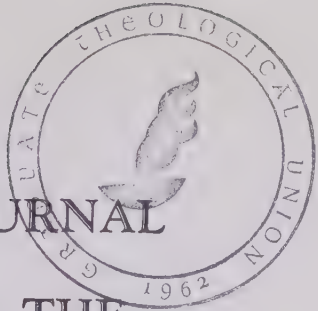

Roberts' Rules of Order shall determine questions of procedure not specifically provided for in these Canons.

CANON XXV
Amendment or Repeal

These Canons may be amended or repealed or new ones enacted at any annual meeting of Convention by vote of a majority of each Order. Such changes, new Canons, or the repealing of any Canon now in effect shall first be submitted to the Committee on Canons as provided in Canon 4.

CANON XXVI
Date of Taking Effect

These Canons, and all Canons or amendments hereafter enacted, unless otherwise ordered, shall take effect upon the adjournment of the meeting of Convention at which they are enacted; or, by unanimous consent, as soon as adopted.

BEQUESTS

The Minister is ordered from time to time, to advise the People, whilst they are in health to make Wills arranging for the disposal of their temporal goods, and when of ability, to leave Bequests for religious and charitable uses. (Prayer Book page 320.)

Bequests in our wills make it possible for us to continue our interest and support of the Church's work, and give to the Church more power and stability to do what our Lord commands us to do. Bequests for mission churches are administered by the Diocesan Council and the Council will also gladly administer funds left to parish churches or other diocesan institutions.

Your lawyer will help you in making your will. He will want to know that the following form of bequest is the appropriate one. You may want to add any special purposes for which you wish your bequest to be used, or some particular parish or mission church you want the help to go to. The Council, of course, is bound to abide by your decision.

FORM OF BEQUEST

I hereby give, devise and bequeath unto the DIOCESE OF OLYMPIA, INC., a corporation organized and existing under and by virtue of the laws of the State of Washington, for religious, educational, and charitable uses, the sum of \$ _____

Canon 17

REPORT OF THE COMMITTEE ON RESOLUTIONS

The Rev. Canon Paul E. Langpaap, Chairman, reported for the committee:

1. Three resolutions were received which deal with finances and require changes in the canons. Regrettably all three of these proposed resolutions arrived too late to be considered by the Committee on Constitution and Canons, and for distribution as is required.

It was moved, seconded and carried that these three proposed resolutions be referred to the Committee on Constitution and Canons for presentation at the 61st Diocesan Convention.

2. A resolution proposed by the Rev. Brian Nurding that all resolutions apart from those of a courtesy nature, be submitted in writing to the Committee on Resolutions at least thirty days before the annual meeting of Convention, and that the Committee report be submitted in writing to the clergy and lay delegates at least ten days before the annual meeting of Convention. This resolution falls under the conditions of Canons four and twenty-four, and must be referred to the Committee on Constitution and Canons, and if accepted, be presented to the next Convention for action.

The Committee on Resolutions and the Committee on Constitution and Canons asked for an expression of the mind of this Convention as to the principle involved, and not the resolution itself.

Convention expressed their approval of the principle by unanimous vote, and referred the proposed resolution to the Committee on Constitution and Canons for consideration at the next Convention.

3. The Committee moved adoption of courtesy resolutions 12 through 17, as printed and distributed. The House voted to accept these resolutions as a group.

REPORT OF THE ECUMENICAL METROPOLITAN MINISTRY

The Rev. James Stewart reported one program during 1970 which is Friendly Town where there is an exchange of central area with rural areas. This has been done for several years and this year some of the rural children spent some time in the homes of central area welfare recipients whose children participated in the program.

He spoke of the Neighbor-in-Need program, an area-wide food bank system designed to alleviate the plight of many who along with standard numbers, constitute the new poor. E. M. M. is cooperating with the Church Council of Seattle and Fellowship of Christian Urban Service in this program.

Help in terms of staff counseling and negotiation of a loan has been given the Indian fishermen who are battling legal complications in their fight for fishing rights.

To date E. M. M. relationships are with ABC, United Presbyterian, United Methodist, United Church of Christ, Episcopal, Roman Catholic (non-monetary), Lutheran Council, Disciples of Christ, and Black United Clergy for Action.

TACOMA HOUSING REPORT

Dr. James F. Hodges reported on the low income housing project in Tacoma, which the Diocese entered into with FHA three years ago. The Diocese put up the interim financing which Mr. Hess of the FHA said would be tied up for about 90 days, but

turned out to be 2 years and 9 months - ten times as long. The 1419 Association is finished and operating with 64 units. The 1416 Association, 82 units, will be finished in May of 1971. The units rent for around \$125 per month. The tenant pays on 25% of his income and the balance is supplemented by the government. The units are rented to low-income persons of 62 years of age or older. The units are equipped with utilities and draperies, and off-street parking is provided at no extra charge. The two projects will provide 150 units for about 300 to 350 people. The Diocese does not own the buildings. They have been deeded to a non-profit organization, namely, The 1419 Association and The 1416 Association. The Board of Directors is the same for both Associations: Mr. Samuel H. Brown, President; The Ven. Rudolf Devik, Secretary-Treasurer; and Directors: Gerrit Vander Ende, C. John Newlands, Philip S. Hayes. Dr. Hodges commended Mr. Brian Comstock, attorney, for the incredible amount of time he gave to this project, and to Mr. Austin Grant, architect, for the great job he did in designing the buildings and units.

RETIREMENT HOME PROJECT

The Rev. Canon John Lockerby gave a brief report on the purpose and accomplishments of the Episcopal Retirement Home Committee appointed by the Bishop three years ago. The committee is made up as follows: Canon Lockerby, Chairman; the Rev. Robert Baxter, Institutional Chaplain; Mr. Austin Grant, architect, who has designed institutional buildings and homes in the northwest; Mr. John Veblen, attorney; Mr. Robert Johnston, manager of Panorama City; Mrs. Webb Moffett, concessionaire of the Snoqualmie Ski Area; Mr. Gerrit Vander Ende, president of the Pacific First Federal Savings & Loan, Tacoma. Each has a deep interest in the problems of the elderly.

Canon Lockerby announced that the major portion of this report would be given by Mr. Veblen.

Mr. Veblen stated that he had studied retirement homes in this area. Those with ample means are able to take care of themselves. The poor are subsidized by the government. The need is for the middle class people. The Diocese has \$300,000.00 to work with - a drop in the bucket. More than one home is needed. The \$300,000 should be used over and over again as seed money to build several homes. Private financing is impossible. The committee is looking at Federal programs. For the last four years there has been no funding for the type of home desired - one that will include dining facilities. Mr. Veblen stated that the committee hopes to report a year from now that they have a site for a retirement home. The Home will be self-sufficient and will not be a part of the budget of the Diocese.

It was moved and seconded that Convention approve the idea of the Retirement Home and direct the Council to carry the project through to completion through the Committee. Carried.

REPORT OF THE TREASURER OF THE DIOCESE

The Treasurer's report was submitted by title. It was moved that Convention accept the auditor's report as of December 1969. The motion was seconded and carried.

The senior warden of St. Stephen's, Seattle, Mr. John Veblen, made the following proposals on behalf of the Parish: That the Diocese of Olympia go on a "pay as you go basis"; with cuts, as necessary being pro-rated, except for Program Obj. VI-A-1. And, that a realistic study be instituted and kept current covering anticipated revenues, to make future budgets realistic. Discussion followed.

It was moved that the Bishop appoint a special committee to make a thorough study of the financial conditions of the Diocese and make a report to the Council during the course of study, and a final report to Convention next year. The motion was seconded and carried.

REPORT OF THE TELLERS

The results of the second ballot were announced.

REPORT OF THE COMMITTEE ON RESOLUTIONS

It was moved by the Rev. Robert Hayman, chairman of the Dispatch of Business, seconded and carried, that speakers be limited to two minutes and the same speaker not speak twice on the same subject.

The Rev. Paul Langpaap, chairman, submitted a final report from the Committee on Resolutions which takes the place of the Report submitted Friday night. He also expressed appreciation to the Committee for their work, and to Alyce Mork and Mary Della of Diocesan House for their help in typing and printing the final report.

RESOLUTION I

WHEREAS the 63rd General Convention has adopted a budget providing for a "Commitment" level of appropriations to be apportioned among the dioceses of the Church and, beyond this, a "Faith" program to be supported by voluntary subscription, and

WHEREAS this budget structure provides opportunity for voluntary support of the "Faith" program, and

WHEREAS there is now a \$32,000.00 difference between what we had expected to commit to the National Church in 1971 before the actions of General Convention and what we are now being asked to give to the commitment budget, therefore

BE IT RESOLVED, that the Convention commend to the congregations, organizations and people of the Diocese the opportunity and challenge to support the "Faith" program, and urge that every effort be made to raise and subscribe needed funds to support these worthy objectives, and

BE IT FURTHER RESOLVED, that as a part of our response to the Bishop's call for renewal we make every effort to raise at least \$32,000.00 of our "Faith" portion of the budget by apportioning this amount to the congregations of the Diocese as part of their "Faith" Budget, and

BE IT FURTHER RESOLVED, that each congregation shall have the right to designate and choose what program or programs of the Church their "Faith" monies, in any amount, are to be used for, and

BE IT FURTHER RESOLVED, that the Bishop and Council be requested to provide guidance to the people of the Diocese with respect to the objectives to be supported by the "Faith" portion of the budget, and the procedures for making such contributions.

Resolution I was moved, seconded and carried.

RESOLUTION II

WHEREAS General Convention through its STANDING LITURGICAL COMMISSION is engaged in the revision of the Book of Common Prayer of 1928, and

WHEREAS, trial liturgies and forms of worship have been authorized by the General Convention for experimental use in the congregations of the Church, as an essential part of the revision process, therefore

BE IT RESOLVED that this Convention welcomes such trial use and testing, and which all the people of the Church participate in liturgical renewal and urges all congregations of the Diocese, under the leadership of the Bishop, to make reverent and thoughtful use of the authorized forms, and to report their considered evaluation through the Diocesan Liturgical Commission for consideration of the Standing Liturgical Commission of the General Convention.

Resolution II was moved, seconded and carried.

RESOLUTION III

WHEREAS the Episcopal Church is one of the original members of the Consultation on Church Union, which now includes eight other communions, and

BE IT RESOLVED that this Diocese through its congregations and organization engage in serious study of the Plan in the perspective of the faith and order of this Church and the commitments of the Chicago-Lambeth Quadrilateral; that the clergy and laity of the Diocese be and are urged to participate in interdenominational study of the Plan in their several communities; and that evaluations and proposals for revision of the Plan be reported by the Diocese for the information and guidance of this Church's delegation in the Consultation on Church Union.

Resolution III was moved, seconded and carried.

RESOLUTION IV

WHEREAS conversations between the Roman Catholic Church and the Episcopal Church have been carried on for several years by authorization of the General Convention and through the Anglican-Roman Catholic Consultation in the United States, and

WHEREAS this Consultation has reached substantial agreement that the two communions are not significantly divided on vital concerns of faith, sacraments and ministry, and

WHEREAS the 63rd General Convention has authorized study in cooperation with the Roman Catholics at every level of this Church toward enriching the understanding of the Christian faith and practice, therefore

BE IT RESOLVED that the clergy and laity of the Diocese of Olympia be and are urged to respond enthusiastically to opportunities to participate in local study groups so seeking and contributing to wider and deeper understanding of the inherent unity shared by these communions in the Church Universal.

Resolution IV was moved, seconded and carried.

RESOLUTION V

WHEREAS the Church proclaims the human dignity of all men and women regardless of race, color or creed, and

WHEREAS the fact that some organizations discriminate on the basis of race, color or creed constitutes a denial of human dignity, and

WHEREAS the subsidy inherent in the granting of privileged liquor licenses should not be extended to organizations which employ discriminatory practices, therefore

BE IT RESOLVED that the 60th Annual Convention of the Diocese of Olympia urges the Legislature and the State Liquor Control Board to take appropriate steps to eradicate discriminatory practices on the part of the holders of privileged liquor licenses.

Resolution V was moved, seconded and carried.

RESOLUTION VI

WHEREAS the use of drugs has become so widespread amongst the youth and adults alike in our society as to constitute one of the most serious threats to individual lives and social well-being, and

WHEREAS the use of narcotics and hallucinogens and the effects on the human person, soul, mind, spirit and body contradict the meaning of life and the dignity of responsible moral decision in each person under God as the Christian Faith teaches it, therefore

BE IT RESOLVED that the people and clergy of the Diocese of Olympia inform themselves regarding the effects of drug use, participate in discussion groups with special concern for the education of parents and young people not yet attracted to drug use, and to support agencies organized for drug education and rehabilitation, and

BE IT FURTHER RESOLVED that the Bishop be urged to appoint a committee to organize a diocesan program for these purposes.

Resolution VI was moved, seconded and carried.

RESOLUTION VII

WHEREAS, the 59th Convention of the Diocese of Olympia passed a resolution urging the State of Washington to legalize therapeutic abortion after medical consultation, and

WHEREAS, the People of the State of Washington have not changed the law by referendum, and

WHEREAS, the new law provides for an abortion in matters of unwanted pregnancies for those who do not necessarily hold the moral precepts of the Christian Faith as this Church understands and teaches the same, and

WHEREAS, the Faith and Discipline of this Church requires higher moral standards and personal discipline amongst its members, therefore

BE IT RESOLVED that the Bishop appoint a committee to study the implications of the current state law in the light of the Christian Faith and Discipline, and publish a statement of theological concepts and pastoral guidelines for the people and clergy.

Resolution VII was defeated.

RESOLUTION VIII

RESOLVED that the Diocesan Council be urged to consider having Diocesan Convention alternately at Seattle and at locations outside Seattle.

Resolution VIII was moved, seconded and carried.

RESOLUTION IX

WHEREAS, the dioceses of the Pacific Northwest and of British Columbia have many interests and needs in common and would benefit from a closer working relationship, therefore

REPORT OF THE COMMITTEE ON THE BISHOP'S ADDRESS

The Rev. Robert H. Cochrane, chairman, moved the following Resolutions, which were seconded and carried.

RESOLUTION I

WHEREAS our Bishop in his address has once again manifested his apostolic leadership and witness in his defense of the Church and of the Gospel of our Lord Jesus Christ which he proclaims, and

WHEREAS he has clearly pointed out the saving mission of the Church and her Gospel to our shattered and disordered world, and

WHEREAS to accomplish that mission in this "period of the failure of nerve" he has called us to a renewal of our faith in our Lord Jesus Christ and of loyalty to His Church, therefore,

BE IT RESOLVED that we hereby thank God for the courageous leadership and witness of our Bishop in these troubled times, and,

BE IT FURTHER RESOLVED that we, the clergy and laity of this convention, return to our several congregations with renewed personal faith and loyalty to our Lord and His Church and pledge

1. To strengthen and deepen the religious faith of our own homes and families through prayer, worship, study and service, and
2. To work within our own congregations to find new ways to renew them and to enable them to become more vital and redemptive centers of mission and life, and

BE IT FURTHER RESOLVED that there be established in this Diocese by this Convention an advisory committee on evangelism made up of clergy and laity and similar in purpose to the National Advisory Committee on Evangelism to aid us in this all-important task of renewal at the level of the local congregation.

RESOLUTION II

WHEREAS our Bishop has reminded us of the gulf that often exists between the pulpit and the pew, and

WHEREAS that gulf is often caused by misunderstanding and lack of communication on both sides, therefore,

BE IT RESOLVED that each congregation within this Diocese continue to devise methods and programs by which open and honest communication between clergy and people, between clergy and clergy, and between people and people may be achieved in a spirit of mutual trust, respect, loyalty, and love to the end that the gulf between the pulpit and pew may be eliminated.

RESOLUTION III

WHEREAS two desperately needed housing units for the elderly and poor have now been completed in the Hilltop area of Tacoma under the sponsorship of the Diocese, therefore

BE IT RESOLVED that this Convention extend its congratulations and thanks especially to the Bishop, Dr. Hodges, and Archdeacon Devik for their three years of work on behalf of the Diocese to help make these buildings a reality.

RESOLUTION IV

WHEREAS there is now a \$32,000.00 difference between what we had expected to commit to the National Church in 1971 before the actions of General Convention and what we are now being asked to give to the Commitment Budget, therefore,

BE IT RESOLVED that as part of our response to the Bishop's call for renewal we make every effort to raise at least \$32,000.00 as our "Faith" portion of the budget by apportioning this amount to the congregations of the Diocese as part of their Faith Budget, and

BE IT FURTHER RESOLVED that each congregation shall have the right to designate and choose what program or programs of the Church their "Faith" monies, in any amount, are to be used for.

RESOLUTION V

WHEREAS several members of this Convention have expressed a strong desire have the Bishop's call to renewal heard by all the congregations of the Diocese, therefore,

BE IT RESOLVED, the Bishop concurring, that those substantive portions of address relating to renewal, together with such other matters he may wish to present, be issued as a Pastoral Letter, and

BE IT FURTHER RESOLVED that the same Pastoral Letter be read in every congregation of this Diocese on some occasion of worship on a Lord's Day, or, that copies of the same shall be distributed to members of each congregation, not later than one month after the receipt of the same.

REPORT OF THE COMMITTEE ON CANONS

The Rev. Ivan Merrick, chairman, presented the following proposed changes:

Constitution: Article XII, Section 1.

Second reading of proposal adopted at the last Convention to change the word "triennial" to "regular", so that the section begins as follows:

"At the annual meeting of the Convention in each year preceding a regular meeting of the General Convention. . .".

It was moved, seconded and carried that Convention approve this change.

Canon XVII (b):

To change the term "National Council" to "Executive Council" to conform to the present usage of the Church, the section to read as follows:

"(b) The Church School Lenten Offering, for special missionary purpose designated by Executive Council."

It was moved, seconded and carried that Convention approve this change.

Canon XX (revised numbering)

Section 1. For the purpose of promoting greater unity in the Diocese and the work of church extension within its borders, the Diocese adopts the system of Convocations.

- Section 2. The Diocesan Council, with the approval of the Bishop, shall divide the Diocese into Convocations, and whenever deemed advisable, change either or both the number and boundaries of the Convocations.

- Section 6. Election of officers and representatives to Diocesan Council:
- (a) The Annual Meeting shall elect the Convocation's representatives to the Diocesan Council as provided by Canon VI. At any such meeting when a term of such a representative is about to expire, or when there shall be a vacancy for any other reason, then the Convocation shall elect a presbyter or lay communicant, as the need may require, canonically resident therein to Council membership.

No one who has been elected to a three-year term on the Diocesan Council shall be eligible for re-election until one year after the expiration of the term for which he was elected.

It was moved, seconded and carried that Convention adopt Canon XX as amended.

Canon VI, Section 2:

If Canon XX is adopted, this section should be amended to read as follows:

"The Diocesan Council shall consist of the Bishop, Bishop Coadjutor and Suffragan Bishop, if any; the President of the Standing Committee; three presbyter and three communicant lay members elected by the Convention, one in each order to be elected each year for a three-year term; one presbyter and one communicant lay member elected by each Convocation for three year terms. Quotation from the Pastoral of the House of Bishops given out at the opening of General Convention:

"It is not necessary or desirable that everyone within the Church should agree on all social philosophies and programs. We must never try to impose upon ourselves a kind of papered-over uniformity or consensus. That would be dishonest. What we do need, and without which the Church cannot exist as Christ's Body, is the Holy Spirit. Christ is crucified every time a conservative churchman sees a communist agent or a dupe in his liberal brother. The one essential that can hold us together and make it possible to act as the redeeming body of Christ is mutual love, trust in one another's integrity and goodwill, a spirit of generous forgiveness and forbearance which is of the very nature of God."

This Diocesan Convention marks an end and a beginning. It marks the end of a year when we have served the Lord together. It marks a beginning too. It is a time when a program and budget for the year ahead is presented to the churches of the diocese for adoption and support. It is a time when we remind ourselves that the light bill and coal bill and minister's salary are not the only bills we are rightfully called upon to pay every month in the local church. That the share of the diocesan program and the program of our national church at home and abroad is also a part of our rightful financial responsibility and not just an optional extra that we may or may not do anything about.

The philosophy of our program and budget is that God is in Christ reconciling the world unto himself. That there is only one ministry in Christ's Church and that is in the ministry of reconciliation and redemption. This means removing the barriers that separate men from each other and from God. It means bringing them together in unity and peace. The heart of the Christian Faith has to do with man's separation from his fellows and from God and with God's acceptance of man in spite of man's sin.

When we accept Christ as our Lord and Saviour, we are committed to work to bring about this relationship between all men and God, by strengthening our personal convictions to the point where we dare face this confused and pagan world with Christian Faith. We are to become aware of the needs of people, and as followers of Christ and God's agents for good in the world, we are to bring the power of the Christian community to bear in meeting the basic needs of men, women and children.

An early Christian document written in the first two hundred years of the Church's life, is called "The Shepherd of Hermas." It was written at a time when Christians were persecuted bitterly and on a large scale. Things were going badly, and the writer had lost hope for the Church, when he said, "In a vision I saw the Church as an old feeble woman, too infirm to stand, collapsed upon a chair. Then, looking closer, a second time, I saw that although her skin was withered, her face was young and beautiful and she was standing youthful and vigorous upon her feet. Then, looking a third time,

I found that she had changed for the better again. There was no sign of feebleness in the splendid queen standing before me now. 'What does it mean,' I cried. And a voice replied, 'She looked old and infirm to you only because your own spirit had grown worldly and broken and unexpectant. Then God in his pity sent some faith into your heart and you saw that his Church is greater than you believed. He increased your courage and you saw that she is invincible. It was not the Church — it was you — you were at fault!' " Our problems today are mainly problems that arise when you lose your faith. We are living in a period of spiritual exhaustion and despondency like that which hungered for the birth of Christ. Scholars called it the period of the failure of nerve. This is a period of the failure of nerve!

Every one of our local churches needs renewal. We all need new life, new hope, new confidence. We need it as a fellowship of people called to live and witness and serve as Christians in our community, diocese and world. And we need this renewal personally as individuals and families who call themselves Christian and churchmen.

Jesus Christ must live again in our hearts. And with new enthusiasm and hope we must make him live for others. The word gospel means good news, and we surely need some good news today. For me, the Gospel is Jesus Christ. That mighty event in history, called the Christ event, through which God revealed his forgiving love, his demand for righteousness, and the meaning of human life.

It is a powerful story. It is just as powerful today as it ever was. It declares that God is our creator, our judge, our redeemer, and our great companion. The Gospel proclaims that man is made in God's image, and stands under the judgment of God's righteous will. It tells us that man is the object of God's love. It says God in his love shares our trials and sorrows. That through this fellowship of the faithful — the body of Christ — He would lead us and the whole world back from the far country where we have wandered, into the realm where His will is done because we want to do it!

You and I say repeatedly that the Church is not a club. It is a particular people with a long history called out from the world by God that they might be sent to other men to win them to the Lord.

We say that we are redeemed for a purpose. That we in turn may reach out to other men and bring them into the influence of God's redemptive activity. Following selfish designs man has created disorder and shattered fellowship. He has created disorder in his own life and in the human society of which he is a part. Beyond the disorder man has wrought is the great design for his world that God made plain in Christ. It is a privilege to be Christ's man, Christ's woman, an agent of God in the world today. I maintain that the Christian enterprise is still the greatest cause a man can give himself to today!

The Church is ridiculed openly in the press these days. She is denounced and discounted by bystanders who are not so innocent. And in their confusion, some people might ask "Why should I be part of the Church?"

Here are a few answers I believe we could give:

Because by being part of the Church I can show my loyalty to Jesus.

Because I join in a fellowship which in origin and nature is different from every other human group.

Because I know of no other human institution which meets so many of my deeper needs and the needs of my family and neighbors.

Because only in the company of others I understand the full meaning of God, Jesus, and the guidance of the Holy Spirit.

Because the Church, as no other group, can lay human need upon the conscience of mankind.

Because it gives more encouragement to the prophetic spirit than any other group.

Because in its worship and sacraments I find renewal for my soul, my loyalties are strengthened, my prejudices and sins are cast off, and fresh strength comes from God.

And, last of all, because it stirs me to creative action — it shames my cowardice, and in times of grief, it lightens my sorrow. It makes my ambitions more unselfish.

Now this is renewal! And this type of renewal must come about in every congregation and individual in this diocese!

I salute the local church for what it is intended to be.

It is the place where people who have accepted Christ as their Lord and Saviour, can gather for the celebration of life — in grateful response to the showing forth of God's love for them and the world in Jesus.

The parish church is the point in time and space where the stories of the faith are told and taught. Here new Christians take up their duties, babies are baptized, young people confirmed, promises are made and marriages are affirmed. Here sacraments are dispensed, and Christians are equipped for mission.

Here a man can bow before the mystery of the presence of God. He can find himself in the company of all sorts and conditions of men who share a common faith and hope. Like the discouraged Elijah in the wilderness, here he can discover that there are many besides himself who are still faithful and ready to do something about it. Here people learn to bear one another's burdens because Christ has borne our burdens. Here the Ph.D. and the man who never went to school see each other as equally in need of God's forgiveness and grace.

I salute the local parish church! But it cannot do it all! Therefore, we have the association of local churches under a bishop to carry on a program in a definite geographical area. And we have a national Church with a Presiding Bishop to do in the nation and world what a local congregation cannot do.

With this preliminary statement about the need for renewal, let me review some of the achievements of this diocese since we last met in convention.

In the first place, we have once more set the example to all of our churches, and to the other dioceses of the church, by paying our assessment in full to the program of the national church. This is a record in faithfulness for we have done it for twenty-two years in succession.

When I visited southeast Asia last April, I found the church leaders very somber because the national church did not have enough money to keep its promises to them. They had received two cuts between January and April. How proud I was then of the Diocese of Olympia, and how proud I am now that all through this miserable year 1970 that we have kept up our payments to the national church. This year in 1970 we had set aside \$173,000 for that purpose. Next year, in 1971, the man-

datory part of our assessment as a diocese will be \$141,394. That takes care of the mandatory commitment part. Beyond that, we have a choice of whatever we choose that we will at least give the difference — or \$32,000 to overseas work, or to the new Youth Program of General Convention or to the G.C.S.P. We must guarantee the mandatory part before we have the right to choose in giving to the Faith portion of the budget.

The next real achievement of our diocese is that in a depression year, with several thousand people being laid off by Boeing every month, our leaders advised us to go ahead with the campaign for funds for the Huston Center. At this time we are amazingly close to our goal of \$750,000. It is heartening to me, your Bishop, and I congratulate you on your willingness to sacrifice that extra amount and give it because you believe in the program and future of the Diocese of Olympia. I believe the parishes that supported the project will be proud of the program that takes place in the years to come. They are to be commended for standing up and being counted at a time when nobody knew whether the effort would be a success or failure.

For some years we have been hearing about denominations in the nation joining with the government in building apartments for the elderly and poor. Two large units are now in the Hilltop Area of Tacoma in a place where they were desperately needed. Both units were sponsored by the Diocese of Olympia and are the culmination of three years of intensive work and effort, especially claiming the attention of Dr. Hodges and Archdeacon Devik. They are valued at just under two million dollars. You did not read about this in the headlines. I have as a working motto the statement of King Ahab in the Old Testament, as he was going into battle. He was asked to say a few words, and replied, "Let him that taketh the armour off do the boasting, not him that putteth it on!" Dr. Hodges and I have stepped out of the picture and a board of trustees made up of Episcopal laymen in Tacoma now run these buildings. You will find them in the neighborhood of the Church of the Holy Communion in Tacoma, and I invite your inspection now. See what we have done! Diocesan money and effort got us going — the government has now paid us back.

We still have money to start an Episcopal Retirement Home and Canon Lockerby and the committee have a recommendation to make to us when they report to Convention.

St. Andrew's House on the Hood Canal has been and still is being improved, thanks to the gift from Mr. Norton Clapp. Two parking spaces have been bulldozed on the hill behind the main lodge, and a lovely house has been built for the caretakers. The wing of the lodge where the caretakers used to live is being done over and the space will be used for a chapel and meeting room.

This past year the M.R.I. committee has been very active. Last fall Bishop Koike of the Diocese of Osaka and his chaplain visited us for two weeks, and in April, twenty-two members of our Diocese, including your Bishop, visited Osaka. Their M.R.I. Committee hosted us and took us free to Expo '70, and entertained us in their homes. Some great personal friendships are springing up between us. What a privilege and thrill it was for me in Cherry Blossom time to stand high up on a platform on the playground of the Poole School in Osaka and give a greeting from you to 2,000 girls standing in formation there.

The lower school went into a chapel and the upper school into another chapel which held 1,000, and we had a service of worship where I gave another address — Bishop Koike was the interpreter. One of the girls remembered something I said that day and made a poem about it. There is grace and charm in our fellow Episcopalians in Osaka! I have just received a letter from John Yamane, their efficient M.R.I. chairman informing us that twenty members of the Diocese of Osaka plan to visit us next April in Cherry Blossom time. May God strengthen their efforts and bless us in our partnership. They do not have the little bit extra that we have to spare for such things. I pray that we can make

it worth their while to spend all of that money. They surely made it worth our while when we visited them. During our visit I discovered that probably the best contribution we can make to their work is to invite a priest and his family to live with us for six months or a year, and then let him go back with new ideas. The Rev. Paul Nakamura went back to Okinawa after visiting us and studying our program for four months and this has been of tremendous benefit to their work.

This past year we have supported the Joint Urban Metropolitan Ministry with other denominations. We have given financial aid to our own parishes in the inner city to help them perform services for people living in the area of their church buildings that their congregations could not do without our help.

We shall have the opportunity to continue with the Roman Catholics, Presbyterians, Methodists, Congregationalists, and others in Project Equality, which is a program that attempts to get more jobs for minority people. You know and I know that all of the building trades' unions have not taken this responsibility seriously. I believe the builders and contractors would improve the situation, but the electrical union, the iron workers union, and the sheet metal workers are being stuffy about this. And when approached they become very sensitive. I believe the day will come when they will be more responsible for the total welfare of our society and allow more negroes and other minority people into their apprentice program. If you want to know the facts, there are plenty of people keeping score!

I not only served on the Program and Budget Committee of our national church but am also a member of the Prayer Book Commission of the House of Deputies and House of Bishops. We are in a period of trial. This seems to be very trying for some Episcopalians. But a new liturgical service of Baptism and Confirmation, as well as several services of Holy Communion are to be tried out in the next three years. The Bishop intends to issue strict instructions about the use of these trial services. If you have not accepted the idea yet — let me say for the record that the Book of Common Prayer is being revised. In the trial liturgies given out for use, there are some good suggestions and others not so good. But let me say this loud and clear that the priest and congregation who do not study and use these trial liturgies with the rest of us are failing the Church and other Episcopalians. And especially is a priest failing his people if they do not know what these new services are like, and he does not give them an opportunity to find out! What I ask is that you make a sincere effort to try the new liturgies and give your honest reaction when the time comes to report your opinion about them. This is asked of me — and I in turn ask it of you! Your answer may be positive or it may be negative, but reasons must be given. I think we will not get a new Prayer Book for several general conventions to come.

The clergy and people of the Episcopal Church are asked to begin this fall to study the Consultation on Church Union proposals. This must not be avoided either. We are honor bound to study it and give back our impression in order that they might be tabulated. The deadline date for our reaction as a church has been set as June 1, 1972. All we are asked at the present time is for our reaction to the proposals and suggestions arising from our study.

We are also in consultation with the Roman Catholic leaders in America and have been, on the highest level, since 1965. Dr. George Shipman of our Diocese has been on both the COCU Committee and the Committee discussions with the Roman Catholics. Let us not think that we can play one against the other. The Roman Catholics are in active discussion with these same churches and warn us that we will be left behind if we do not take these discussions with COCU seriously.

The subject of this convention address is renewal. Therefore, I could not possibly finish without mentioning the Retreat Program of the Diocese. We are blessed in having with us in their retire-

ment, Bishop Lane Barton, formerly Bishop of Eastern Oregon, and Bishop Russell Hubbard, formerly Bishop of Eastern Washington. This next summer Bishop Donald James Campbell, formerly Suffragan of Los Angeles and on the faculty at E.T.S. will be in retirement in Victoria. I commend to you the possibility of inviting them to your local church for a preaching mission. I do not want you to plan to have them come for the annual visitation instead of myself — but appreciate the fact that in the southern part of the diocese, Bishop Barton stands ready to help and in the northern half we shall have Bishop Hubbard and later Bishop Campbell ready to step in. (This is in case I get the flu or you have a second confirmation in a given year).

Our gratitude goes out to Bishop Hubbard for the way in which he shares his great skill with us in running retreats for lay people and clergy. St. Andrew's House is the center for this program and I want to thank the Lay Readers of the diocese and the Altar Guild of the diocese for the leadership they have given in supporting these retreats. And I want to thank the people who have sponsored the Quiet Days!

At this time it is evident that there is a vast gulf that separates the pulpit and the pew. We are all churchmen, dedicated to the Church and Jesus Christ, and both the laymen and the clergy must do something about closing the credibility gap between them. The laity have responsibility for this as well as the clergy. Our clergy are caught in the crunch these days — they want to do the compassionate thing — they know the theology of the Incarnation and the Atonement. They know what Jesus Christ would have his followers do at the present time in the present day. Yet when they say what their Christian conscience bids them say about poverty and race — the laity sometimes rise up in protest and the priest is caught in the crunch. Let us see things as they are! The Church did not start the trouble we find ourselves in today. The trouble is in our world. Our world is caught in transition, confusion of ideas and revolution — and the Church is trying to deal with this unhappy state of affairs. If you want to get mad — get mad at the situation — and hear the words of the Lord when he says — get busy! This gap between pulpit and pew is why I welcome the Huston Center and the program that we project there. The Roman Catholics have found an instrument for renewal in the Cursillo movement. We are looking into its use for Episcopalians with their help. For some years our Christian Education people have been helping the R.C.s in the northwest — and now they are ready to help us.

The Cursillo is a short course in Christianity. It gives those who make it a new understanding of basic Christian truths and the desire to serve the Church. Our inquiry shows that the clergy and laity who make the Cursillo together leave full of joyful enthusiasm as brothers in Christ. You will hear more about this movement in the days ahead. We thank our R.C. brothers for helping us with the matter. We need renewal and God grant this mighty help.

Let everyone here representing a local church ask himself this question. Does it make any difference that our congregation exists? For the individual in it? For the community? Or are we merely one of nine or ten little groups whose main significance is being different and separate from the rest? Let him go on and ask himself, what would happen if we were renewed in spirit and became joyful, enthusiastic followers of Christ? Would we argify and sputify about our duties and responsibilities the way we do?

The local congregation is an important unit in the Holy Catholic Church. The Holy Spirit abides in it. Every local congregation in this diocese has a threefold task.

To strengthen and deepen the religious faith, obedience and trust in Christ of those who are already part of our family. This must be done through prayer, study, service, worship and fellowship.

We are to convert those outside the Church and bring them into the fellowship that they might have the guidance and power of God in their lives.

We are all of us together called upon to redeem the world and build the Kingdom of God. And our influence must be brought to bear in the name of Christ upon our own family, our community, upon national and international affairs. Wherever decisions are made that affect the life and welfare of men, women and children — there the influence of Christ must be brought to bear.

In the spirit of St. Francis of Assisi and the Quakers, I quote the Dutch Theologian, Visser 't'hoof, "Church members who deny in fact their responsibility for the needy in any part of the world are just as guilty of heresy as those who deny this or that article of the faith."

The local parish cannot do it all nor must it be expected to do everything by itself. We have the association of congregations with a bishop to do the job in a geographical area, called the diocese, and a national church to do the job within the nation and overseas. Emil Brunner said, "There never has been nor will there ever be a perfect Christian state or Christian international order — but there ought to exist in every locality a Christian community — imbued with the spirit of brotherhood and love."

"Where it exists — there alone can the world learn what real community is."

"It was the spontaneous example of Christians who loved one another that opened the ancient world to the Gospel."

In closing I say to you — if you are concerned about evangelism — it is my conviction that concern for people in trouble — unselfish compassion and real help for people in need — will do more to win members to your local church than anything else.

We need renewal — we need renewal far more than we need money! With renewal the money problem would be solved as well as the witness and service to others!

1971 PROGRAM

1970 REPORTS

SECTION I DIOCESAN PROGRAM

Philosophy of the Program Budget

Fundamental to any understanding of this proposed Program Budget for the Diocese of Olympia for 1971 is the Diocesan Philosophy adopted by the 1962 Diocesan Convention.

“GOD WAS IN CHRIST RECONCILING THE WORLD UNTO HIMSELF”

“There is only one ministry and it is Christ’s ministry of reconciliation. The Church, as the Body of Christ, exists to exercise that ministry to the glory of the Father and in loving concern for all men everywhere.

Having then accepted Jesus Christ as Our Lord and Savior, we, the Church, are committed to work for the establishment of this same relationship between all men and God by:

So strengthening our personal convictions that we dare face the world from our Church:

By becoming acutely aware of the several basic needs of the world;

By bringing the unlimited power of the Christian Community to bear in answer to these needs.”

OBJECTIVE I — OUTREACH

True to our tradition of loyalty to the mission of Jesus Christ, the Diocese of Olympia has again fulfilled her giving to the national church. If we have learned anything this year about our domestic and foreign mission program, it is our inter-relatedness and inter-dependence. My trip to Osaka and the Far East and to the South Pacific has opened my eyes to this fact. I am proud of our Diocese for her missionary effort.

The Diocese has reached out through her support of the Eighth Province. She has strengthened our total college work program, and brought the deputies of the constituent dioceses together to prepare for the General Convention to be held in Houston, Texas.

OBJECTIVE I — OUTREACH

POLICY: The Diocese of Olympia will support the work of the Church being carried on outside the diocese by our National Church and the other churches of the Anglican Communion.

We have provided scholarship assistance for our clergy for short courses to help them grow in the ministry. We have sent a number of our men to various Christian Education Training Seminars, to Fellowship Programs in our seminaries, to the Urban Training Center in Chicago, and to various Planning and Management Seminars.

The Pastoral Institute of Washington, begun in 1968, continues its services to clergy in our diocese. We are doing here what our national church is talking about and planning. The services offered to our clergy are courses in counseling techniques, personal treatment and consultation, and training for parish team ministries. On the Board of the Institute are: Mr. William Ludwig, St. Paul's, Bremerton; and Canon Lockerby.

B. CONTINUING EDUCATION FOR CLERGY \$ 3,000.00

1. Advanced Education & Training for Clergy and Lay Staff\$ 500.00

Program Goal: To provide assistance for local programs by underwriting all or part of the cost of local parish or mission clergy staff and lay staff people to attend special seminars, conferences, etc., related to their ministry.

Program History: This program was formerly under the old Department of Missions. In 1969, two persons used this resource and as of June 16, 1970 seven people have used this resource to the amount of \$500.00.

Program Goal: To train clergy to be supervisors.

Program History: This program was formerly under the Western Parish Training Program which was developed in 1956 through the Home Dept. of the Executive Council. In 1968 the national church put the funding of this program on a diminutive basis. Now called "Supervision and Leadership Training" the program is funded partially through the 8th Province and has received UTO grants in 1967 and 1970 enabling it to become an independent ecumenical agency. For the year 1969 and as of July 7, 1970 six seminarians and twelve Diocesan Clergy participated in SALT joining with Anglicans and clergy of other denominations.

1970	1971
\$ 2,000.00	\$ -0-

Change over 1970: A decrease of \$2,000.00.

C. Church by Mail

Church by Mail gives us an active link with people isolated by illness, age, distance, or incarceration. It gives them a chance to share in our diocesan life and program and to make their offering. We serve 140 adults and 59 children with weekly mailings and church school lessons, and library services. One member wrote, "Week by week — month after month, I enjoy Our Church Times, Forward Day-by-Day, and the goodies you enclose now and then—you know how grateful I am to receive it all."

D. Youth

Youth work is a building up of a quality of leadership among our young people, and the building up of a pool of resource people to guide our youth. With Canon Eng's help, Miss Dorothy Gunn and the members of the Youth Council have planned and carried out the Fall Conference, and the Spring Conference. A joint conference was also held with the young people of the Diocese of Spokane at Camp Field, Leavenworth. Other activities included the Summer Youth Weekends at St. Andrew's House, and also the first of the work study projects called "W.O.W. or Wheels of Work." This last was held at St. David's Church, Friday Harbor, in the San Juan Islands and the young people worked at St. David's, and at Emmanuel Church, Orcas Island. We hope that this kind of work project which grew out of Steve Lintner's experience with the Anglican Young People's Yukon Project will be expanded to provide more opportunities for mission as teachers and workers in the diocese.

Miss Dorothy Gunn will be one of our additional representatives to the General Convention in Houston this year. She has worked long and hard to help build up the program, and she will be able to contribute much more to the total life of the Church from the point of view of our youth.

E. Camps and Conferences

The big stir in the diocese is the development of Huston Center. Since the green light was given by the Diocesan Convention last year, we have \$660,000 pledged. Working drawings are being prepared for the first phase of the development. It is with deep appreciation that I give you this good news, and thank you all for your commitment. If you haven't had a chance to visit Huston Center, please do so and see for yourselves the beauty of the site. I was moved nearly to tears when I stood on the cleared section of the conference area and could lift up my eyes to the mountains.

Camp of the Holy Spirit was in operation this year under the direction of Mr. Leroy Babbitt who is a teacher at Enumclaw High School, and Senior Warden of St. Catherine's Church. He had a veteran staff of counsellors, and wonderful chaplains to guide over 200 young people in our camping program. I understand from Canon Eng that we will try to camp at Spirit Lake for one more year until Huston Center is ready to take over the camping program.

C. CHURCH BY MAIL \$ 700.00

Program Goal: To provide a ministry to the isolated or incarcerated.

Program History: This program began during Bishop Bayne's episcopate. It is a program of support to those who are unable to attend church due to distance, age, illness, or incarceration. 83 families and individuals were being served as of June 1, 1970.

	1968	1969	1970	1971
Budget	\$ 700.00	\$ 700.00	\$ 700.00	\$ 700.00
Receipts	60.95	213.39		
Disbursements	638.82	1,193.32		
Actual	577.87	979.93		

Change over 1970: No change.

D. YOUTH WORK \$ 1,500.00

Program Goal: To sponsor diocesan-wide conferences for High School youth. To provide consultation, materials, training and direction for adult advisor and youth leaders in the diocese.

Program History: In 1968 a Youth Director was added to the Bishop's staff to administer this program.

	1968	1969	1970	1971
Budget	\$ 1,900.00	\$ 1,900.00	\$ 1,750.00	\$ 1,500.00
Receipts	3,108.31	2,256.37		
Disbursements	3,539.61	3,232.46		
Actual	431.30	976.09		

Change over 1970: A decrease of \$250.00.

E. CAMPING, CONFERENCE AND RETREAT PROGRAMS \$14,000.00

Program Goal: To provide a summer camp program for youth. To provide a small conference center for the diocese. To provide a cottage for diocesan clergy. (This does not include property maintenance and repair. See Object VI-E-3.)

Program History: Since 1968 the diocesan youth director has administered the summer camp program. St. Andrew's House has been operating on a year-round basis since 1953. The clergy cottage since 1954.

	1968*	1969	1970	1971
Budget	\$18,000.00	\$19,000.00	\$19,000.00	\$14,000.00
Actual	19,209.84	20,969.82		

Saint Andrew's House has undergone a change of staff. Mrs. Ruby Houser, who was our assistant treasurer and bookkeeper and Miss Lee Kolterman are the hostesses at the House. A new cottage has been built, and the parking has been improved. Every diocese needs a retreat house for the spiritual growth of its people, and fortunate is that diocese which has one available. Our policy has been to keep the cost to the users down as low as possible so that many more people will have an opportunity to make their retreats. We are making full use of the House now for retreats and conferences, but rising costs are making us reassess the fees that we are asking for the use of the House.

F. Adult Education and Training Services

810 people participated in 77 calendar days of adult education programs for church school teachers, discussion group leaders, Vestries and Bishop's Committees, Junior High Advisors, clergy conferences on proposed baptismal rite, Christian Education Committees, Planning Committees and other organizations.

We have also served other denominations and agencies with counsel, and advised in their education and training programs. These include Stewardship and Youth Commissions, State Council of Churches, Seattle Church Council, Ecumenical Metropolitan Ministries; and other denominations — Baptists, Roman Catholics, Presbyterians and Lutherans.

Consultations were held with 40 parishes and missions, and services were given to 13 other committees and church agencies.

Our Education Library is widely used in the Diocese by 71 parishes and missions; our Diocesan Churchwomen, 18 committees, agencies, other churches, and individuals. 2,000 books were circulated as well as other pamphlets, papers, and records.

Layreader materials were supplied to 23 churches, and examinations were taken by 77 new layreaders.

For detailed appendix to this section of report, see page IV-17.

G. Church School

We have provided support for local church schools, and consultations for clergy, Christian Education Committees, superintendents, and teachers.

H. Audio-Visual

We have conducted workshops for parishes or regions, and our film library contains 20 films, 245 film strips and 18 records. Two supplements to the film catalog were published updating our list of available materials. Our library makes it possible for local churches to have a variety of audio and visual aids without having to purchase them individually.

I. Music

Several workshops, and consultations were held. We have also provided a personnel service this year. A master's workshop with Fenner Douglas was held this June.

I want to say at this point how indebted we are to Lynn Young who has carried out our program inside and outside our diocese. A supplement detailing the time and effort for education is provided at the end of my report.

J. Experimental Project Assistance for Congregations

Our Diocese continues to fund selected programs offered by parishes to meet key needs. Most of them have targeted youth in our cities. We have supported the following:

Seattle, St. Clement's — Last year's summer program grew into a year-round professionally directed effort serving the racially mixed neighborhood and high school age youth.

Seattle, St. Peter's — We are involved in the Day Care Center, and the Pre-School Enrichment Program. This parish is doing an outstanding ministry in an inter-racial neighborhood.

Seattle, Trinity — In 1969 the hospital calling ministry using retired clergy was terminated. The program was expanded and refined through the Seattle Central City Mission.

Tacoma, Holy Communion — We have once again carried out a joint program with this congregation and Charles Wright Academy serving the Hilltop area.

Seattle, St. George's — A program called Ecumenical Youth Encounter was designed by seven north end churches. Through St. George's, we funded this program of cooperative youth work.

Grants are made for one year at a time. Four simple criteria are to be met when any congregation applies for funds:

1. Is the Church facing urban problems?
2. Is the program considered making a contribution to the community and to the parish?
3. Is the congregation putting up some of its own money or resources?
4. Will the results and program design and operation help others in similar situations?

H. AUDIO-VISUAL \$ 600.00

Program Goal: 1. To provide and maintain a film and printed resource library.
2. To conduct A-V Skills Workshops throughout the diocese.

K. Cathedral Support

Our Diocese has made many demands upon our Cathedral Church for use of the buildings. The Cathedral Staff and congregation have been very generous in accomodating us. It is right that we make this offering of appreciation and help support our Cathedral Church.

L. Stewardship

Our Stewardship efforts in 1969 were noteworthy. The Commission, headed by Mr. Ray Raines, a communicant of St. Thomas', Medina, did outstanding work in training and in supporting local efforts. A package of "Plans" was developed, and when used as directed produced good results.

The current program builds upon this effort. The Rev. Charles Atcheson, vicar of the Peninsula Parish has been retained by the diocese as the stewardship director. Current plans call for the development of stewardship consultants who can carry the training into the parish church itself. The good experience resulting from the Huston Center Development Fund procedures will be built upon and used.

Sound stewardship and the opportunity for all of our churchmen to participate in church programming is a major priority during 1970 and '71.

M. Retreats

Bishop Hubbard has given valiantly of himself directing our retreat program. He has had the help of Archdeacon Garlich, Canon Eng, and many others in planning and developing this program. We are very thankful for the help of Canon Lockerby, Canon Christie, and Fr. Lofstrom for filling in during Bishop Hubbard's illness. This program is gaining in strength. Many more people are making use of the retreat program to deepen their spiritual life, and to find themselves in a confused age. A by product of the retreat movement is the Quiet Day program this summer. Fr. Mighell and some of the women involved in the retreat movement have planned and sponsored this in the various parishes in the metropolitan areas of Puget Sound. I thank God for these committed people who are opening up avenues for spiritual growth to many more people.

K. CATHEDRAL SUPPORT \$ 4,500.00

Program Goal: To provide financial assistance to St. Mark's Cathedral to offset expenses incurred for diocesan activities.

L. STEWARDSHIP \$ 1,500.00

Program Goal: To provide consultation, training and materials for the local stewardship programs.

Program History: For several years the diocese has offered a program to assist with fund raising. In 1970 the Rev. Atcheson, through a relationship with Peninsula Parish, was assigned to give time to this project.

N. Christian Social Relations

As I mentioned in my report of last year, the Commission on Christian Social Relations as presently organized is not to act primarily as an agent of social change within the community, but rather to act as an information-gathering group for appropriate purposes within the diocesan structure. This concept of the Commission's work remains. Because this is so, the Commission is primarily a liaison with various groups in the communities which do the active work in the Social Relations field. You will note that the 1971 budget includes no money for CSR. The work of the Commission members must therefore continue on not only a volunteer basis but on a personal financially volunteered basis also.

Examples of such liaison are the Pastoral Institute of Washington, the Ecumenical Metropolitan Ministry, the new Puget Sound Coalition on Environmental Planning, the developing Council on Religion and Homo-sexuality which may result from the efforts of Seattle's Dorian Society, and Urban America in the field of housing.

In the areas of social concern where the State Council of Churches has interest, membership of Canon Lockerby and Mrs. Lynn Young on the Executive Committee of that group insures diocesan relationship with these concerns. Also, as the new Seattle Church Council has come into being, my representative on that group is Archdeacon Devik.

In the areas of direct social action, members of the Commission or related task forces are at work. Examples of this are the efforts of individual Episcopalians in the entire field of alcoholic rehabilitation, the newly formed Bishop's Guild for Blind Persons, headed by the Rev. Peter Dally, which group in the summer of 1970 operated a summer camp for the visually impaired and which is continuing its plans to make available various services to the blind.

Within our Diocese, the campaigns for the Presiding Bishop's Fund for World Relief are administered by the Commission on Christian Social Relations.

N. CHRISTIAN SOCIAL RELATIONS \$ -0-

Program Goal: To maintain liaison with the various ecumenical and community organizations re the current social issues. To provide information and education concerning social issues.

TOTAL OBJECTIVE II \$40,400.00

OBJECTIVE III — COMMUNITY ACTION

A. Joint Urban Ministries

The Ecumenical Metropolitan Ministry moved ahead in 1969 and '70. Active in the various crises confronting Western Washington, the Ministry brought reconciliation and hope; carrying the church's ministry into the heart of the conflict.

The Rev. Mineo Katagiri resigned as senior minister the first of June. He goes to New York to head up a major effort of the United Church of Christ. His place in the Ecumenical Metropolitan Ministry as the "founding father" cannot be filled. His leadership in the community through the ecumenical effort can only be characterized as outstanding.

The Board lost no time in selecting as his successor the Rev. James Stewart. Under the Rev. Mr. Stewart's leadership new plans are going forth to set up an Urban Training Center "given" to the community by the United Presbyterian Church through a national grant. Another staff member will be added, who will complement the present work and assist in the new direction being planned.

A report on this ministry is submitted to the convention by Mr. Stewart.

B. State Council of Churches

The Washington State Council of Churches is busy in a variety of ecumenical endeavors. Episcopal members of the Executive Council of that group are: representing the Diocese, Mrs. Lynn Young in Christian Education and Canon Lockerby in Communications and as chairman of the Council's Division of Communications; Mr. B. Franklin Miller, heading the Finance Department of the State Council and Mrs. B. Franklin Miller on the executive committee as President of Churchwomen United.

Our 1971 Diocesan budget places our membership contribution to the Religious Broadcasting Commission in the category of State Council of Churches. This is because the RBC is a subsidiary of the State Council.

OBJECTIVE III — COMMUNITY ACTION

POLICY: The Diocese of Olympia will support social ministries for youth, the troubled, and those in poverty. The diocese will cooperate and coordinate with other agencies to carry out this program.

Ref: Diocesan Council minutes June 19, 1969.

Budget	\$ 3,000.00	\$ 3,000.00	\$ 3,000.00	\$ 3,000.00

Change over 1970: Program changed to enable support of Seattle Council of Churches. Amount unchanged.

The increasing work of the Religious Broadcasting Commission is seen especially in the field of local production. In 1970 all three of Seattle's major television stations have carried series of half-hour shows produced by RBC, each series having a local production team made up of members of the various churches. The Episcopalian members of these teams are: Canon Lockerby, Mrs. Lynn Young and the Rev. Clay Kuhn. The RBC has "market area broadcasting groups" in Seattle-Tacoma and in Olympia, as well as in other portions of the state outside of this diocese.

As the churches come to see the intrinsic evangelical ministry which broadcasting, both radio and television offers, the need for greatly enlarged financing of our joint communications efforts will become apparent. The coming years may see such efforts in communication to be a major thrust.

Project Equality of the Northwest was legally incorporated in the summer of 1970, and officers elected. In accordance with the directive of the 1969 Diocesan Convention, the Diocese of Olympia has become a member of Project Equality and has as its representatives on that organization's Board, Mr. Bruce Carter of St. Paul's Church, Seattle, and Canon Lockerby. The Board has hired Mr. Derek Mills as director.

Project Equality is basically a program to encourage the employment of persons of minority groups. Our Church as well as the others will proceed to implement plans. In addition to the Episcopal Church, other denominations which have membership are: American Lutheran Church, Roman Catholic Church, United Church of Christ, United Methodist Church and United Presbyterian Church, with the possibility of others joining later.

OBJECTIVE IV — CHURCH EXTENSION AND PROPERTY ACQUISITION

A. Mission Program

As in the past, the Mission Program in the Diocese is divided into Land Purchase, New Work, and Established Work.

1. Land Purchase and Development

There is very little to report to the convention on Land Purchase. With the possibility of reduced assessment receipts, this program has been curtailed. Our present land inventory reported in the '69 Report to Convention stands, and we are currently engaged in some negotiation which will provide mission churches with more useable pieces of property. Our goal in our land purchase program is to provide land which can be used directly for building or used in bartering as a hedge against inflated land costs. Thanks to the foresight of the past, we are now able to lead from strength in arranging for the proper mission site in terms of present growth and forecasts. A list of mission properties "on hand" and sites needed, is a part of this report.

The cutback called for in Land Purchase will seriously hamper future mission growth. Property costs are going up and the additional burden this will place upon us will cause serious problems in the future. Diocesan growth through mission building has been remarkable, thanks to the Land Purchase Program. If this program is omitted for more than one year, we will seriously hamper future growth.

OBJECTIVE IV — CHURCH EXTENSION & PROPERTY ACQUISITION

POLICY: The Diocese of Olympia will:

- 1. Support established missions, acquire and develop sites for the extension of the church's ministry.
- 2. Extend the Church's ministry to the major Western Washington college campuses.
- 3. Provide a chaplain for Federal, State, private, and Church related institutions primarily in Pierce County.

2. New Work

One of our efforts at new work in 1969 and '70 had a short life. As I mentioned to you in my report to the convention in Vancouver, we were contemplating establishing a mission field around the Hood Canal and related communities, Tahuya, Belfair, Union, and Allyn. The Rev. Donald Maddux, appointed vicar of this mission, continued the developmental ministry he had started a year and a half before as a non-stipendiary priest. However, when the Rev. Clarence Lody retired as vicar of St. David's Shelton this "new work" was incorporated into the well established and strong ministry of St. David's. The Rev. Donald Maddux was appointed vicar of St. David's and continues his work now as vicar of some of the most beautiful geography God placed on this earth. Thanks to ministerial support by the Rev. Joe Hunt and others, he is able to keep this exciting new work, now centered in St. David's, Shelton, going.

St. John's, Tacoma can scarcely be called new work. The Rev. Canon Lincoln Eng's leadership building upon the efforts of Christ Church, Tacoma has continued the growth of this congregation in the south part of that city.

St. Luke's, Renton still is concerned with developmental efforts in the Fairwood area, and other congregations in the diocese are concerned for new developments and are considering preaching stations. Undoubtedly next year's report will give more detail about these efforts.

Thanks to the joint efforts of Trinity Church, Everett and the Stillaguamish Mission, a new field has been developed which will give Camano Island its first resident priest. As yet un-named, the new mission area being served covers everything from our church in Camano Island to our church in Darrington. The Rev. Walter Correll has accepted the Bishop's appointment as vicar for the new field. All reports indicate that it is going very well indeed.

3. Established Work

For 1970 we again attempted to bring the salary for clergy serving mission churches up to a new level. The 1971 budget envisions another increase. These dedicated men are oft-times most severely tested and ill paid. Certainly their salary suffers in comparison with that of professional workers outside the church. Our aim is to establish a missionary minimum of \$7200 as soon as possible. Our planning calls for accomplishing this in 1972. Yet we are mindful that the combination of inflation and recession in the Pacific Northwest makes both the need for this kind of increase immediate, and the support for this kind of increase doubtful. We can only call upon our congregations to assist us in making certain that the mission clergymen do not suffer needlessly because of their commitment to this ministry.

In what the Diocese calls its Established Work, St. Paul's, Port Townsend has added a Christian Education building; St. David's, Seattle is in the midst of a construction program expanding its facility; and St. Hilda's, Meadowdale is well along toward the construction of its first church unit. St. Patrick's, South Everett, has secured an option on new property and is offering the present site which it has for sale. As soon as this is completed plans will be developed for the construction of the new church building there.

The various area parishes of the Diocese are doing well.

2. See A. 3 below.

3. Established Work\$161,500.00

Program Goal: To provide for development of new work and support of established missions with mortgage, salary and program grants.

Program History: The program formerly listed under “New Work — Missions” is now included in this item. The minimum salary for vicars for 1971 was set at \$6,300.00 by Diocesan Council.

	1968	1969	1970	1971
Budget	\$137,109.00	\$151,500.00	\$158,500.00	\$161,500.00
Actual	139,561.69	150,687.63		

The figures above are a total of those formerly listed under ‘New Work’ & ‘Established Work.’

Change over 1970: An increase of \$3,000.00.

The principle in this style of organization is flexibility. Accordingly, the North Kitsap Parish has moved its center from St. Barnabas', Bainbridge, to the Peninsula and has become the North Kitsap Episcopal Mission, combining St. Charles', Poulsbo and St. Paul's, Port Gamble. The Rev. Joe Carney is the new vicar. The Stillaguamish Mission has been changed with the creation of a new mission field comprising Camano Island and Darrington. The new mission is headed by the Rev. Walter Correll as vicar. The Lower Columbia Associated Parish is undergoing some changes, and it is apparent now that our joint effort with Oregon will terminate on the first of August. Much good work has been done under this arrangement, and my thanks go to Longview for its efforts.

In September of 1969 I appointed three regional archdeacons who will work with our "old" archdeacon in mission administration. Archdeacon McNeil, Archdeacon Garlich, and Archdeacon Price retain their parish responsibilities and give this new duty at least one day per week. Our contract with them is through their parishes. So far I am only sorry I did not do this years ago. Their contribution is great.

The current statement of our missionary effort is tabulated and a part of this report. Remember as you read it, that it is tabulated as of the summer of 1970. By the time of convention, change, which is the hallmark of our mission effort, may have resulted in other significant arrangements. In all of this we are attempting to use your missionary concern and your missionary support in the best way possible. My personal commendation goes to the laity and the clergy of these congregations and to the good work which they are doing.

B. College Work in the Diocese of Olympia

This has been a particularly challenging year for the Church as it has sought to minister effectively in Higher Education. Our campuses have reflected, raised, and focused on many of the restless questions of our day. On and off our university and college campuses, this has been an unsettling time of division and polarization; of separation, alienation, and estrangement. The Church through its campus ministers has sought to find viable styles of ministry enabling it, in new times and new situations, flexibly to serve the world and God's People as of old. Its message, if at times shown in actions more than words, has been of reconciliation — of bridge-building — and of responsiveness both to individuals and groups.

To measure the success of our efforts in a world using for its scale concrete and tangible figures of dollars, numbers, and verifiable statistics would be impossible. We pray that such "results" will be made manifest in love, joy, and peace. To this end, in communicating the "Good News", our Campus Ministers serve as a responsive, reconciling pipeline between that critical part of society and His Church, benefitting, we believe, the lives of both.

B. COLLEGE WORK \$ 30,425.00

Program Goal: To extend the ministry of the Church to the major college campuses in Western Washington and to provide meeting and travel expense for Bishop's Commission on College Work.

Fr. John Harriman has served WESTERN WASHINGTON STATE COLLEGE in Bellingham, proving particularly valuable in his ability to co-ordinate the efforts of the Campus Christian Ministry. It is with sadness that owing to diminished funds we are unable to continue supporting a full-time chaplain in Bellingham. Upon Fr. Harriman's resignation to pursue further studies in California, the Rev. John R. B. Vance became chaplain at the college and vicar of Christ Church, Blaine.

Fr. Stephen Norcross accepted the position of Assistant at Christ Church in Tacoma this year, and so serves as part-time chaplain to students at the UNIVERSITY OF PUGET SOUND. Much of his time is spent in counseling, regularly celebrating the Eucharist on the Campus, and working co-operatively with the University Chaplain.

Fr. Patrick A. Tomter continues to serve on the staff of the ecumenical and newly formed Campus Christian Ministry (with seven other campus ministers) at the UNIVERSITY OF WASHINGTON in Seattle. Through counseling, administering the sacraments, and participating in the CCM Program, Fr. Tomter has been free to spend Sundays in parishes throughout the Diocese relating his observations of university life and the concerns of today's youth.

We are grateful for what we have been able to do here, and prayerfully press on, seeking to do more in His Service — however and whatever that may be . . .

C. Institutional Ministry

The Institutional Chaplain of the Diocese, the Rev. Canon Robert L. Baxter, Jr. is the Chaplain at Faith Home, a member of the staff and of the Board there. At Western State Hospital; Veterans Administration Hospital, American Lake; U.S. Penitentiary, McNeil Island, he provides sacramental and pastoral care for Episcopalians and has limited staff privileges. At several other institutions in Pierce County he visits as need arises. One Sunday each month he has the afternoon worship service at the Pierce County Jail.

Something of the need for these ministrations is indicated by the fact that 10% of the population at Faith Home are Episcopalians; 5% of the population at American Lake, 2½ % of the population at Western State Hospital, and 1% of the population at McNeil Island are identified as Episcopalians.

Outside Pierce County the Institutional Chaplain visits state and federal institutions (mental hospitals, reformatories, youth camps, schools for the retarded, etc.) and our local congregations to assist in providing care for the Episcopalians in the institutions.

Because the need for chaplaincy services is so great he acts as Chaplain for the King County Unit at Western State Hospital, is part-time Chaplain at American Lake, and leads a Yokefellow Group (intensive therapy) at McNeil Island.

As opportunity allows he travels throughout the Diocese taking Sunday services, preaching, teaching about the institutional ministry. He also represents the Episcopal Church on a number of committees and organizations concerned with people of special need, including the Inter-Faith Advisory Committee and the Washington Association for Retarded Children.

TOTAL OBJECTIVE IV\$209,975.00

Some of the details of all this and some of his reflections are communicated to the Diocese through a regular column in "The Olympia Churchman."

The Church Periodical Club; the Episcopal Church Women of the Diocese; the Guild of St. Anne at Emmanuel Church, Mercer Island; the ECW of the Pierce County Convocation; St. Mary's Church, Tacoma; Church of the Resurrection, Bellevue; St. John the Baptist Church, Seattle; the Diocesan Altar Guild are among the groups that have provided special support for this ministry during the past year.

The Institutional Chaplain maintains an extensive correspondence with clergy and laity throughout the Diocese and beyond, including the U. S. Parole Board, caseworkers, individuals within the institutions and those on parole and leave, families and individuals interested in the mentally ill, the retarded, and others.

As a member of the Diocesan Staff, he participates in staff meetings, bringing his special concern and competence.

The need for such specialized ministry in hospitals and other institutions in King County is becoming increasingly evident. The new structure of the parishes in the Central Area of Seattle may be able to provide this, but it will need some Diocesan support.

OBJECTIVE V — COMMUNICATIONS AND PUBLIC RELATIONS

The Bishop's Commission on Communications with its Director, the Rev. Canon John B. Lockerby, continues its work in the various fields of communication.

The Olympia Churchman

Published ten times a year, the **Olympia Churchman** remains the primary medium of communication within the Diocese. This paper goes by mail to each family or individual listed on the parish or mission record, and in addition is sent to various persons throughout the country. The newspaper is, I believe, one of the leading diocesan papers of the American Church. Some years ago, the Commission on Communications set up basic policy for the **Olympia Churchman**, that the paper serves four primary functions:

- (1) to make known to the people of the diocese the program of the Church within the diocese;
- (2) to make known the on-going life and work of the Church in this country and throughout the world;
- (3) to serve as a medium for the exchange of news of the various congregations and
- (4) to function as a journal of opinion on issues of today's world and Church.

General Publicity

Press releases on Church news are sent to the "secular media" from the Communications Office. These releases usually are confined to news of diocesan nature rather than to news of parishes. The Commission on Communications continues its close relationship with the Division of Communications of the Washington State Council of Churches, of which Canon Lockerby is currently chairman.

Radio — Television

Our Diocese continues its enviable record of producing exceptional radio "spots". Commissioned by the National Department of Communications of the Episcopal Church, the local diocesan Communications Commission produced, beginning in 1969 and released in western Washington in early 1970, four such radio spots. The series, on aspects of racism, was titled "Nothing Is As Simple As Black and White". Of these four, one won an award of "Among the Ten Best" but another of the four won the highly desired award "Best in the World — Public Service Radio" given at the annual dinner in Los Angeles of the Hollywood Radio & Television Society. Also the spots won the Belding Award given by the Los Angeles Advertising Club, and received recognition in New York's "CLIO Awards".

Written by the same author, Bob Willey of Seattle, the Commission has also produced five more spots on various other topics which will be released in 1970 in Washington. Three of the four spots on racism have been recorded and are being distributed throughout the country by the Radio-Television Division of the Department of Communications in New York. In addition to Canon Lockerby, the other members of the Commission on Communications who participated in this effort were: John Behnke of St. Thomas' Church, Medina and Peter Hemp of St. David's Church, Seattle.

In connection with the Religious Broadcasting Commission, the Diocese has been active in the production of the television programs on stations KING-TV, KIRO-TV, and KOMO-TV as mentioned elsewhere in this report.

OBJECTIVE V — COMMUNICATION AND PUBLIC RELATIONS

POLICY: The Diocese of Olympia will:

OBJECTIVE VI — ADMINISTRATION AND PROPERTY MANAGEMENT

The Diocese has a devoted staff for administration and property management. For years we have been trying to strengthen our support for them. This year we have initiated a payroll savings plan for the lay members. Up to now we have provided no retirement benefits or protection for them. It has put us at a disadvantage in hiring and keeping staff people. These benefits are long past due. It is a good step for us to take.

POLICY: The Diocese of Olympia will support the Office of the Bishop. As chief administrator of the diocese, he will have a trained staff of clergy and lay persons to assist him in his ministry.

COMPUTATION OF ASSESSMENTS

Diocesan Assessment

How is the annual diocesan assessment upon each parish and mission of the Diocese computed? This is a question frequently asked by concerned Churchmen across the diocese. The answer is as follows:

Article XVII of the Constitution of the Diocese of Olympia empowers the Convention to levy assessments on the parishes and missions for the necessary and proper expenses of the Diocese. Canon 8 of the Diocesan Canons spells out the following method which is used in computing the exact assessment for each parish and mission.

- a. The annual disbursements for local current expense reported by all parishes and missions for the last preceding three years are totaled and a 3-year average figure is determined. (1)
- b. The Diocesan Budget to be assessed is then divided by this 3-year average figure to determine the percentage relationship of the Diocesan Budget to the average annual total disbursements for local current expenses of all parishes and missions for the past three years.
- c. This percentage is then applied to the 3-year average of total disbursements for local current expense of each individual parish and mission to determine its individual assessment. (2)
 - (1) The three years used to determine the 3-year average of disbursements for local current expense in computing parish and mission assessments for 1971 are the years 1967, 1968 and 1969. 1970 figures are, of course, not available at this time.
 - (2) The local current expense figures for each parish and mission are those furnished by the church treasurer in the Annual Parish Report made on the form provided by the Executive Council. The specific item used is found on page 6 of that report and is entitled, "Total Disbursements for local Current Expense (F17-28)."

National & Provincial Assessments

The national and provincial assessments are computed in the same manner as the diocesan assessment.

SECTION III FINANCIAL REPORTS

TREASURERS' REPORT FOR 1969

The financial statements of the Diocese for the year ending December 31, 1969 are presented here to the Convention for review. They have been duly audited by our certified public accountants, Arne S. Hansen & Company. The reports cover the operating account, the trust account, the loan funds, property funds and the diocesan investment fund. In submitting them I should like to move that these audited reports be received by the Convention.

A few general observations about the financial year 1969 are in order:

1. Upon the recommendation of the Bishop and Council, the Convention of 1968 had voted that assessment accounts receivable from prior years should be written off, so that all parishes and missions might start the year 1969 with a clean slate and devote all their energies to keep their assessments current in a year of anticipated cash shortage. The results were unfortunately not achieved by this move, and we have since reverted to our former system of carrying forward the amounts receivable.
2. The Convention of 1968 adopted a total operating budget for 1969 in the amount of \$748,608.33.
3. From this amount we deducted the funds expected from endowment and other income, and funds from the Executive Council for the support of college work, thus producing an assessment figure of \$705,267.00.
4. This was further revised after appeals from parishes had been reviewed, and the resulting final assessment figure was \$701,926.00.
5. During the year, despite a real economic bind on everyone, the total actually paid by our congregations toward the operating budget assessment was \$622,415.78. Thus 88.671% of the final budget was received.

It should be mentioned that many congregations performed under hardship to meet their commitments, some even borrowing funds so that the diocese should not go short. All in all, we can be proud of the way our people responded during days when the Church worldwide is experiencing real difficulties on every front.

In addition to this, the Convention voted the use of funds outside the budget to establish a housing project for low income and elderly people in the Hilltop area of Tacoma. As of this present date the project is well on its way to completion. It is significant that even in times when it is hard to keep up with our own housekeeping expenses, our diocese recognized the claim of others who have even greater need, and responded to it so enthusiastically.

THE PURPOSE OF THE DIOCESAN INVESTMENT TRUST

The Diocesan Investment Fund was organized in 1951 as a "mutual fund" or "common fund" for the endowments of the Diocese, parishes and related institutions.

In common with the many mutual investment funds operated in the United States, its portfolio includes a widely representative list of investments in various segments of American industry. The purpose of this is two fold - to protect the shareholders from wide fluctuations that might result if all the funds were invested in a single industry or single company, and on the other hand, to share in any general improvement in the market because of its ownership of a cross section of the American economy.

At the present time the Fund owns eighteen different issues of government and industrial bonds and thirty-one different issues of common stocks.

One objective is to earn the largest income that may be obtained with safety for the benefit of the shareholders.

The other objective is to offset the constant erosion of the value of the dollar from the inflationary trend of our times through the purchase of "Equities", such as common stocks or debentures convertible into common stocks rather than fixed securities such as bonds.

There is a certain conflict between these two objectives as normally the best income can be secured from bonds, which however provide no protection against inflation. It is the constant objective of the Trust and Investment Committee to maintain a balance between these two types of investments and these two objectives. At present the Fund is invested approximately sixty-three percent in common stocks, and three percent in preferred stocks, and thirty-four percent in bonds.

OPERATION OF THE FUND

Shares may be purchased by the Diocese itself, the parishes, and related church institutions. No shares may be purchased by individuals or by other organizations than those listed above.

Because of its long-range objectives the Fund does not encourage the purchase of shares unless they are to be held for two years or more.

The assets are valued on the last day of each quarter, March 31st, June 30th, September 30th and December 31st, and the per share valuation determined at that time. Any parish or other organization wishing to purchase shares may do so by notifying the Diocese approximately thirty days prior to each valuation period of the amount of money they wish to invest. When the per share value has been determined, the purchaser will be notified of the number of shares that this amount of money will purchase, and on receipt by the Diocese of a check for the required amount, a stock certificate will be issued.

In the event that the owner of shares wishes to sell all or part of them, this same procedure is followed. They should give notice thirty days prior to the valuation date of intent to sell and the amount of money they wish to realize. When the valuation is determined they will be advised of the number of shares to be redeemed and should then forward the shares for cancellation after which a check will be sent in payment.

Dividends are distributed quarterly in April, July, October and January. It is customary to distribute all of the earnings of the Fund to shareholders each quarter as earned.

Earned income only is distributed, capital gains are reinvested to increase the value of the Fund. A shareholder wishing to convert part or all of his capital gains to cash may do so by selling a portion of the shares owned.

The Diocese makes no charge for its share in the management and supervision of the Fund. The only charges are the agency fee of the Seattle First National Bank for their services and the annual audit fee of our certified public accountants. This permits passing on substantially all of the earnings of the Fund to the shareholders with a minimum of shrinkage for operational costs.

THE DEAN AND CHAPTER
of
ST. MARK'S CATHEDRAL
Report 1970

To the Bishop and Delegates of the 60th Annual Convention of the Diocese of Olympia:

Your Cathedral Church has had a good year according to most of the indices normally used in annual reports. Attendance holds steady; baptisms and confirmations are up; morale is good; debt has been reduced; and we hope to end 1970 with all obligations met.

Of course we have had our problems. One of the most frustrating has been a rash of burglaries and vandalism since the first of the year which seems to be common with churches all over America. A locked church didn't keep them out. Only those who sought a place to rest and pray were kept from entering. We still have to strip the sanctuary and put things under heavy lock and key, but the cathedral is now open around the clock with lights on at night. So far, so good!

But enough of the past. Let's think about the future.

The **sacramental life** will be the main theme of the educational process this coming year in Church School, Confirmation classes for adults, group study, and in worship. This emphasis is indicated by the results of the extensive questionnaire sent our people last year who placed the Eucharist, preaching and the music of worship at top priority. No doubt this grew out of our serious and consistent use of the Trial Liturgy during all three years of this Triennium.

To implement this emphasis we are producing a manual on the Eucharist and will follow this with one on Baptism and Confirmation after we see what General Convention does with the initiatory rites of the Church. With the Bishop's permission, the Cathedral will become one of the two or three "pilot churches" of the Diocese admitting baptised children to the Communion before Confirmation if their parents desire it. Confirmation would then become a voluntary commitment at seventh grade and older rather than the routine and often meaningless thing to be "done" under pressure. We do this on the assumption that it is the Cathedral's function to lead in any legitimate experimentation giving our Faith more meaning to its people. The results of this experiment will be reported fully and honestly to the Bishop and Diocese.

Community concern and action is another thing of high priority in our questionnaire. Our Women's Council is giving this top billing this coming season and is organizing volunteer services and other activities turning outward to the city. We still function through the Capitol Hill Association of Christian Churches which is broadening its program under the chairmanship of Canon Trelease. The Seattle Central City Mission has stopped spinning its wheels and hopefully will have something definite to report by convention time.

Bloedel Auditorium is booked for many community events this Fall and Winter, most interesting of which is the Satellite Pre-School class of the Seward and Montlake Public Schools. Thirty 3- and 4-year-old children will be given basic instruction by experienced teachers.

The Chapel of the Resurrection in the crypt, where the cremated remains of church people may be placed, is not limited to members of the Cathedral. We welcome inspection by anyone interested by appointment with William Baird. Space can be secured by making a contribution

to the Memorial Endowment Fund. The Eucharist is celebrated in the Chapel at Easter, All Saints, Memorial Day and other times by request.

A new policy on the disposition of **Undesignated Bequests** has been established by the Vestry. At least one half of each bequest is to go into endowment as a memorial to the donor. The balance will be used for debt retirement or program support. Endowments now amount to \$175,000. Total indebtedness, all for capital purposes, now stands at \$30,301.64 and is being reduced steadily by monthly payments and bequests. By year's end we expect to wipe out the final debt on the Organ-Narthex project.

Finally, our **Team Ministry** is no longer in the experimental stage but is now the accepted fact of Cathedral life. Each of us has a full ministry. We plan and work together with remarkable unanimity. God has blessed us. Our only objective is to be a blessing to others.

REPORT OF EPISCOPAL CHURCHWOMEN 1969-1970

The Episcopal Churchwomen of the Diocese of Olympia enter a new decade with a new structure designed "to make a new response to the changing needs of the world". The churchwomen must remain flexible and open to change in concert with the diocesan structures while still retaining our identity.

This report is not a report of a president — but an opportunity for the Executive Committee of the Churchwomen to share with the rest of the diocese some of the interesting programs they have presented.

Believing that the Church and especially churchwomen have a valid role in reconciliation, the Executive Committee has acted as a communicating agency to support the diocese and its work.

The most exciting project of the diocese in the past year was the fund drive for the Huston Center. It was with joy that the Churchwomen were able to assist the fund raising committee. Our structure, which includes a convocation representative in the 9 areas, provided a ready-made liaison person under the able leadership of Mrs. T. Perry Williams. Our regional representatives worked closely with the convocation presidents to reach the goals of the fund. Our thanks to these women cannot be repeated too often. The Churchwomen are looking forward to the use of Huston Center in the coming years.

The vocation of Aging was examined in depth under the leadership of Mrs. Charles Montgomery. The Rev. Dr. Herbert Lazenby as a resource person was invaluable.

The Resource Committee of the Churchwomen presented a program featuring Mrs. Ernest Rucker, the United Thank Offering National Associate. The meeting provided a setting where loyal opposition to the program could question Mrs. Rucker. Much misunderstanding was corrected in simple communication. Mrs. John McNair planned the meeting with her committee.

Fulfilling our role as communicators, Mrs. F. Perry Williams planned an ecumenical meeting at which the proposed C.O.C.U. Eucharist liturgy was used. The Bishop gave permission for its use in the Cathedral. Dean Leffler was the celebrant. Following the service a most interesting program on the "Plan of Union" was given by the Rev. James O. Gilliom, minister of the Mercer Island United Church of Christ and a member of the Commission writing the "Plan of Union" for C.O.C.U. Many questions were answered. The Churchwomen take no stand on Union but wish our laypeople informed on the plans.

The Student Memorial Tea, a perfect ending to a full day, was held at the Bishop's home. A large group of churchwomen gathered to enjoy the lovely party hosted by the Bishop and Mrs. Curtis. The tea coming so soon after the Osaka pilgrimage used a Japanese theme. The ladies from St. Peter's in beautiful costumes were a rare treat. The offering from the annual tea is used to help needy young people in their education toward work in the church.

The nine regional meetings were varied and rewarding. The regional representatives arranged the day-long meetings held in the far corners of the diocese. The gatherings gave the Executive Committee an extra opportunity to talk with churchwomen in these areas to discover how we could better serve them.

Delegates to the Triennial meeting in Houston, Mrs. Philip H. Schmidt, St. John's, Olympia, Mrs. Charles Montgomery, St. Luke's, Tacoma, Mrs. Taft I. Ring, St. Stephen's, Seattle, alternate and special representative, Miss Carmen Gaskin, Epiphany, Seattle, attended the pre-convention Provincial meeting in San Francisco.

Arrangements are being made to bring The Rev. Dr. John Yamasaki, Jr., Rector of St. Mary's Parish in Los Angeles to be the guest speaker at the annual meeting of the Churchwomen at the Cathedral. Father Yamasaki is the 8th Province representative to the Executive Council and will speak on "Tuning in" on General Convention.

The Executive Committee hopes to experiment with new ways of working and to assess them, during these transitional days of changing from old patterns to new ones. We hope to support organized women's groups throughout our parishes and missions with any experience we may have as well as to encourage the real integration of women into the full life of the Church family.

SEATTLE SOUTH CONVOCATION

The Convocation conducted one meeting during the year for the purpose of studying the proposed Diocesan Program, and to hear reports of the special programs presently going on amongst the constituent congregations.

CENTRAL CONVOCATION

This report for the Central Convocation is being written by the Archdeacon of the South, inasmuch as there is at present no president of the Central Convocation. The reason for this is that the president appointed by the Bishop at the last Convention, the Rev. M. Ramsey Schadewitz, has moved to Trinity, Seattle. The sum total of this report will be in the nature of clergy changes. In all churches within the Central Convocation, changes in clergy have taken place during the past year and a little more.

- St. Andrew's, Aberdeen: The Rev. Robert D. McFarland is the new Rector, replacing the Rev. Donald S. Miller, who has become the Rector of Trinity, Everett.
- Holy Trinity, Hoquiam: The Rev. Robert Burton is locum tenens, replacing the Rev. Ramsey Schadewitz, who has become associate Rector of Trinity Church, Seattle.
- St. John's, Olympia: The Rev. Donald A. Fox is the new curate, replacing the Rev. Stephen Norcross, who has become associate Rector of Christ Church, Tacoma.
- Eastern Grays Harbor: The Rev. Edward O. Winckley is the new vicar, replacing the Rev. Ernest Radcliffe, who is vicar of the Church of the Holy Communion, Tacoma.
- Pacific County Mission: The Rev. Robert F. Burger is the vicar, replacing the Rev. Charles W. Hunter, who is vicar of St. Anne's, Camas-Washougal.
- St. David's, Shelton: The Rev. Donald Maddux is the present vicar, also vicar of St. Nicholas', Tahuya and St. Hugh's, Allyn and he replaces the Rev. Canon Clarence A. Lody, who has retired.
- St. Christopher's, Westport: Captain Wesley F. Janke has resigned as of September 1.

The only clergymen remaining on duty in the Central Convocation for more than a year are the Rev. C. Howard Perry, Rector of St. John's, Olympia and the two who are assisting him, the Rev. Canon Elmer B. Christie and the Rev. Arthur Lord.

NORTHEAST CONVOCATION

The Northeast Convocation clergy met with Bishop Curtis at St. Paul's, Mt. Vernon, January 7, 1970. The Church School Teachers of the Convocation met at Trinity, Everett, March 7 and planned to meet again in May. Unfortunately, the May meeting had to be cancelled.

The Huston Campaign provided the subject for meeting in the Spring, although there was no formal Convocation meeting. There were a few clergy and wives get-togethers during the year.

JOHN B. WINN

SEATTLE NORTH CONVOCATION

The Seattle North Convocation held two regular meetings during the year 1969-70. The Spring meeting was a dinner meeting at St. Luke's Church. The Fall meeting was held at St. George's Church during which Mr. Stuart Oles, Vice-President of the Convocation ably presented the Diocesan budget.

Four churches of the Convocation agreed to have their Confirmation Class candidates Confirmed in St. Mark's Cathedral. The four-parish sponsored Service was attended by between 400 and 500 people on a Saturday afternoon in February 1970.

The Bishop and several of the delegates to General Convention spoke to the clergy of the Convocation at a meeting held at St. Stephen's Church.

Another highlight of the year was the involvement of several of the North End churches with clergy and lay readers of seven denominations in EYE . . . Ecumenical Youth Encounter. This series of 8 to 13 week sessions was attended by eighty High School young people of the denominations represented. One of the primary leaders of the effort was the Rev. James Elliott with St. Andrew's parish providing facilities and lay leadership for the final Spring quarter.

WILLIAM C. JOHNSON
President

PIERCE COUNTY CONVOCATION

At the date of this report the Pierce County Convocation had met but twice during the period 1969-70. The Fall meeting met at Christ Church, Tacoma, and was chaired by Mr. Ben Petrie, vice-president of the Convocation. The major item of business discussed was a resolution from Holy Communion seeking additional assistance from the diocese for the operational program at Holy Communion. Certain recommendations were made for their presentation to be made at the upcoming diocesan convention in Vancouver. At the conclusion of the meeting Mr. Ben Petrie announced that the Bishop had appointed the Rev. Wayne B. Williamson, rector of St. Mary's, Lakewood, as the new Convocation President to succeed the Rev. Arnold A. Fenton who had accepted a call to Christ Church, Grosse Point, Michigan.

The second meeting on April 12 at Christ Church, Tacoma, was again chaired by Mr. Ben Petrie in the absence of Father Williamson who was attending a conference in southern California. Mrs. Marvyl Allen of St. John's, Gig Harbor, was elected as the Secretary-Treasurer for the Convocation. The Convocation was, by vote of the delegates present, constituted a "collection agency" for donations being made to Hilltop Day Care Center located at the Church of the Holy Communion. This was done in order that the Center might qualify under federal rulings for the receipt of additional funds on the basis of three federal dollars for each donated dollar. An account in the name of the Pierce County Convocation was opened for this purpose.

The Rev. Morris Hauge resigned his post as Convocational Youth chairman in order to go with Father Fenton as Curate at the latter's new post. The Rev. Norris Pearson was appointed to take Father Hauge's place as youth chairman.

WAYNE B. WILLIAMSON
President

OVERLAKE CONVOCATION

A special meeting of Convocation was held in February to develop ideas for church renewal. Delegates took part in small group discussions, according to their interests, in the areas of Devotional Life, Youth Activities, Adult Education, and Stewardship. At the final general session a new method known as the Christian Forum was used to present the ideas generated and determine the potential support for each idea.

In May, another special meeting was held to explore the possibility of joint effort in the fall Every Member Canvass. Results are at the time of writing inconclusive.

The clergy of the Convocation meet twice a month for fellowship and study. The fall/winter series was led by the Reverend Joseph Mills, Ph.D, of Seattle University, and focused on the sociology of religion. The late winter and spring study was led by Donald Akutagawa, Ph.D. and Kaas Hoffman, Ph.D., clinical psychologists at the local Mental Health Center, and focused on methods and resources in pastoral care.

REPORT OF THE ANNIE WRIGHT SEMINARY Tacoma, Washington August, 1970

Having assumed the duties of Headmaster in July, 1970, the writer is not in a position to give a first-hand report of last year's activities at the Annie Wright Seminary. Items in the following account have been culled from comments and statements from various members of the Administration and Staff.

Once the question of a merger with Charles Wright Academy was resolved and the decision taken to continue with the Seminary as a girls' school, the faculty and staff settled into a productive and rewarding year.

A continuing curriculum evaluation resulted in a number of imaginative changes, especially in the field of English and Social Studies. A variety of "mini-courses" offered by teachers in line with their special interests were introduced. These included sessions in psychology, sociology, computer programming and Yoga.

Two Seniors were accepted by early decision at St. Olaf College and Vassar. Other Seniors were accepted at Beloit College, Columbia College, Franklin College (Switzerland), Ripon College, University of British Columbia, University of Denver, University of Santa Clara, University of Washington (3), Western Washington State College (3), Whitworth College, Willamette University.

A number of the girls were involved in community activities through English projects, church choirs and extra-curricular service projects.

Under the auspices of the English Speaking Union, an exchange student from England was enrolled in the senior class. For one quarter, there was also an exchange between an Annie Wright girl and a student from Hawaii.

Seminary students attended Seattle Opera and Seattle Repertory Theater performances as

well as concerts by the Tacoma-UPS Symphony.

Class VI wrote, directed and produced their own version of "Sound of Music" and the Lower School Creative Writing Club was established.

During the past summer, the Seminary was host to the Order of St. Luke's Healing Conference and a SALT Conference for deacons and curates of the Diocese.

An active, newly organized Board of Trustees has imparted a spirit of optimism and enthusiasm to the entire School community. Renewed emphasis on the boarding aspect of the School has resulted in a significant increase in the number of resident students expected for the coming year.

The Headmaster would like to take this opportunity to remind members of the Convention that the Seminary is, in a very real sense, their School and that they may be sure of a warm welcome whenever they come to visit us.

ANNUAL REPORT TO THE DIOCESE OF OLYMPIA
Charles Wright Academy
August, 1970

Charles Wright Academy opened its thirteenth year with an enrollment of 364 students and ended the year with an enrollment of 372. As of this date, and with testing still in progress, 445 students have been enrolled for 1970-71. Of this number 74 are girls in grades 7-12 as Charles Wright looks forward to its first year of coeducation.

A total of \$488,203.22 has been paid to the Design for the Future fund, leaving a balance due of \$237,929.32. Gifts for Annual Giving amounted to \$66,934.72.

Coincident with the decision to enroll girls in the Upper and Middle School, a planning committee, consisting of representatives from the Board of Trustees, the faculty, students and parents was formed to meet with the school's architect in order to plan for the future of Charles Wright. A radical building program has been begun this summer, the results of which will appear in next year's report to the Diocese.

"Summerthing!" under the direction of one of the Charles Wright administrators enjoyed a successful third year serving underprivileged children from the Hilltop area in Tacoma. The student council again sponsored dances to help support the project.

The joint board of trustees representing Annie Wright and Charles Wright was dissolved after the decision not to merge the two schools and a board of trustees representing Charles Wright was named.

Charles Wright graduated its seventh class in an out-of-doors ceremony May 30. This class was admitted to the following colleges: Carnegie Mellon, Claremont (2), Colby College, Connecticut College, Dartmouth, Eastern Washington State College, Harvard, Kalamazoo, Massachusetts Institute of Technology, Pacific Lutheran University (2), Seattle Community Col-

lege, Seattle University, Stanford (3), Tufts (2), University of the Pacific, University of Puget Sound (2), University of Washington (2), Washington State University (2), Washington University, West Point and Yale Universities.

HUSTON SCHOOL OF THEOLOGY

The Huston School of Theology completed its fifth year of service to the Diocese under the same instructional staff as last year. Meeting in Christ Church House in Seattle, it has completed the second year of its second three-year cycle of classes in Scriptures, Church History, Dogmatic Theology and Liturgics. This year the library was greatly augmented by a gift of books by the Rev. John Huston from his own personal library and that of his late distinguished father after whom the school is named. Two more alumni, having completed the three-year curriculum, were ordained to the Diaconate by Bishop Curtis. They were the Rev. Robert E. Shelley of Federal Way and the Rev. Hamilton Enslow of Kirkland. The Diocese owes a debt of gratitude to the volunteer faculty which includes the Rev. Canon William Forbes, the Rev. Wayne Williamson, the Rev. Marshall Ellis and the Rev. John Schaeffer.

REPORT OF THE BOARD OF EXAMINING CHAPLAINS, 1969

The Board of Examining Chaplains membership underwent considerable change during the year 1969. The Rev. Frederick A. Schilling, Ph.D., Canon Theologian of Olympia, retired from the ministry and returned to southern California. The Rev. Ainsley M. Carlton, Ph.D., asked that he be relieved of the responsibility as Secretary of the Board. The untimely death of the Rev. Arthur A. Vall-Spinosa was a sad loss to the Board and the Diocese.

After consultation with the Bishop in October the Rev. Wayne B. Williamson was appointed Chairman of the Board of Examining Chaplains. The Rev. John G. Schaeffer was appointed Secretary.

New members of the Board nominated to the Bishop and appointed by him were the Rev. Messrs. C. Howard Perry, DD.; Henry F. Seaman; and Robert H. Cochrane.

During the year the chaplains administered the required examinations to Candidates seeking the Diaconate and to Deacons seeking to be advanced to the Priesthood. Several of the members of the Board continue to serve as faculty of the Huston School of Theology.

JOHN G. SCHAEFFER

REPORT OF THE MUTUAL RESPONSIBILITY AND INTERDEPENDENCE COMMISSION

During the Triennium 1968-70, MRI has grown to include a new Companion Diocese relationship and an increasing emphasis upon the fellowship of prayer within the Anglican Communion.

Two Pacific Ocean Dioceses, Osaka and Olympia, have been strengthened in mission and in unity by the exchange of visits of Bishops Mark T. Koike and Ivol I. Curtis. Olympia's Pilgrimage to Osaka, Japan, in April and May of the year of Expo '70 will never be forgotten. Our Church School Missionary Offering, a colorful Diocesan banner made by the Rev. Ralph Carskadden and a Cross for the President of Osaka's Churchwomen were gifts presented by our delegation to their Japanese hosts. Motion pictures and slides taken by the Rev. Messrs. Bernard Young and Timothy Nakayama tell the story of the Osaka Pilgrimage and are available for parish groups.

Seven Parish-to-Parish Partnerships have resulted in a number of visits by churchmen to their sister parishes, in increasing understanding and love between us. Included in this outreach program are Church of the Holy Communion, Tacoma and Shonai Christ Church, Toyonaka; St. Mary's Church, Lakewood and St. Mary's Church, Takatsuki; St. Andrew's Church, Aberdeen and St. Andrew's Church, Osaka; St. Peter's Church, Seattle and St. Peter's Church, Nishinomiya; All Saints' Church, Seattle and St. James' Church, Osaka; St. Luke's Church, Vancouver and Holy Trinity Church, Osaka; and The Church of the Resurrection, Bellevue and The Church of the Resurrection, Osaka.

In April and May the Rev. Messrs. Richard Garlichs and Sumner Walters represented Olympia at national meetings of the Mutual Responsibility Commission on Prayer Outreach. Conducted by Russian Orthodox Archbishop Anthony Bloom and the Church of England's Canon Douglas Rhymes, these stimulating workshops proved to be of great interest.

In 1971, we expect to welcome a delegation of Japanese Churchmen from Osaka and, it is hoped that the Rev. and Mrs. Chikoh Seike can be our guests for an extended period of education, travel and training.

HISTORIOGRAPHER'S REPORT TO THE DIOCESE OF OLYMPIA

August 27-30, 1969, your historiographer attended the annual Conference of the Historiographers of the Episcopal Church meeting at Kenyon College, Gambier, Ohio. Representatives from many dioceses were present although I came from the greatest distance.

A number of diocesan histories were on display, but ours attracted considerable interest as it was issued as a paperback at a low enough cost to be widely distributed. Several pointed out that their clothbound editions remained largely unsold.

Mr. Wallace J. Baker of Cleveland, Ohio, explained how he had arranged for all diocesan and parish records in his diocese to be microfilmed and housed in a fireproof room. They were also in process of being indexed. This was a tremendous project, and made others of

us wish we could accomplish a similar feat.

As a starter your historiographer arranged for the University of Washington Library to microfilm all of our diocesan journals from 1880 to the middle 1950's when copies are available. The university provided us with a copy of the microfilm for our archives.

The State Library at Olympia is interested in microfilming parish records prior to 1907 when the state began its own records. Arrangements for this are in process of being worked out.

The September 1970 issue of the HISTORICAL MAGAZINE will carry the article on "The Episcopate of William Morris Barker," mentioned last year.

Regularly, I receive calls or letters from students in universities desiring information regarding the work of the Episcopal Church both in the Pacific Northwest and elsewhere in our country, which I always endeavor to supply.

REPORT OF THE DIOCESAN LITURGICAL COMMISSION 1970

During the year since the last report, the Diocesan Liturgical Commission co-operated with the Bishop's Special Task Force on Baptism and Confirmation. Results: a preliminary statement of policy recommended to the Bishop pending the Church's action on Prayer Book Study 18, Holy Baptism with the Laying On of Hands. Also, two conferences were conducted by the Reverend Bonnell Spencer, O.H.C., chairman of the specific committee charged with preparing this study and service. Father Spencer outlined the history of the rites, the contemporary dilemma, explained the rationale of the proposed rites, and conducted the proposed service and the Holy Eucharist for the Bishop and diocesan clergy. One conference was held at Olympia, and the second at Everett.

The second survey of reaction to the Liturgy of the Lord's Supper, Prayer Book Study 17, was conducted. The second survey showed that whereas there still exists a complete resistance to any change in the Eucharist, stronger in the laity than in the clergy, the continued tri-

al use and the familiarity that grew accordingly, has shifted to a greater approval of the trial rite in both orders, while still being critical about particular parts. The survey also indicated that a relatively few clergy were interested in or concerned about the approved Additions and Variations allowed by Special Convention II. The survey sheets for both surveys were forwarded to the Office of the Co-ordinator on Prayer Book Revision.

If the Standing Liturgical Commission's proposals authorizing trial use for the Prayer Book Studies 17 through 24 are passed, the Church will have the essential part of the Proposed Prayer Book in hand for testing. The Diocesan Liturgical Commission membership is being broadened to undertake the expected larger task, will be prepared to recommend to the Bishop trial use guidelines to be used throughout the Diocese, and prepare for reporting to the Standing Liturgical Commission.

REPORT OF THE CHURCH PENSION FUND

The Right Reverend Ivol I. Curtis
Bishop of Olympia
1551 Tenth Avenue East
Seattle, Washington 98102

Dear Bishop Curtis:

Enclosed is a list of the clergymen, widows, and children in your diocese who are currently receiving pensions from The Church Pension Fund. This report, which also includes the pension amounts, is submitted annually to the dioceses for their use.

In addition to the report for your own diocese, here is an overall picture of the benefit totals throughout the Church:

	Number	Amount
To retired clergy	1,216	\$ 3,495,168
To disabled clergy	244	698,222
To widows	1,627	2,567,699
To children	375	240,961
Totals	3,462	\$ 7,002,050

The year was a significant one for the Fund and the Church in various areas. Of particular concern was the revision of the rule regarding benefits to surviving dependent children. The rule, which extended benefits up to age 22, provides a full additional year of benefit payments, and resulted from many suggestions that the additional year would be of assistance to students completing college.

In another vein, the Fund accelerated its drive to strengthen communications with the Church. The most recent Annual Report, for instance, aroused enthusiasm with its central descriptive section that gave the reader a detailed, easy-to-read explanation of where the Fund's money goes.

The Affiliates, too, had a rewarding year. Church Life Insurance Corporation, under the auspices of The Church Pension Fund, gained approval at the 1969 Special General Convention II to establish a church-wide group life and major-medical program for the clergy. The mandatory plan will fill a tremendous need for group life insurance and major-medical ben-

efits since approximately 40% of the active clergy do not have such coverage.

The Church Insurance Company directed its efforts toward expanding its coverage of Episcopal owned property, and introduced Homeowners' and Tenants' policies for clergy.

The Church Hymnal Corporation continued its efforts to provide fine quality publications at minimum costs to the Church. The company recently published the Proposed Prayer Book Studies XVIII on Baptism and Confirmation.

Should you have any questions on this brief report of the past year's events, we are glad to provide information on any aspects of the Fund's work. And your suggestions and ideas are always welcome.

MINISTRY TO SKIERS

The Chapel of St. Bernard and the Crystal Mountain Ski Area Chapel continued winter ministries during the 1969-70 ski season.

At Crystal Mountain our worship service program was expanded this year. More dates were scheduled and our Saturday night youth program strengthened. Worship services began in December for both the Roman Catholic and Protestant congregations. The whole Crystal Mountain community was invited.

Attendance and offerings increased. Each Protestant clergyman received a twenty-five dollar cash honorarium plus daily tow tickets for himself and his family, and also adequate housing. Most families come to this Crystal Mountain area on Friday night, so the clergyman has time to do some pastoral work.

Our thanks go to the clergy who participated. These are J. E. Christopherson (Lutheran), John Phillips (Methodist), Stephen Norcross (Episcopalian), Orville Taylor (Baptist), Morris Dalton (Lutheran), Edward Wood (United Church), David Gallotte (Presbyterian), Lyle Stork (United Church), Gaylord Hasselbad (Baptist), Robert Chamness (Presbyterian), and David McGirr (Episcopalian). The laymen who participate and in a very real sense lead this congregation are: Lucius Bigelow, Del Ulrick, Blacky Joslin, Bob Scarff, Jack Miller, Warren Bierman, and Bill Nance.

At St. Bernard's, Snoqualmie summit, the ministry was under the direction of the Chapel committee chaired by Father Axer of Seattle University. Clergy representatives include: William Hershey and Archdeacon Devik. The lay members on whom fall most of the responsibility are: Webb and Virginia Moffett, and Jim and Barbara Benson. Thanks to Barbara McAusland the Chapel now contains art works suitable to its interior, and the ministry being carried out at St. Bernard's.

The ski chapels offer a worthwhile ministry to recreation areas. We are proud to be associated with our fellow Christians in them. And we again invite all churchmen to visit these exciting ministries.

EPISCOPAL SERVICES FOR YOUTH IN THE DIOCESE OF OLYMPIA, INC.

REPORT OF FAITH HOME TO THE 1970 DIOCESAN CONVENTION

1969 was a year of change for Faith Home. In addition to the all-inclusive residential care for unmarried mothers, the school program was enlarged and opened for day students. These were girls who had been requested to leave their own schools because of pregnancy, but who preferred to remain at home and arrange for their medical care on a private basis. Faith Home, in cooperation with the Tacoma Public Schools, offered this opportunity to continue with education and also made available to every day student counseling service by a social worker.

By the end of the school year, fifty-two day students had been enrolled in this program. These girls ranged from one seventh grader to ten senior in high school. The largest number to attend were high school juniors. Twenty-five of the fifty-two girls were in this grade.

An enriched program was offered to day students as well as to residents. Art and sewing were taught by competent volunteers. Work placements were arranged for six girls through the Community Lab program of the schools. A class in foods was made possible by the use of a downtown school facility and transportation by school bus. Swimming at the YWCA was continued for all interested girls.

In examining the planning done by these day students, it was found that approximately two-thirds were keeping their babies and one-third were relinquishing the child for adoption. For those girls relinquishing, the services of the various adoption agencies were used just as has always been true for resident girls.

The residence program continued along with the day program. One hundred and seventeen girls received this kind of care with the majority of them, one hundred and nine, coming from the state of Washington. There were ninety deliveries during the year and eighty-one babies were relinquished for adoptive placement.

There continues to be need for service to the girl who is pregnant out of wedlock and Faith Home is pleased that at this point in time two options can be offered: school and counseling on an out-patient basis, or residential care. This has meant, of course, that there is the need for increased financial support. It costs to have fifty-two additional girls eating lunch, using supplies, helping to wear out furniture. We feel, however, that this support will be forthcoming as individuals within the church are aware of the use that is being made of Faith Home, and that we are changing our function as the time in which we live dictates.

The Board and staff of Faith Home wish to thank the Diocesan Council for the continued support it has given so generously. Without this kind of help, it would be more difficult to offer care to all girls who come.
